

Ranking of U.S. presidents by historians during the C-SPAN Presidential Historians Survey 2021

Rating The Presidents Every Chief Executive Ranked In Order Of Influence

United States. Congress

Rating The Presidents Every Chief Executive Ranked In Order Of Influence:

The Uses and Abuses of Presidential Ratings Meenekshi Bose, 2003 Debates about the uses of presidential ratings raise important questions about the accuracy of grouping leaders into single categories. Categories serve to identify some common features within a group but they also mask important differences which may distinguish a person significantly from others in the same category. The small number of presidents may make the value of subdividing them minimal especially given the range of qualities by which we evaluate presidential leadership. Depending on the criteria used a president may move sharply up or down in the survey. Presidents such as Richard Nixon and Bill Clinton both of whom faced scandals in their administrations but also had notable policy achievements are good examples. Yet rating presidents continues to be a favourite pastime of scholars and journalists and new surveys always spark heated discussion about why the rankings of certain presidents have changed from previous surveys. This new and timely volume summarises the debates and assesses the uses of presidential ratings in light of those discussions. While presidential ratings surveys do generalise presidential performance and cannot capture all of a president's qualities. *Presidential-Congressional Relations* Steven A. Shull, 2000 Examines how presidents and Congress work together. **U.S. Army War College Guide to National Security Policy and Strategy** J. Boone Bartholomees, 2001 **Review of Report of the Commission on Money and Credit** United States. Congress. Joint Economic Committee, 1961 Considers Commission on Money and Credit report on Federal monetary policy development and coordination. **Environmental Politics and Policy** Brent Steel, Richard L. Clinton, Nicholas P. Lovrich, 2003 This exciting new text for the Environmental Politics and Policy course does not just look at this subject from a U.S. perspective but an international one expanding upon and reflecting the globalization of this important area of study. Using the comparative approach students will learn about environmental issues but not without a larger context. Included in the comparative examination are post industrial countries, developing countries, post Communist countries and of course the U.S. In addition chapters on science, what science is and how it fits into the political context, international law and emerging issues such as women and the environment make this a strong and exciting text. **Congress and Its Members** Roger H. Davidson, Walter J. Oleszek, Frances E. Lee, Eric Schickler, James M. Curry, 2023-09-05 Congress and Its Members has been the gold standard for Congress courses for thirty years. Now in its 19th edition the book offers comprehensive coverage of the U.S. Congress and the legislative process by examining the tension between Congress as a lawmaking institution and as a collection of politicians constantly seeking re-election. The 19th edition covers the outcomes of the 2022 election and subsequent changes in congressional organization and leadership including the protracted battle for the House speakership. The book's election coverage details regional shifts in party strength, voting behavior, the use of digital media in congressional elections and state level efforts to expand and restrict voting access. Up to date information on the diversity of the new Congress in terms of race, ethnicity, gender and professional background is provided. The politics and outcomes of the 2022 primary elections are

covered as well Always balancing great scholarship with currency the book features lively case material along with relevant data charts maps and photos **The American Monthly Review of Reviews** ,1903 **Congressional Record** United States. Congress,1993 Rankings and the Reshaping of Higher Education Ellen Hazelkorn,2015-03-23 University rankings have gained popularity around the world and are now a significant factor shaping reputation This second edition updates Ellen Hazelkorn s first comprehensive study of rankings from a global perspective drawing in new original research and extensive analysis It is essential reading for policymakers managers and scholars **U.S. Army War College Guide to National Security Issues: National security policy and strategy** J. Boone Bartholomees,2008 The U S Army War College Guide USAWC to National Security Issues is the latest edition of the U S Army War College Guide to National Security Policy and Strategy which the college has published sporadically under different titles since 2001 This edition of the Guide is in two volumes that correspond roughly to the two core courses that the Department of National Security and Strategy DNSS teaches Theory of War and Strategy and National Security Policy and Strategy Page vii
