Same Great Struggle:

This Great Struggle Steven E. Woodworth, 2011-04-16 Referring to the war that was raging across parts of the American landscape Abraham Lincoln told Congress in 1862 We shall nobly save or meanly lose the last best hope on earth Lincoln recognized what was at stake in the American Civil War not only freedom for 3 5 million slaves but also survival of self government in the last place on earth where it could have the opportunity of developing freely Noted historian Steven E Woodworth tells the story of what many regard as the defining event in United States history While covering all theaters of war he emphasizes the importance of action in the region between the Appalachians and the Mississippi River in determining its outcome Woodworth argues that the Civil War had a distinct purpose that was understood by most of its participants it was primarily a conflict over the issue of slavery The soldiers who filled the ranks of the armies on both sides knew what they were fighting for The outcome of the war after its beginnings at Fort Sumter to the Confederate surrender four years later was the result of the actions and decisions made by those soldiers and millions of other Americans Written in clear and compelling fashion This Great Struggle is their story and ours

The Same Great Struggle Andrea Constantine Hawkes, 2003 With the story of one American family the Vickerys of Unity Maine Andrea Hawkes tells the history of our country and explores the power of connections beginning with the first generation of Vickerys from England who founded Massachusetts Bay Colony in 1634 then following the fifth generation to the District of Maine just before the American Revolution as they extended the family network from Cape Elizabeth east to Calais and north to Unity where succeeding generations thrived for the next two hundred years

David Ben-Gurion and the American Alignment for a Jewish State Allon Gal, 1991 This book traces the evolution of the demand for a Jewish state into a central and specific aim of Zionist policy and the interrelated process by which Ben Gurion became increasingly oriented toward the United States and American Jewry at the expense of Zionism's historical connection with Great Britain Based on new documentary evidence Allon Gal's study charts Ben Gurion's ascent from the leadership of the Yishuv the Jewish community in Palestine to prominence in world Zionist and international diplomacy

Intentions George Payne Rainsford James,2020-09-28 One of the finest characters in the world was the old English merchant We may and have improved upon many things but not upon that A different spirit reigns in commerce from that which ruled it long ago and not a better one We are more the shopkeeper as a celebrated but not a great man called us and less the merchant As a people our commerce is more extended but the separate transactions are smaller and minute dealings almost always produce paltry minds Not at all do I mean to say that the old English merchant is without his representatives but they are fewer than in other times both with reference to our numbers and to our extended trade There are many still however whose notions are as vast and as just as those of any of our ancestors and amongst them not very long ago was a gentleman of the name of Humphrey Scriven He was a highly educated and naturally gifted man the son of wealthy and respectable parents in a class of society peculiar to England the untitled country gentry and he had been originally intended for the church Circumstances however are to most men fate He became acquainted by some mere accident with the only daughter of a rich merchant admired loved her and won her love in return He was a younger son but nevertheless her father was a kind and liberal man and he consented to their marriage upon one condition that Mr Scriven should abandon his intention of entering the church and become a merchant like himself He fancied that he had perceived in the young man a peculiar aptitude for business and he was not mistaken Mr Scriven became his son in law his partner and his successor and well did he bear up the name and honour of the house It was a fine thing to see him some twenty years after his marriage when with the business of the day over he sat in his splendid house in St James s Square surrounded by his family and often associated with the noblest and the proudest of the land His wife was no longer living but she had left him four very handsome children She had herself been remarkably beautiful and her husband was as fine a looking man as eye could see tall graceful vigorous and possessing that air of dignity which springs from dignity of mind From the moment that five o clock struck Mr Scriven cast off all thought and care of business for though there were of course with him as with other men engaged in similar pursuits fluctuations and changes bad speculations failing debtors and wrecked ships still his transactions were too extensive for the loss of a few thousand pounds here or there to weigh upon his mind and being of a cheerful and happy disposition he spread sunshine through his dwelling **Shoulder-Straps** Henry Morford,2020-08-15 Reproduction of
