## **Same Sex Domestic Violence Strategies For Change:**

*Same-Sex Domestic Violence* Sandra Lundy, Beth Leventhal, 1999-08-24 While a great deal has been written about domestic violence almost all of it focuses on the violence of men against their current or former wives or girlfriends Yet studies have shown that partner abuse is common and as severe among same sex couples as among heterosexual couples After years of willful or negligent silence the gay lesbian bisexual communities the battered women s communities academicians and even portions of the general public are beginning to realize that same sex domestic violence is a serious social and public health issue Unfortunately the social worker lawyer mental health professional police officer teacher or lay person who seeks to assist victims of same sex domestic violence quickly discovers the dearth of written resource material available There are very few books and only a smattering of articles that focus on same sex domestic violence Most of these works deal either with lesbian or gay male abuse but not both at once Moreover most of these works are devoted to explaining the fact of same sex domestic violence rather than discussing strategies for addressing it on both the individual and societal level This book examines a broad range of issues that confront victims of same sex domestic violence whether women or men and those who offer them services The goal is to provide a comprehensive resource book consisting of chapters by prominent professionals and activists on topics of practical concern to people who work with victims of same sex partner abuse Topics such as HIV and same sex domestic violence establishing safe home networks for battered gay men courtroom advocacy coalition building and sexual and dating violence prevention In each chapter authors are sensitive and responsive to multicultural issues and to broad issues of social oppression and avoid one size fits all assumptions and conclusions

**Handbook of Domestic Violence Intervention Strategies** Albert R. Roberts, 2002 Public awareness regarding the life threatening nature and intense traumatic impact of domestic violence has substantially increased in the past decade At the same time dramatic changes have taken place regarding criminal justice and social work policies and practices applied to domestic violence intervention And while the prevalence of domestic violence has declined slightly national estimates still indicate that every year approximately eight million women are abused battered stalked or killed by their husbands boyfriends and other intimate partners Featuring cutting edge research and expert intervention strategies the Handbook of Domestic Violence Intervention Strategies Policies Programs and Legal Remedies is designed to prepare professionals to swiftly and compassionately meet the multiple needs of women and children who have suffered from domestic violence This original and indispensable volume focuses on the numerous advances in legal remedies program developments treatment protocols and multidisciplinary perspectives It is a comprehensive guide to the latest research public policies and legal and criminal justice responses covering federal and state legislation as well as trends in police and court responses to domestic violence This is the first book to include court based technology developments and new research related to the duration and intensity of woman battering Highlighting actual cases and promising programs the handbook

also addresses important social work issues including risk assessment protocols a new five level continuum of woman battering intervention methods and treatment models The book also examines the myriad legal issues and health problems facing the most neglected and vulnerable battered women Written by expert practitioners and leading scholars in the field the book s 23 chapters provide rich insights into the complexities and challenges of addressing domestic violence This timely and definitive handbook is recommended for students clinicians policy makers and researchers in the fields of social work victim services criminal justice hospital administration mental health counseling public health pastoral counseling law enforcement In fact this volume is a critical resource for all helping professionals who are assisting abused women in escaping and remaining free from violent relationships     Encyclopedia of Domestic Violence Nicky Ali Jackson,2007 Aims to provide information on a variety of traditional and breakthrough issues in the complex phenomenon of domestic violence

**Family Violence** David M. Lawson,2015-01-14 Counselors in training educators and clinicians will benefit greatly from this in depth and thought provoking look at family violence its effects and treatment options This book examines the major issues and current controversies in the field provides background information on each type of family violence and offers strategies for combating domestic abuse In an informative discussion designed to enhance counselors ability to assess and treat each type of family violence Dr Lawson covers both well recognized forms of maltreatment such as the abuse of women and children and less understood issues such as female on male intimacy violence parent and elder abuse same sex violence and dating violence and stalking Case studies throughout the text illustrate clinical applications in action and recommended readings are provided for further study Requests for digital versions from ACA can be found on www wiley com To purchase print copies please visit the ACA website here Reproduction requests for material from books published by ACA should be directed to publications counseling org     **Taking Back Our Lives** Ann Russo,2002-06-01 In this groundbreaking book outspoken feminist Ann Russo offers a call to action to the feminist movement to truly become the inclusive progressive and supportive group that it claims to be Russo challenges feminists to address lesbian battering the social implications of lesbian pornography as well as racism and white privilege in feminist theories and politics Herself a survivor of sexual assault Russo argues that if we want the violence against women to end we must address the issues with honesty and clarity This is an eye opening unflinching look at the women s movement and the violence done to women every day     **No More Secrets** Janice Ristock,2012-09-10 Violence is a male biological trait When women fight no one gets seriously hurt Lesbians don t abuse their spouses The truth revealed in Janice Ristock s groundbreaking book is that lesbian relationships sometimes do turn violent Based on interviews with more than one hundred lesbians who have suffered abuse and seventy five case workers No More Secrets is the first in depth account of this startling phenomenon Although one in four gay and lesbian couples are affected by domestic violence the problem has remained hidden for several reasons By giving voice to the victims Ristock helps women to address violence by breaking silences sharing secrets and naming the forms of abuse     *Queering*

