Sanctions Beyond Borders A Global Philosophy

Brendan G. Carr

Sanctions Beyond Borders A Global Philosophy:

Global Basic Rights Charles R. Beitz, Robert E. Goodin, 2009-07-23 Global Basic Rights brings together many of the most influential contemporary writers in political philosophy and international relations to explore some of the most challenging theoretical and practical questions provoked by Henry Shue's classic book Basic Rights *The Ethics of Humanitarian Intervention* Jonathan Parry, 2024-12-20 Few topics generate as much controversy and debate as armed humanitarian intervention Military force involves death and destruction as well as interfering in other countries domestic affairs But crucially non intervention is also controversial When confronted with humanitarian crises abroad many feel that outsiders are not only justified in using force to halt the abuses but that they must do so The Ethics of Humanitarian Intervention An Introduction offers a guide to these ethical debates In clear and informative style Jonathan Parry explores the following topics The morality of defending others including the responsibility to protect R2P State sovereignty and self determination as barriers to intervention The possibility of consensual intervention Just causes for intervention what kinds of human rights abuses warrant intervention The effectiveness of intervention does it work in practice Alternatives to intervention including aiding rebels economic sanctions and providing aid Whether there is a duty to intervene Examples of intervention including the former Yugoslavia Iraq Liberia and Libya are used to illustrate the ethical dilemmas in question The arguments of important theorists of intervention such as John Stuart Mill Michael Walzer and Jeff McMahan are also explained clearly and critically Each chapter concludes with questions for discussion and reflection The Ethics of Humanitarian Intervention An Introduction is ideal reading for students and researchers in philosophy applied ethics politics and international relations Chapter 3 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license

Philosophy of Human Rights David Boersema, 2018-04-19 Combining the sustained coherent perspective of an authored text with diverse authoritative primary readings Philosophy of Human Rights provides the context and commentary students need to comprehend challenging rights concepts Clear accessible writing thoughtful consideration of primary source documents and practical everyday examples pertinent to students lives enhance this core textbook for courses on human rights and political philosophy The first part of the book explores theoretical aspects including the nature justification content and scope of rights With an emphasis on contemporary issues and debates the second part applies these theories to practical issues such as political discourse free expression the right to privacy children's rights and victims rights The third part of the book features the crucial documents that are referred to throughout the book including the Universal Declaration of Human Rights the Convention on the Elimination of All Forms of Discrimination Against Women the African Charter on Human Rights and Peoples Rights and many more

Media Ethics Beyond Borders Stephen J.A. Ward, Herman Wasserman, 2010-06-15 Explores the construction of an ethics for news media that is global in reach and impact This title includes the essays that provide

theoretical perspectives on major issues and applies the ideas to specific countries contexts and problems It offers a source of ethical thought and analysis on questions raised by contemporary global media

Promoting Justice Across Borders

Lucia M. Rafanelli,2024-01-11 Global political actors of all kinds exert influence in societies beyond their own in myriad ways including via public criticism consumer boycotts divestment campaigns sanctions and forceful intervention Often they do so in the name of justice promotion These attempts to promote justice in foreign societies raise several moral questions For example are there ways to promote one s own ideas about justice in another society while still treating its members tolerantly Are there ways to do so without disrespecting their legitimate political institutions or undermining their collective self determination This book addresses these and other questions to develop ethical principles we can use to determine whether a proposed attempt to promote justice in a foreign society is morally permissible

The Philosophical Foundations of Extraterritorial Punishment

Alejandro Chehtman,2010-12-09 1 Rights Individuals and States 2 An Interest based Justification for the Right to Punish 3 Extraterritorial Jurisdiction over Municipal Crimes 4 A Theory of International Crimes 5 Extraterritorial Jurisdiction over International Crimes 6 Legitimate Authority and Extraterritorial Punishment 7 Conclusion

