Sands Spindles And Steeples A History Of Saco Maine:

Saco Revisited Saco Museum, 2009 *Saco Revisited* reveals an unprecedented glimpse into Saco's history. Vintage photographs from the collections of the Dyer Library and Saco Museum show the energy, industry, philanthropy, and patriotism of the city and its citizens from the mid 19th century to the present day. From the stately homes of early entrepreneurs to tragic fires and floods and the rise and decline of Saco's powerful textile mills, many photographs are presented publicly for the first time. *Brief History of Biddeford*, A Emma R. Bouthillette, 2017 Captain Richard Vines founded Winter Harbor in 1616. The small coastal village now known as Biddeford is the largest city in York County with more than twenty-one thousand residents. During the nineteenth century, the city experienced a boom from the textile industry when textile magnate Samuel Batchelder established Pepperell Manufacturing Company, which rapidly became an international brand. The city suffered when textile manufacturing moved south in the mid twentieth century, abandoning its expansive infrastructure along the Saco River. In 2004, Mayor Wallace Nutting organized local residents in a revitalization effort for the downtown area, and developers renovated historic mill buildings into residential and commercial space. Join author and lifelong Biddeford resident Emma Bouthillette as she revisits the city's early history and explores its recent rebirth. *The Saco Drive-In* Camille M. Smalley, 2014-06-03 Families, teenagers, friends, and sweethearts piled in their cars and filled the lot of Maine's first drive-in on opening night in 1939. A newsreel and cartoon rolled before the feature presentation. Forbidden Music cast the first outdoor movie spell over the town of Saco. Families came for the fresh air movie experience while visitors in the 1950s and 60s enjoyed the dimly lit privacy. The community rallied to save the Saco Drive-In in 2013, voting to fund the transition to digital projection. Now families and couples of the future can continue to enjoy cinema under the Maine sky. Join local author Camille Smalley as she recounts the history, films, and memories of the Saco Drive-In.

The Murder of Mary Bean and Other Stories Elizabeth A. De Wolfe, 2007 When the winter ice melted in April 1850, residents of Saco, Maine, made a gruesome discovery: the body of a young girl submerged in a stream. Thanks to evidence left at the scene, a local physician was arrested and tried for the death of Mary Bean, the name given to the unidentified young girl. The cause of death was failed abortion. Garnering extensive newspaper coverage, the trial revealed many secrets: a poorly trained doctor, connections to an unsolved murder in New Hampshire, and the true identity of Mary Bean, a young Canadian mill worker named Berengera Caswell, missing since the previous winter. *The Murder of Mary Bean and Other Stories* examines the series of events that led Caswell to become Mary Bean and the intense curiosity and anxiety stimulated by this heavily watched trial. These events are explored through a wide-angle lens, exploring such themes as the rapid social changes brought about by urbanization and industrialization in antebellum nineteenth-century society, factory work, and the changing roles for women, unregulated sexuality, and the specter of abortion, and the sentimental novel as a guidebook. She posits that the real threat to women in the nineteenth century was not murder but a society that had ambiguous feelings about the role of

women in the economic system in education and as independent citizens of Mary Bean and Other Stories features two reprinted accounts of Caswell's death both fictional and originally printed in the 1850s as well as an introduction that places these salacious accounts in a historical context This book serves not simply as true crime but rather presents a seamy side of rapid industrial growth and the public anxiety over the emerging economic roles of women *Maine Ghosts and Legends* Thomas Verde,2013-10-16 Maine has a rich supernatural history and ghost stories from the state are as varied as they are prolific Freelance writer and reporter Tom Verde first became interested in such eerie occurrences while researching first hand encounters with ghosts for a series of public radio programs This book recounts some of the spine tingling tales he uncovered in his research including The dagger wielding shade who terrorized a Portland couple The murdered Indian who revisited Means's Tavern Famed diva Lillian Nordica whose voice still echoes through the Farmington auditorium named in her honor The hostile spirit who tried to frighten the tenants out of an Orrington house Even an entire phantom ship bound eternally for Freeport These are not fictitious creations of literary imagination People from all walks of life including many who were positive they would never believe in ghosts attest to these encounters **Maine History**,2007 *King Philip's War: The History and Legacy of America's Forgotten Conflict* Eric B. Schultz,Michael J. Belles of New England is a masterful definitive and eloquent look at the enormous cultural and economic impact on America of New England's textile mills. The author, an award-winning CBS producer, traces the history of American textile manufacturing back to the ingenuity of Francis Cabot Lodge. The early mills were an experiment in benevolent enlightened social responsibility on the part of the wealthy owners who belonged to many of Boston's finest families. But the fledgling industry's ever-increasing profits were inextricably bound to the issues of slavery, immigration, and workers' rights. William Moran brings a newsman's eye for the telling detail to this fascinating saga that is equally compelling when dealing with rags and when dealing with riches. In part a microcosm of America's social development during the period, *The Belles of New England* casts a new and finer light on this rich tapestry of vast wealth, greed, discrimination, and courage.

Rivers of Fortune Bill Caldwell, 2002-01-01 This fast-paced and fascinating story, originally published in 1983, covers a vital part of coastal Maine's history too long overlooked: the cultural history of the Penobscot, Kennebec, Saco, and Damariscotta Rivers. More than three hundred years are covered, from the days of pioneer settlers, sea captains, river men, and lumberjacks to the shipbuilders, merchants, and lumber barons who made millions from Maine's vast natural and human resources.

Storm Warriors of the Maine Coast Richard Parsons, 2025-07-15 From 1874 until 1915, the Storm Warriors of the Fletchers Neck Life Saving Service and the citizens of the Village of Biddeford Pool shared a common history. During the 19th century, the stretch of Maine coast between Portland and the busy docks at Portsmouth, New Hampshire, was among the most dangerous passages along the coast of Maine. Rocky beaches, hidden ledges, dangerous currents, and small, low-lying islands were treacherous to mariners. In December 1874, the Biddeford Pool Life Saving Station began its first active season. Six surfmen made up the crew, charged with protecting this transit. Gleaned from local newspapers, stations' logbooks, official records of the Life Saving Service, and the papers and memories of involved families, these are tales of men at odds with the fury of nature, men who subscribed to the motto: "You have to go out, but you don't have to come back."

The 26th "Yankee" Division on Coast Patrol Duty, 1942-1943 Dennis A. Connole, 2008-02-19 Within hours of the strike against Pearl Harbor, the U.S. military sprang into action to implement a contingency plan previously drawn up to protect the coast against a full-scale German invasion or incursions by Nazi espionage agents and saboteurs. The War Department placed the 26th Yankee Division (YD) under the jurisdiction of the 1st Coast Artillery District, a subdivision of the U.S. Army Coast Artillery Corps. Military leaders charged the division with securing the coast of New England and Long Island, later expanding its area to include the entire eastern seaboard. Focusing primarily on the unit's work in home defense from January 1942 through November 1943, this history begins with prewar activation and training and recounts in detail the two highly publicized incidents of saboteurs coming ashore in June 1942. Also included are reports of U-boat sightings and encounters with subversive agents by veterans of the YD while on patrol. Firsthand accounts by members of the division provide a look at day-to-day operations. Appendices contain a number of previously unpublished historical documents. Many period photographs complete this history of a
