Raleigh And The British Bicycle Industry:

Raleigh and the British Bicycle Industry Roger Lloyd-Jones, M. J. Lewis, 2017-07-05 In addition to the story of Raleigh the business activities of other leading bicycle firms such as Rudge Whitworth Hercules BSA J A Phillips and BCC the bicycle division of Tube Investments are examined to inform our understanding of the business evolution of the industry Jacket

Raleigh and the British Bicycle Industry Roger Lloyd-Jones, Myrddin John Lewis, 2000 This book is the first comprehensive history of the development of the British bicycle industry from the perspective of business and economic history Focusing on themes such as entrepreneurship personal capitalism and organisational technological and cultural change the shifting fortunes of the industry are traced through the business history of one of its leading firms Raleigh The history of the company is then set within the context of more general trends in the industry's evolution over three chronological periods 1870 to 1914 1914 to 1939 and 1939 to 1960 In addition to the story of Raleigh the business activities of other leading bicycle firms such as Rudge Whitworth Hercules BSA J A Phillips and BCC the bicycle division of Tube Investments are examined to inform our understanding of the business evolution of the industry The book demonstrates that the British bicycle industry was both tenacious and dynamic typified by the personal leadership of entrepreneurs such as Frank and Harold Bowden at Raleigh Provided by publisher Alfred Herbert Ltd and the British Machine Tool Industry, 1887-1983 Roger Lloyd-Jones, M. J. Lewis, 2017-09-29 At the beginning of the twentieth century Britain was amongst the world leaders in the production of machine tools yet by the 1980s the industry was in terminal decline Focusing on the example of Britain's largest machine tool maker Alfred Herbert Ltd of Coventry this study charts the wider fortunes of this vital part of the manufacturing sector Taking a chronological approach the book explores how during the late nineteenth century the industry developed a reputation for excellence throughout the world before the challenges of two world wars necessitated drastic changes and reorganisations Despite meeting these challenges and emerging with confidence into the post war market place the British machine tool industry never regained its pre eminent position and increasingly lost ground to foreign competition By using the example of Alfred Herbert Ltd to illuminate the broader economic and business history of the British machine tool industry this study not only provides a valuable insight into British manufacturing but also contributes to the ongoing debates surrounding Britain's alleged decline as a manufacturing nation *Framing Production* Paul Rosen, 2002 A study of technological sociological and cultural changes in the British bicycle industry from the 1870s to the present *The Moulton Bicycle* Bruce D. Epperson, 2018-05-31 In 1963 British inventor Alex Moulton 1920 2012 introduced an innovative compact bicycle Architectural Review editor Reyner Banham 1922 1988 predicted it would give rise to a new class of cyclists young urbanites riding by choice not necessity Forced to sell his firm in 1967 Moulton returned in the 1980s with an even more radical model the AM his acclaim among technology and design historians owed much to Banham's writings The AM's price tag some models cost many thousands of dollars has inspired tech savvy cyclists to create

hot rod compact bikes from Moulton inspired shopper cycles of the 1970s a trend also foreseen by Banham who considered hot rod culture the folk art of the mechanical era The author traces the intertwined lives of two unusually creative men who had an extraordinary impact on each others careers despite having met only a few times

Cycling and the British Neil Carter,2022-12-10 Cycling is currently enjoying a boom in popularity What are the reasons behind this phenomenon How have perceptions and the popularity of cycling shifted This book charts the historical development of cycling both as a leisure and sporting activity since the 19th century and explores the wider political and cultural context in which cycling in Britain emerged In particular it examines cycling s relationship with environmental politics and its place in popular culture Neil Carter successfully traverses several historical sub disciplines including the history of transport leisure sport medicine and politics employing the analytical tools of class gender political culture the role of the state and commercialism to demonstrate how British identity has shaped and been shaped by cycling At a time when it has become part of debates over transport and health *Cycling and the British A Modern History* provides a timely and clear analysis of the changes and continuities in attitudes towards cycling

The Emergence of Bicycling and Automobility in Britain Craig Horner,2021-01-28 In the late 19th century bicyling and motoring offered new ways for a hardy minority to travel Escaping from the tyranny of the train timetables these entrepreneurs were able to promote private mobility when the road technology and infrastructure were unequal to the task With a moribund network out of town poor roadside accommodation and few services how could road traction persist and ultimately thrive Drawing on a wealth of primary sources including magazines newspapers and advice books on stable management this book explores the emergence and development of bicycling and automobility in Britain with a focus on the racing driver cum entrepreneur SF Edge 1868 1940 and his network Craig Horner considers the motivations prejudices and cultures of those who promoted and consumed road traction providing new insights into social class leisure sport and tourism in Britain In addition he places early British bicycling and automobility in an international context providing fruitful comparisons with the movements in France Germany and the United States *The Emergence of Bicycling and Automobility in Britain* is an excellent resource for scholars and students interested in mobility studies social and cultural history and the history of technology

Reader's Guide to British History David Loades,2020-12-17 The Reader sGuide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

Arms and the State Marshall J. Bastable,2017-05-15 *Arms and the State* is a history of Britain s first and foremost modern armaments company the Armstrong Whitworth Company from its origins in 1854 to 1914 It focuses on the role of Sir William G Armstrong an engineer and entrepreneur who transformed his modest

mechanical engineering business into a vast industrial enterprise which invented developed manufactured and sold heavy guns and warships throughout the world Arms and the State reconstructs the global arms trade as it follows Armstrong's companies selling the latest weapons to both sides in the American Civil War Egypt Turkey and Italy in the 1860s to China Chile and Japan in the 1870s and 1880s and became Britain's leading armaments company in the age of the naval arms races that preceded the First World War In so doing it discusses varied topics such as the social and political nature of technological innovation the quality of Britain's late Victorian entrepreneurs and the impact of armaments on British politics defence policies the international arms trade and imperialism Arms and the State situates the history of the company in its technological political and international contexts with particular attention given to the role of British Parliamentary politics and the inner workings of the War Office and Admiralty bureaucracies The central narrative is Armstrong's role in the militarization of technology in the 1850s the commercialization of the armaments trade on a global scale in the 1860s and 1870s and the emergence of the British military industrial state in the 1880s and 1890s Arms and the State provides a history of the people the technology and the business of the Arms trade It is a fascinating story of the domestic politics the foreign policy and strategic calculations the manipulation of the press and the bureaucratic intrigues that lay behind the invention production and proliferation of the first weapons of mass destruction

Personal Capitalism and Corporate Governance
Myrddin John Lewis, Roger Lloyd-Jones, Mark David Matthews, 2016-05-13 This book is specifically aimed at addressing a gap in the study of the evolution of corporate governance in Britain In particular its key theme the relationship between corporate governance and personal capitalism in British manufacturing in the first half of the twentieth century provides the means for a systematic and critical examination of the dominant Chandlerian paradigm that the long running persistence of personal capitalism shaped the governance of British manufacturing firms well into the twentieth century and acted to erode their competitive performance The book helps to identify those aspects of corporate governance that have undergone change with some critical observations on the magnitude of change and those aspects which have displayed characteristics of continuity The empirical spine of this book is set out in a series of case studies which provide the basis for the examination of corporate governance in Britain during the period c 1900 to 1950 By focusing particularly on the responses of a range of businesses to the turbulent environment of the inter war years this volume offers an insight into a much neglected yet vital area of business and economic history
