San Diego City Slicker:

City Farmer Lorraine Johnson, 2011 City Farmer celebrates the new ways that urban dwellers are getting closer to their food Not only are backyard vegetable plots popping up in places long reserved for lawns but some renegades are even planting their front yards with food People in apartments are filling their balconies with pots of tomatoes beans and basil while others are gazing skyward and greening their rooftops with food plants Still others are colonizing public spaces staking out territory in parks for community gardens and orchards or convincing school boards to turn asphalt school grounds into growing grounds Woven through the book are the stories of guerrilla urban farmers in various cities of North America who are tapping city trees for syrup gleaning fruit from parks foraging for greens in abandoned lots planting heritage vegetables on the boulevard and otherwise placing food production at the centre of the urban community Additional stories describe the history of urban food production in North America revealing the roots of our current hunger for more connection with our food and the visionaries who have directed that hunger into action Throughout the book sidebars offer practical tips for how to compost how to convert a lawn into a vegetable bed and what edible plants are easy to grow with children among other topics San Diego, a Brief History, 1542 to 1888 ,1929

City Slicker's Guide to Country Living Becky Condon, 2017-07-01 Neighbors Persons living in proximity to other persons Everyone has neighbors Neighbors From Hell Neighbors who are not nice Have you ever had Neighbors From Hell Neighbors are an obvious arrangement in cities or towns Good or bad tidy or messy quiet or noisy nice or mean there are all types City slickers moving to the country invoke the image of space and solitude but there will still be neighbors The space between domiciles might be larger but a bad messy or noisome neighbor can still exist Even with a country home s space and larger area there can still be neighbors that won t contain themselves to their own area Once upon a time there was a young family who had a dream of owning land and operating a farm They became land owners and cattle ranchers building their very own dream house on their very own patch of paradise They worked hard to assimilate to this new lifestyle in a new neighborhood It was everything they d hoped for and they were so happy Then they got neighbors They got Neighbors From Hell These bad neighbors were pushy arrogant and mean Their bad attitudes slovenly habits and meanness aside the neighbors would not contain themselves to their own area They encroached They took what was not theirs They forced themselves into the space and lives of our heroes These neighbors meant to build their house on their property next door to our little family The neighbors property had some unfortunate attributes however and it became clear that their property wasn t very conducive to building a home

Astonishingly these neighbors insisted on utilizing portions of property they didn't own to construct their project. There were other solutions to the construction dilemmas these neighbors faced but these answers would have been costly. They wanted to use our little family's land for free. They wanted to steal the property and property rights of our little family. These Neighbors From Hell came on over bringing their messes and problems with them and embroiled our little family in a battle for their rights and their very lives. When our heroes stood firm on their property rights these awful neighbors tried it anyway. When the young couple complained the neighbors lied. When the family sought the help of the authorities they found out the difficulties of fighting city hall when the local power came to the aid and assistance of their county crony even in the face of proven and documented lies. The common refrain used as their excuse for lies and deceit was 'You all aren't from around here are you?' This bigotry and clannish attitude was brought to full force against our little family whose only desire was to be left alone on their own land. When the neighbors couldn't steal the part of the land they were after they tried to take everything. Using their friends in county authority and the local judiciary they brought the fight of our young heroes' lives. Does the young family survive? Can they win against the local establishment and seemingly insurmountable odds? What do you do when your neighbors are the Neighbors From Hell? What do you do when the Neighbors From Hell have friends in high places? What do you do when they threaten your home, your livelihood, and your family? Everyone knows fighting city hall can be a pointless fight rarely won. But what do you do when city hall brings the fight to you? Sometimes you have to stand and fight.

White,2019-05-30 There was a time when no town was too small to field a professional baseball team In 1949 the high point for the minor leagues there were 59 leagues and 464 cities with teams two thirds of them in so called bush leagues classified as C and D Most of the players were strangers outside the towns where they played but some achieved hero status and enthralled local fans as much as the stars in the majors Left on Base in the Bush Leagues Legends Near Greats and Unknowns in the Minors

profiles some of the most fascinating characters from baseball's golden era. It includes the stories of players such as Ron Necciai, the only pitcher in history to strike out 27 batters in a single game; Joe Brovia, one of the most feared hitters to ever play in the Pacific Coast League (PCL) who had to wait 15 years for a shot in the majors; and Pat Stasey, a mellow Irishman who Cubanized minor league baseball in Texas and New Mexico, helping to bring down the walls of segregation. Compelling and timeless, their stories touch on many issues that still affect the sport today. *Left on Base* in the Bush Leagues provides an entertaining glimpse into a time when baseball was a game and the players were regular guys who often held second jobs off the field. Featuring hundreds of personal interviews with the players, their teammates, managers, and opponents, this book creates a colorful tapestry of the minor leagues during the 1950s and 60s.

The Life and Writing of Fray Angélico Chávez Ellen McCracken, 2010-01-16 Winner of the Southwest Book Award from the Border Regional Library Association. As a teenager, Manuel Chávez, 1910-1996, left his native New Mexico for over a decade of study at the St. Francis Seraphic Seminary in Cincinnati, Ohio, and other midwestern institutions. Included in his curriculum was an introduction to literature and the arts that piqued an interest that would follow him the remainder of his life. Upon returning to New Mexico, he was ordained Fray Angélico Chávez and would become one of New Mexico's most important twentieth-century writers. In *The Life and Writing of Fray Angélico Chávez*, Ellen McCracken provides a literary biography that includes a deep look into the intellectual and cultural contributions of this Renaissance man. McCracken moves chronologically through a substantial body of work that includes fiction, poetry, plays, essays, spiritual tracts, sermons, historical writing, translation, painting, church renovation, and journalism. From the prolific creativity of the years of his first assignment in Peña Blanca to the decades he spent researching Hispano genealogy in New Mexico, McCracken traces Chávez's complex and changing identity as an ethnic American and religious subject who was also an historian, artist, creative writer, and preservationist. The year 2010 will mark the centenary of Fray Angélico Chávez's birth, and this volume will serve as a fitting tribute.

Boys' Life, 1976-01 Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.