Constitutionalism Across Borders in the Struggle Against Terrorism

Federico Fabbrini,Vicki C. Jackson,2016-04-29 This edited collection explores the topic of constitutionalism across borders in the struggle against terrorism analyzing how constitutional rules and principles relevant in the field of counter terrorism move across borders Various chapters underline how constitution like norms consolidate at the level of international and supranational organizations as a limit to the exercise of public power in the field of counter terrorism policy especially counter terrorism financing Other chapters examine the extraterritorial application of constitutional rights and the migration of constitutional norms or anti constitutional practices from one state to another Still others consider how transnational cooperation between states in areas such as intelligence gathering and data sharing may call for updating domestic constitutional law rules or for new international law compacts entrenching rights across borders What emerges is a picture of the complex interplay of constitutional law international law criminal law and the law of war creating webs of norms and regulations that apply in the struggle against terrorism conducted across increasingly porous borders The book will be of particular interest to academics and graduate or postgraduate students working in the fields of constitutional law international law human rights comparative law and national security law It may also be of interest to practitioners concerned with national security counter terrorism and related questions of individual rights

Global Health and Volunteering Beyond Borders

Mildred M.G. Olivier,Clarisse C. Croteau-Chonka,2019-06-28 Global Health and Volunteering A Guide for Healthcare Professionals is designed to educate volunteers to be effective partners in delivering medical services locally and globally Healthcare professionals are increasingly interested in global health and volunteering in areas of acute need The biggest challenge to health in many locales is the inability to access the health care system When people do connect with medical services

medications and surgical opportunities for chronic disease i.e. glaucoma diabetes or hypertension are often not affordable or cannot be sustained for a long period of time The contributions in this book focus on a respectful dialog with local people and a willingness to learn from new experiences on the part of the volunteer Skills transfer from visiting personnel to local providers is featured as a means to enhance healthcare sustainability An appreciation of differing cultures an understanding of the local economic conditions and challenges and strategies for collaborating with the existing medical establishment are foundations of successful volunteer experiences as highlighted in this book Dimensions of global health such as professionalism religious beliefs ethical dilemmas traditional medicine and alternative strategies for service are addressed by experts Written and edited by leaders in the field many of whom have more than two decades of experience volunteering abroad *Global Health and Volunteering A Guide for Healthcare Professionals* imparts lessons learned to help the reader avoid initial mistakes while making the global health commitment stronger *The Alternatives to War* James Pattison, 2018-06-03

If states are not to go to war what should they do instead In *The Alternatives to War* James Pattison considers the case for the alternatives to military action to address mass atrocities and aggression The volume examines the normative issues raised by measures ranging from comprehensive economic sanctions diplomacy and positive incentives to criminal prosecutions nonviolent resistance accepting refugees and arming rebels For instance given the indiscriminateness of many sanctions regimes are sanctions any better than war Should states avoid megaphone diplomacy and adopt more subtle measures What if anything can nonviolent methods such as civilian defence and civilian peacekeeping do in the face of a ruthless opponent Is it a serious concern that positive incentives can appear to reward aggressors Overall Pattison provides a comprehensive account of the ethics of the alternatives to war In doing so he argues that the case for war is weaker and the case for many of the alternatives is stronger than commonly thought The upshot is that when reacting to mass atrocities and aggression states are generally required to pursue the alternatives to war rather than military action The volume concludes that this has significant implications for pacifism just war theory and the responsibility to protect doctrine **Research Handbook on Global Justice and International Economic Law** John Linarelli, 2013-09-30 The fairness of institutions of global economic governance ranks among the most pressing issues of our time *Vigilantes Beyond Borders* Mette Eilstrup-Sangiovanni, J. C. Sharman, 2022-04-05 How and why NGOs are increasingly taking independent and direct action in global law enforcement from human rights to the environment Nongovernmental organizations NGOs have generally served as advocates and service providers leaving enforcement to states Now NGOs are increasingly acting as private police prosecutors and intelligence agencies in enforcing international law NGOs today can be found investigating and gathering evidence suing and prosecuting governments companies and individuals and even catching lawbreakers red handed Examining this trend *Vigilantes beyond Borders* considers why some transnational groups have opted to become enforcers of international law regarding such issues as human rights the environment and corruption while others have not Three factors explain the rise of vigilante enforcement