*Criminology* Matthew Ball, Thomas Crofts, Angela Dwyer, 2016-01-26 Queer criminological work is at the forefront of critical academic criminology responding to the exclusion of queer communities from criminology and the injustices that they experience through the criminal justice system This volume draws together both theoretical and empirical contributions that develop the growing scholarship being produced at the intersection of queer and criminology Reflecting the diversity of research that is undertaken at this intersection the contributions to this volume offer a deeper theoretical and conceptual development of this field alongside empirical research that illustrates the continued relevance and urgency of such scholarship The contributions consider what it means to be queering criminology in the current political social and criminological climate and chart directions along which this field might develop in order to ensure that greater social and criminal justice for LGBTIQ communities is achieved

*Cruel but Not Unusual* Ramona Alaggia, Cathy Vine, 2013-05-21 Violence in families and intimate relationships affects a significant proportion of the population from very young children to the elderly with far reaching and often devastating consequences Cruel but Not Unusual draws on the expertise of scholars and practitioners to present readers with the latest research and thinking about the history conditions and impact of violence in these contexts For this new edition chapters have been updated to reflect changes in data and legislation New chapters include an examination of trauma from a neurobiological perspective a critical analysis of the gender symmetry debate a debate that questions the gendered nature of intimate violence and an essay on the history and evolution of the women's movement dedicated to addressing violence against women which advances theoretical developments that remind readers of the breadth of inclusivity that should be at the heart of working in this field

*Encyclopedia of Domestic Violence* Nicky Ali Jackson, 2007-12-11 The Encyclopedia of Domestic Violence is a modern reference from the leading international scholars in domestic violence research The first ever publication of an encyclopedia of domestic violence the principal aim of this title is to provide information on a variety of traditional and breakthrough issues in this complex phenomenon

*Current Issues in Lesbian, Gay, Bisexual, and Transgender Health* Jay Harcourt, 2013-04-11 Learn what resources are needed for lesser recognized LGBT health issues Most literature that explores LGBT health issues concentrates on HIV AIDS while leaving research studies on other vital issues lacking Current Issues in Lesbian Gay Bisexual and Transgender Health addresses this inadequacy by presenting a broad range of LGBT health issues from an interdisciplinary and mixed method perspective Leading experts present both quantitative and qualitative descriptions of health issues among various population groups focusing on those topics poorly represented in present day literature This book is a strong start to fill in the blanks about unrealized health issues of LGBT individuals and offers insights into the resources needed to address them Methods to assess sexual orientation and gender identity are not normally found in most population based research Because of the diversity within the relatively small LGBT population research has been forced to generalize making it less likely to effectively contribute to quality health issue data for these individuals The research presented in Current Issues in Lesbian Gay Bisexual

and Transgender Health takes particular care to specify how the orientation and sexual identity of study participants was measured. This book carefully mines previously unrevealed health disparities among LGBT populations across a broad spectrum of diseases beyond the standard focus on HIV AIDS. The most current and important studies are presented including rare research on transgender health issues. The chapters are extensively referenced and several include figures and tables to clarify and enhance understanding of the information. The wide range of topics in Current Issues in Lesbian Gay Bisexual and Transgender Health include the inclusion of sexual orientation questions in research studies, comparison of mental health issues between women of different sexual orientations, mental health issues among men of different sexual orientations and HIV status in Australia, the impact of sexual identity distress and social support in GLBT youth, issues transgender youth health issues, female to male FTM transsexuals experiences accessing health care, research on LBT domestic violence survivors, health needs of male to female MTF transgenders of color. Current Issues in Lesbian Gay Bisexual and Transgender Health is crucial thought provoking reading for researchers working in LGBT health, public health professionals working in community health and LGBT health policymakers, advocates, public health and community health faculty and students interested in LGBT health issues.

