Rational Choice Theories Of Religion

**Peter Antes, Armin W. Geertz, Randi
Ruth Warne**

Rational Choice Theories Of Religion:

Choice and Religion Steve Bruce, 1999 The orthodox view is that the democracies of the western world have become increasingly secular over the twentieth century Fewer and fewer people have chosen to believe and the church has declined markedly as religion has changed from being part of an identity ascribed at birth to being a matter of personal choice Choice and Religion provides a detailed critique of the rational choice approach to religion to demonstrate that industrialisation has secularised the western world and that diversity far from making religion more popular by allowing individuals to maximize their returns undermines it The claim that diversity and competition promote religion is refuted with evidence from a wide variety of western societies Bruce examines the Nordic countries and the ex communist states of eastern Europe to explore the consequences of different sorts of state regulation and to show that ethnicity is a more powerful determinant of religious change than market structures Where religion matters it is not because individuals are maximising their returns it is because it defines group identity and is heavily implicated in social conflict Rational Choice Theory and Religion Lawrence A.

Young, 2016-04-29 Rational Choice Theory and Religion considers one of the major developments in the social scientific paradigms that promises to foster a greater theoretical unity among the disciplines of sociology political science economics and psychology Applying the theory of rational choice the theory that each individual will make her choice to maximize gain and minimize cost to the study of religion Lawrence Young has brought together a group of internationally renowned scholars to examine this important development within the field of religion for the first time **Marx, Critical Theory, and Religion**, 2006-08-01 The Sociology of Religion has had several frameworks guiding its analysis including functionalism interpretive sociology phenomenology symbolic interactionism and now rational choice theory Marxism has tended to ignore religion assuming it is something that would eventually disappear even though it retained theological elements This collection of essays brings together a group of scholars who use frameworks provided by Marx and Critical Theory in analyzing religion Its goal is to establish a critical theory of religion within the sociology of religion as an alternative to rational choice In doing so it engages in a critique of the positivism uncritical praise of the market neoconservatism and one dimensional conception of rationality of the rational choice theory of religion Religion and Rational Choice Shivesh Chandra Thakur, 1981 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com

Contemporary Theories of Religion Michael Stausberg, 2009-06-19 Interest in theories of religion has never been greater Scholars debate single theoretical approaches in different scholarly journals while the new atheists such as Richard Dawkins and Daniel Dennett criticize the whole idea of religion For everyone eager to understand the current state of the field Contemporary Theories of Religion surveys the neglected landscape in its totality Michael Stausberg brings together leading scholars of the field to review and discuss seventeen contemporary theories of religion As well as scholars of religion it features anthropologists archaeologists classicists evolutionary biologists philosophers and sociologists Each chapter

provides students with background information on the theoretician a presentation of the theory's basic principles an analysis of basic assumptions and a review of previous critiques Concluding with a section entitled Back and Forth Stausberg compares the different theories and points to further avenues of discussion for the future *The Oxford Handbook of the Sociology of Religion* Peter Clarke, 2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline *Interpreting Charles Taylor's Social Theory on Religion and Secularization* Germán McKenzie, 2016-11-22 This book examines Taylorean social theory its sources main characteristics and impact Charles Taylor's meta narrative of secularization in the West prominently contained in his major work *A Secular Age* 2007 has brought new insight on the social and cultural factors that intervened in such process the role of human agency and particularly on the contemporary conditions of belief in North America and Europe This study discusses what Taylor's approach has brought to the scholarly debate on Western secularization which has been carried on mostly in sociological terms McKenzie interprets Taylor's views in a way that offers an original social theory Such interpretation is possible with the help of sociologist Margaret Archer's morphogenetic theory and by making the most of Taylor's particular understanding of the method of the social sciences and of his philosophical views on human beings knowledge and modernity After exploring the philosophical and sociological sources informing Taylorean social theory and proposing its basic concepts and hermeneutic guidelines the author compares it with two widespread theories of secularization the now waning orthodox account and that proposed by Rational Choice Theory scholars particularly prevalent in the United States In doing so the book shows in which ways Taylorean social theory supersedes them what new issues it brings into the scholarly discussion and what difficulties might limit its future development *The Handbook of Rational Choice Social Research* Rafael Wittek, Tom A.B. Snijders, Victor Nee, 2013-06-05 The Handbook of Rational Choice Social Research offers the first comprehensive overview of how the rational choice paradigm can inform empirical research within

the social sciences This landmark collection highlights successful empirical applications across a broad array of disciplines including sociology political science economics history and psychology Taking on issues ranging from financial markets and terrorism to immigration race relations and emotions and a huge variety of other phenomena rational choice proves a useful tool for theory driven social research Each chapter uses a rational choice framework to elaborate on testable hypotheses and then apply this to empirical research including experimental research survey studies ethnographies and historical investigations Useful to students and scholars across the social sciences this handbook will reinvigorate discussions about the utility and versatility of the rational choice approach its key assumptions and tools

