Desert Anzacs Neil Dearberg, 2017-11-01 For 100 years the astounding story of Anzac horsemen cameleers aviators rough riders medics vets light and armoured cars hasn't been told Until now Championed by Australia's Lieutenant General Sir Harry Chauvel they overcame early feeble British political and military incompetence Fast open conflict rather than septic trenches suited their outback upbringing Part of the Egyptian Expeditionary Force they recovered the Holy Land after 730 years of Muslim control even saving Lawrence of Arabia and his cause Their stunning victory at the Battle of Beersheba was the last mass mounted charge of modern times The great ride offensive of the Desert Mounted Corps with 30 000 horsemen destroyed the Ottoman Empire and wreaked vengeance for Gallipoli This is the first detailed account of the extraordinary military campaign that set the stage for today's Middle East Dearberg's Anzac trilogy on World War I is now complete Gallipoli France Palestine **Exploration** Michael Allaby, Richard Garratt, 2010 Exploration tells the intriguing story of the navigators who crossed oceans to chart the coastlines of distant continents the adventurers who traversed deserts and polar wastes and the traders who sought new markets and commodities in faraway lands The secrets of the planet and its living inhabitants have been unraveled thanks to the efforts made by these navigators and adventurers This new full color book begins with a narration of the earliest seagoing ships and the vehicles that transported diplomats warriors and merchants around the Mediterranean region and later around the world It explores the Vikings who terrorized Western Europe and colonized Greenland as well as the swift outrigger vessels that sailed from Asia to the islands of the Pacific This accessible resource describes the development of navigational instruments to help on long journeys out of sight of land Including the sextant and compass and explains how to calculate latitude and longitude *Nonfiction Reading Comprehension: Science, Grades 2-3* Ruth Foster, 2006-02 High interest nonfiction articles help students learn about science and social studies topics while developing skills in reading comprehension Each story is followed by questions that cover main idea details vocabulary and critical reasoning The format is similar to that of standardized tests so as students progress through the book's units they are preparing for success in testing *Lakhmir Singh's Science for Class 6* Lakhmir

Singh & Manjit Kaur, Lakhmir Singh's Science is a series of books which conforms to the NCERT syllabus. The main aim of writing this series is to help students understand difficult scientific concepts in a simple manner in easy language. The ebook version does not contain CD.

Afterlives of war Michael Roper, 2023-07-05 Afterlives of war documents the lives and historical pursuits of the generations who grew up in Australia, Britain and Germany after the First World War. Although they were not direct witnesses to the conflict, they experienced its effects from their earliest years. Based on ninety oral history interviews and observation during the First World War Centenary, this pioneering study reveals the contribution of descendants to the contemporary memory of the First World War and the intimate personal legacies of the conflict that animate their history making.

Captive Anzacs Kate Ariotti, 2018-05 Captive Anzacs explores the experiences of the 198 Australians who became prisoners of the Ottomans during the First World War. Kate Ariotti intertwines rich detail from letters, diaries and other personal papers with official records to provide a comprehensive, nuanced account of this aspect of Australian war history.

Biology and Breeding of Camels Masroor Ellahi Babar, Muhammad Ashraf, 2023-08-31 This book discusses the biology, breeding, care and management of camels with a focus on camels from Pakistan. The book provides a sound understanding of how to look after camels, their senses, behavior and adaptations. The chapters describe the practical aspects of camel husbandry, such as how to maintain their body condition, feed and cleanliness. It covers the types of feeds, feeding methods and their needs at different stages of life. The book provides a detailed account of camel husbandry, breeding and reproduction. It is meant for camel breeders, veterinarians, livestock advisers, students and researchers working on animal sciences, camel rearing, feeding and management.

FEATURES Includes information about different species of camels present in Pakistan and their importance to humans. Discusses the nutrition and feeding of camels, the medicinal qualities of camel milk and the peculiar immunity-enhancing properties of their nutritious meat. Describes the features of camels that help them survive and thrive in deserts and make them the animals of the future. Covers the range of unique products obtained from camels and their economic value. Explores the management, types of diseases in camels, causes of their spread, their control and therapeutic measures for successful and productive farming.

Camel Trading Norms Nakoa Rainfall, AI, 2025-02-27 Camel Trading Norms explores how camel trading shaped the economic and social structures of desert communities. It highlights the camel's multifaceted role, not just as transport but also as a currency and vital resource impacting family dynamics and social roles. The book argues that camel trading spurred economic exchange and influenced social hierarchies, challenging views of desert societies as isolated. The book begins by examining camel domestication and physiology, then delves into trade routes, analyzing the risks and rewards faced by camel caravans. In addition, it analyzes the social structures built around camel trading, emphasizing the division of labor within families and contrasting the roles of men in long-distance trade with women's contributions to local markets. Using trade records, travelers' accounts and anthropological studies, Camel Trading Norms offers a comprehensive view of economic activities and social norms in these unique historical contexts.

Skeletons on the Zahara Dean King, 2025-05-01 A National Bestseller the true story of shipwrecked American sailors in Africa who were captured by slavers and forced to trek through the Sahara This true life saga reads like a cross between Master and Commander and Lawrence of Arabia People The western Sahara is a baking hot and desolate place home only to nomads and their camels and to locusts snails and thorny scrub and its barren and ever changing coastline has baffled sailors for centuries In August 1815 the US brig Commerce was dashed against Cape Bojador and lost although through bravery and quick thinking the ship's captain James Riley managed to lead all of his crew to safety What followed was an extraordinary and desperate battle for survival in the face of human hostility starvation dehydration death and despair Captured robbed and enslaved the sailors were dragged and driven through the desert by their new owners who neither spoke their language nor cared for their plight Reduced to drinking urine flayed by the sun crippled by walking miles across burning stones and sand and losing over half of their body weights the sailors struggled to hold onto both their humanity and their sanity To reach safety they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity From the cold waters of the Atlantic to the searing Saharan sands from the heart of the desert to the heart of man Skeletons on the Zahara is a spectacular odyssey through the extremes and a gripping account of courage brotherhood and survival A little bit H Rider Haggard a little bit Jon Krakauer a little bit Nathaniel Philbrick and a whole lot of gruesome fun