demand supply and competition Governments commit to more international laws but do a poor job of policing them leaving a gap and creating demand Legal and technological changes make it easier for nonstate actors to supply enforcement as in the instances of NGOs that have standing to use domestic and international courts or smaller NGOs that employ satellite imagery big data analysis and forensic computing As the growing number of NGOs vie for limited funding and media attention smaller more marginal groups often adopt radical strategies like enforcement Looking at the workings of major organizations including Amnesty International Greenpeace and Transparency International as well as smaller players such as Global Witness the Sea Shepherd Conservation Society and Bellingcat Vigilantes beyond Borders explores the causes and consequences of a novel provocative approach to global governance *Corporate Social Responsibility* Mark S. Schwartz, 2017-03-02 The essays in this volume examine the emergence of the concept of corporate social responsibility and the uses that have been made of the language of corporate responsibility to explore the business society relationship The first section traces the emergence of the concept of corporate social responsibility as a way of understanding and framing the business society relationship Section two of the volume looks at Definitions and ethical justifications with a view to exploring current discussions of the nature scope and source of the social responsibilities of corporations Section three CSR and Management Critical Reflections explores the integration of CSR theories and justifications into business management and business management theories Articles in the final section of the volume apply the concept of corporate social responsibility and the theoretical frameworks and analytical tools to which it has given rise to the examination and resolution of specific social issues arising out of the economic activities of corporations **The Oxford companion to philosophy** Ted Honderich, 1995 Entries on philosophers schools of thought subjects theories debates concepts practical issues The Position of Witnesses before the International Criminal Court Sylvia Ntube Ngane, 2015-08-25 The book is an evaluation of the doctrine and practice of international criminal courts and tribunals on the position of witnesses against a theoretically informed ideal of a cosmopolitan world order It seeks to ascertain that there is a cosmopolitan international community with shared values that are instantiated in the international criminal tribunals and that is what justifies the exercise of jurisdiction over witnesses who provide false testimony or engage in other forms of contempt of court The book evaluates the practice of the International Criminal Court ICC the International Criminal Tribunal for the former Yugoslavia the International Criminal Tribunal for Rwanda and the Special Court for Sierra Leone **New Waves in Global Justice** T. Brooks, 2014-05-30 With essays ranging from climate change and global poverty to just war and human rights and immigration leading future figures present an ideal collection for anyone interested in the most important debates in global justice *Ethics and War* Steven P. Lee, 2012 An account of war ethics sensitive to the historical just war theory informed by the contemporary concerns of war *Protecting Animals Within and Across Borders* Charlotte E. Blattner, 2019 How can we protect animals more effectively both at home and abroad given the ongoing globalization of animal production This book provides a catalogue of options for

extraterritorial jurisdiction which states can employ to strengthen their animal laws It offers top down perspectives drawn from general international law and trade law and complements them by a bottom up view from the perspective of animal law

Encyclopedia of Global Justice Deen K. Chatterjee, 2012-01-23 This two volume Encyclopedia of Global Justice published by Springer along with Springer's book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas

International Relations Theory and Philosophical Political Insights Into Conflict Management Pietrzak, Piotr, 2025-02-21 Conflict management in the context of international relations is critical for maintaining global peace and stability By understanding the underlying causes of conflicts between nations and developing effective diplomatic strategies countries can prevent disputes from escalating into violence or war This also aids in creating frameworks for negotiation mediation and peacebuilding helping to resolve tensions in a constructive and sustainable manner International Relations Theory and Philosophical Political Insights Into Conflict Management supplements existing international relations theory with more interdisciplinary tools that bridge the division between the main conceptual methodological and analytical differences among rival paradigms approaches theories traditions and schools of thought It utilizes existing tools and methods in more effective ways to address modern conflicts of regional and global importance Covering topics such as conflict management international relations and warfare this book is an excellent resource for scholars researchers policymakers diplomats peacebuilding organizations security professionals business leaders educators academicians and graduate and postgraduate students

Empirical Research and Writing Leanne C. Powner, 2014-11-04 Students can easily misstep when they first begin to do research Leanne C Powner's new title Empirical Research and Writing A Student's Practical Guide provides valuable advice and guidance on conducting and writing about empirical research Chapter by chapter students are guided through the key steps in the research process Written in a lively and engaging manner and with a dose of humor this practical text shows students exactly how to choose a research topic conduct a literature review make research design decisions collect and analyze data and then write up and present the results The book's approachable style and just in time information delivery make it a text students will want to read and its wide ranging and surprisingly sophisticated coverage will make it an important resource for their later coursework