Collectivistic Religions Slavica Jakelic, 2016-05-23 Collectivistic Religions draws upon empirical studies of Christianity in Europe to address questions of religion and collective identity religion and nationalism religion and public life and religion and conflict It moves beyond the attempts to tackle such questions in terms of choice and religious nationalism by introducing the notion of collectivistic religions to contemporary debates surrounding public religions Using a comparison of several case studies this book challenges the modernist bias in understanding of collectivistic religions as reducible to national identities A significant contribution to both the study of religious change in contemporary Europe and the theoretical debates that surround religion and secularization it will be of key interest to scholars across a range of disciplines including sociology political science religious studies and geography

Academic Study of Religions in a Cognitive, Anthropological and Sociological Perspective Tomáš Bubík, Jakub Havlíček, Silvie Kotherová, Dušan Lužný, Rudolf Havelka, 2021 The book deals with current issues of the study of religion as an academic discipline especially cognitive anthropological and sociological research of religious thought and behaviour Publikace pojednává o aktuálním problému mechanismů religionistiky jako akademické disciplíny zejména o kognitivním antropologickém a sociologickém výzkumu náboženského myšlení a chování

Encyclopedia of Christianity in the United States George Thomas Kurian, Mark A. Lamport, 2016-11-10 From the Founding Fathers through the present Christianity has exercised powerful influence in the United States from its role in shaping politics and social institutions to its hand in inspiring art and culture The Encyclopedia of Christianity in the United States outlines the myriad roles Christianity has played and continues to play This masterful five volume reference work includes biographies of major figures in the Christian church in the United States influential religious documents and Supreme Court decisions and information on theology and theologians denominations faith based organizations immigration art from decorative arts and film to music and literature evangelism and crusades the significant role of women racial issues civil religion and more The first volume opens with introductory essays that provide snapshots of Christianity in the U S from pre colonial times to the present as well as a statistical profile and a timeline of key dates and events Entries are organized from A to Z The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world as well as a select yet comprehensive bibliography Appendices help readers locate entries by thematic section and author and a

comprehensive index further aids navigation **Religion and Everyday Life** Stephen Hunt,2013-01-11 This introductory text explores the historical and contemporary relevance of religion to social life through an examination of practice and belief Author Hunt reconsiders how theories and concepts are lived at the level of selfhood and cultural identity through religious and spiritual belief At the same time he looks at contemporary changes in religious life and how these are impacted by socialization institutional belonging and belief and at the significance of class gender age and ethnicity Individual chapters cover a range of issues such as religion identity and community secularization and pluralism traditional Christianity change and continuity globalization and the global context religion and ethnicity The text challenges much current sociological thought and deals with contemporary Christianity a range of world faiths and new and developing expressions of religion and spirituality With tables and diagrams to illustrate key points and trends it provides an accessible and captivating introduction to the sociology of religion **Middle Class Pentecostalism in Argentina** Jens Köhrsen,2016-04-08 In Middle Class Pentecostalism in Argentina Inappropriate Spirits Jens Köhrsen offers an intriguing account of how the middle class relates to Latin America's most vibrant religious movement Based on pervasive field research this study suggests that Pentecostalism stands in tension with the social imaginary of the middle class and is perceived as an inappropriate lower class practice As such middle class Pentecostals negotiate the appropriateness of their religious belonging by demonstrating distinctive tastes and styles of Pentecostalism Abstaining from the expressiveness emotionality and strong spiritual practice that have marked the movement they create a milder and socially more acceptable form of Pentecostalism Increasingly turning into a middle class movement this style has the potential to embody the future shape of Pentecostalism Church, Market, and Media Marcus Moberg,2017-07-13 Marcus Moberg offers a new model of religion and religious life in the post war era through focusing on the role of markets and media as vectors of contemporary social and cultural change and therefore institutional religious change While there is wide agreement among sociologists of religion that there this area is transforming on a global scale there is less agreement about how these changes should best be approached and conceptualized In a time of accelerating institutional religious decline institutional Churches have become ever more susceptible to market associated discourse and language and are ever more compelled to adapt to the demands of the present day media environment Using discourse analysis Marcus Moberg tracks how new media and marketing language and concepts have entered Christian thinking and discourse Church Market and Media develops a framework that approaches changes in the contemporary religious field in direct relation to the changing socioeconomic makeup of contemporary societies on the whole Through focusing on the impact of markets and media within the contemporary religious setting of mainline institutional Christian churches in the Western world the book outlines new avenues for further theorizing the study of religious change New Approaches to the Study of Religion Peter Antes,Armin W. Geertz,Randi Ruth Warne,2004 Paradigms, Poetics, and Politics of Conversion Jan N. Bremmer,Wout Jac. van Bakkum,Arie L. Molendijk,2006 In the terms of Durheimian sociology