### **Queer(y)ing Civil Law Responses to Domestic and Family Violence**

Ellen Reeves, 2025-08-22 Queer(y)ing Civil Law Responses to Domestic and Family Violence offers unique in depth insights into the experiences of LGBTQ victim survivors who have engaged with civil protection order systems. Drawing on data from an Australian study following the experiences of LGBTQ victim survivors of domestic and family violence who engaged with Victoria's civil protection order system, this book adopts a feminist queer and trans abolitionist perspective to challenge the assumption that the best response to LGBTQ domestic and family violence is a legal one. Problematising responses that fundamentally require increased investment in policing, courts and prisons despite the risks this poses to marginalised individuals and communities, this book centres queer criminology as a framework through which we can situate and critique the rigid victim perpetrator binaries that are so characteristic of legal responses to violence. This same criminological framework also provides the tools and knowledge needed to envision an alternative community oriented response to harm within and beyond queer communities. In this way the book presents queer criminology not only as a way of understanding LGBTQ experiences but also as a means for analysing the broader shortcomings of a system that more often exacerbates risk of harm than minimises it. Queer(y)ing Civil Law Responses to Domestic and Family Violence will be useful for students and scholars of LGBTQ violence as well as a valuable resource for policy makers, legal and specialist practitioners and advocates considering how best to respond to LGBTQ domestic and family violence.

*Domestic Violence in Diverse Contexts* Sarah Wendt, Lana Zannettino, 2014-09-15 Overwhelmingly it is women who are the victims of domestic violence and this book puts women's experiences of domestic violence at its centre whilst acknowledging their many diverse and complex identities. Concentrating on the various forms of domestic abuse and its occurrence and manifestations within

different contexts it argues that gender is centrally implicated in the unique factors that shape violence across all these areas Individual chapters outline the experiences of Mothers Older women Women with religious affiliations Refugee women Rural women Aboriginal women Women in same sex relationships Women with intellectual disabilities Exploring how domestic violence across varying contexts impacts on different women s experiences and understandings of abuse this innovative work draws on post structural feminist theory and how these ideas view and potentially allow gendered explanations of domestic violence Domestic Violence in Diverse Contexts is suitable for academics and researchers interested in issues around violence and gender     **Intimate Partner Violence in LGBTQ Lives** Janice L. **Structural Violence** Joshua M. Price, 2012-09-17 Challenges the notions that violence against women is synonymous with domestic violence and that violence affects all women equally Structural Violence seeks to redraw the conventional map of violence against women In order to understand violence as a fundamentally heterogeneous phenomenon it is essential to go beyond interpersonal partner violence and analyze the workings of institutional and structural violence Self help books some shelters the courts federal and state legislation empirical studies therapeutic models and even some mainstream feminist polemics presume that all women face the same kind of violence This assumption masks violence that does not conform to the imagined norm such as violence against women who are sex workers lesbians homeless and or undocumented Joshua M Prices exploration of these issues is based on several years of research involving participant observation in domestic violence courts and extensive interviews with activists advocates incarcerated women and women who have faced various forms of violence Both conceptually and methodologically the book challenges narrow notions of violence against women and demonstrates implications for judicial intervention and other forms of public involvement

**LGBTQ+ Intimate Partner Violence** Susan Holt, Amir Ahuja, 2024-07-25 This book explores the unique issues involved in assessing diagnosing intervening and treating intimate partner violence IPV in the LGBTQ population Currently there is little to no instruction regarding this topic in training programs and this volume is the culmination of an effort to remedy this deficit The authors draw upon clinical examples and research from the IPV programs in their own organization as well as external research to provide a comprehensive overview Chapters span topics that include definitions of IPV its history relevant issues within the LGBTQ community the unique facets of LGBTQ IPV and its assessment and diagnosis Case examples indicate how an assessment should be carried out and how to develop appropriate and effective interventions and treatment plans This book will empower clinicians to assess for and treat LGBTQ IPV whenever and wherever they encounter it

**LGBTQ Intimate Partner Violence** Adam M. Messinger, 2020-05-14 Nationally representative studies confirm that LGBTQ individuals are at an elevated risk of experiencing intimate partner violence While many similarities exist between LGBTQ and heterosexual cisgender intimate partner violence research has illuminated a variety of

unique aspects of LGBTQ intimate partner violence regarding the predictors of perpetration the specific forms of abuse experienced barriers to help seeking for victims and policy and intervention needs This is the first book that systematically reviews the literature regarding LGBTQ intimate partner violence draws key lessons for current practice and policy and recommends research areas and enhanced methodologies   **Feminist Counselling** Lynda R.
