Seaweed Gatherers:

The Seaweed Gatherers Jessica Blair, 2010 **The Chinese in America** Susie Lan Cassel, 2002 This new collection of essays demonstrates how a politics of polarity have defined the 150 year experience of Chinese immigration in America Chinese Americans have been courted as model workers by American business but also continue to be perceived as perpetual foreigners The contributors offer engrossing accounts of the lives of immigrants their tenacity their diverse lifeways from the arrival of the first Chinese gold miners in 1849 into the present day The 21st century begins as a uniquely Pacific Century in the Americas with an increasingly large presence of Asians in the United States Canada and Mexico The book will be a valuable resource on the Asian immigrant experience for researchers and students in Chinese American studies Asian American history immigration studies and American history **Critical Terms for Art History, Second Edition** Robert S. Nelson, Richard Schiff, 2003-04 The words used to describe and analyse art are the subject of this examination of the new scope of art history and the terms used by those involved in visual and pictorial theory **We Gather Together** Charles C. Eldredge, 2022-01-18 The mutual history of art agriculture and American identity as told through the theme of the harvest The harvest has traditionally been a productive season both on American farms and in its artists studios Before the early nineteenth century the ideal of the Jeffersonian yeoman singly cultivating a subsistence plot for family use dominated the American imagination after World War II the advent of big agribusiness proved less immediately attractive for artists In *We Gather Together* Charles C. Eldredge examines the period in between when many Americans were farmers and much of America was farmland Organized in a series of case studies each devoted to a single crop *We Gather Together* initially focuses on familiar commodity crops such as corn wheat and potatoes and then expands to other yields by Native American harvesters and California floriculturists as well as winter ice cutters and coastal seaweed gatherers This novel history of agriculture and art traces parallel developments on land and canvas highlighting breakthroughs in each field Artists such as Winslow Homer Doris Lee and Georgia O Keeffe are joined by innovators in agriculture whether mechanical inventors such as Eli Whitney John Deere and Cyrus McCormick or genetic hybridizers such as Luther Burbank W Atlee Burpee and Theodosia Shepherd Surveying an astonishing amount of material and a wide range of paintings prints and other artworks from the nineteenth century to the mid twentieth century *We Gather Together* gorgeously demonstrates how the use of agricultural metaphors permeated American visual culture The harvest we see here came to signify and dominate politics poetry and popular culture ultimately representing a primary facet of American identity and nationhood **Stones of Aran: Pilgrimage** Tim Robinson, 2008-08-05 The Aran Islands in Galway Bay off the west coast of Ireland are a unique geological and cultural landscape and for centuries their stark beauty and their inhabitants traditional way of life have attracted pilgrims from abroad The Aran Islands in Galway Bay off the west coast of Ireland are a unique geological and cultural landscape and for centuries their stark beauty and their inhabitants traditional way of life have attracted pilgrims from

abroad After a visit with his wife in 1972 Tim Robinson moved to the islands where he started making maps and gathering stories eventually developing the idea for a cosmic history of rainn the largest of the three islands Pilgrimage is the first of two volumes that make up Stones of Aran in which Robinson maps the length and breadth of rainn Here he circles the entire island following a clockwise sunwise path in quest of the good step in which walking itself becomes a form of attention and contemplation Like Annie Dillard s Pilgrim at Tinker Creek and Bruce Chatwin s In Patagonia Stones of Aran is not only a meticulous and mesmerizing study of place but an entrancing and altogether unclassi able work of literature Robinson explores Aran in both its elemental and mythical dimensions taking us deep into the island s folklore wildlife names habitations and natural and human histories Bringing to life the ongoing forever unpredictable encounter between one man and a given landscape Stones of Aran discovers worlds Robinson s voyage continues in Stones of Aran Labyrinth