conversion is a fait social Although they are rarely treated as a cultural phenomenon conversions can obviously be examined for the norms values and presuppositions of the cultures in which they take place Thus conversion can help us to shed light on a particular culture At the same time the term evokes a dramatic appeal that suggests a kind of suddenness although in most cases conversion implies a more gradual process of establishing and defining a new religious identity From 21-24 May 2003 the University of Groningen hosted an international conference on Cultures of Conversion The contributions have been edited in two volumes which pay special attention to the modes of language and idiom in conversion literature the meaning and sense of religious ideological discourse the variety of rhetorical tropes and the effects of the conversion narrative with allusions to religious or political conventions and idealizations The present volume contains theoretical contributions on the theory of conversion with special attention to the rational choice theory and on the history of research into conversion It also offers stimulating case studies ranging from the late Middle Ages to present times and taken from Germany Great Britain and The Netherlands The other volume Cultures of Conversion offers in depth studies of conversion that are mainly taken from the history of India Islam and Judaism ranging from the Byzantine period to the new Muslimas of the West

Critiquing the Rational Choice Theory of Religion John Churchill, University of the West of England, 2006

Religious Evolution and the Axial Age Stephen K. Sanderson, 2018-01-25 Religious Evolution and the Axial Age describes and explains the evolution of religion over the past ten millennia It shows that an overall evolutionary sequence can be observed running from the spirit and shaman dominated religions of small scale societies to the archaic religions of the ancient civilizations and then to the salvation religions of the Axial Age Stephen K Sanderson draws on ideas from new cognitive and evolutionary psychological theories as well as comparative religion anthropology history and sociology He argues that religion is a biological adaptation that evolved in order to solve a number of human problems especially those concerned with existential anxiety and ontological insecurity Much of the focus of the book is on the Axial Age the period in the second half of the first millennium BCE that marked the greatest religious transformation in world history The book demonstrates that as a result of massive increases in the scale and scope of war and large scale urbanization the problems of existential anxiety and ontological insecurity became particularly acute These changes evoked new religious needs especially for salvation and release from suffering As a result entirely new religions Zoroastrianism Judaism Christianity Hinduism Buddhism Confucianism and Daoism arose to help people cope with the demands of the new historical era

The Parting of the Ways Stephen Spence, 2004 This book seeks to inject into the general discussion of the Parting of the Ways of Judaism and Christianity the social realities of the separation of a particular Christian community and a particular Jewish community By drawing upon the literary and the historical data available concerning the church in Rome Spence seeks to discover when and how Christians came to see themselves as an identifiably distinct community His findings will surprise those who see the Parting of the Ways as a slow process He argues that although the parting was early it was not without its complications Drawing upon the work

of Rodney Stark a sociologist of religion Spence suggests that within the church in Rome there was a struggle between those who saw the church as a Jewish sect and those who saw the church as a Roman cult a struggle already underway when the Apostle Paul wrote Romans This struggle however was not an even one because it was the cultists those for whom the church's primary social location was the pagans of Rome who held the positions of power over the numerically smaller sectarians who sought to maintain the church's primary identity as a Jewish sect acceptable within the synagogues of Rome Religion Today Ross Aden, 2012-10-05 Religion Today introduces students to key concepts in religious studies through a compelling problem solving framework Each chapter opens with a contemporary case study that helps students engage in current religious issues explore possible solutions to difficult religious problems today and learn key themes and concepts in religious studies To enhance student learning a free Student Study Guide is available for download from Rowman Littlefield The Study Guide features chapter summaries definition quizzes for students to test themselves on key terms and possible learning activities

Rational Choice Theories Of Religion Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Rational Choice Theories Of Religion free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Rational Choice Theories Of Religion free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Rational Choice Theories Of Religion free PDF files is

convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Rational Choice Theories Of Religion. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Rational Choice Theories Of Religion any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Rational Choice Theories Of Religion Books

What is a Rational Choice Theories Of Religion PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rational Choice Theories Of Religion PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rational Choice Theories Of Religion PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rational Choice Theories Of Religion PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rational Choice Theories Of Religion PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes,

most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
