**The Longest Winter** Meredith Hooper, 2011-10-01 Through the eyes of the men involved Meredith Hooper recounts one of the greatest tales of adventure and endurance which has often been overshadowed by the tragedy that befell Scott Their tents were torn their food was nearly finished and the ship had failed to pick up the members of Scott's Northern Party as planned Gale force winds blew bitter with the cold of approaching winter Stranded and desperate Lieutenant Victor Campbell and his five companions faced disaster They burrowed inside a snowdrift digging an ice cave with no room to stand upright but space for six sleeping bags on the floor the three officers on one side the three seamen on the other Circumstances forced them closer together their roles blurred and a shared sense of reality emerged This mutual suffering made them indivisible and somehow they made it through the longest winter To the south the men waiting at headquarters knew that Scott and his Polar party must be dead and hoped that another six lives would not be added to the death toll Working from diaries journals and letters written by expedition members Meredith Hooper tells the intensely human story of Scott's other expedition

**The Longest Winter** Alex Kershaw, 2005-10-25 The epic story of the vastly outnumbered platoon that stopped Germany's leading assault in the Ardennes forest and prevented Hitler's most fearsome tanks from overtaking American positions On the morning of December 16 1944 eighteen men of the Intelligence and Reconnaissance platoon attached to the 99th Infantry Division found themselves directly in the path of the main thrust of Hitler's massive Ardennes offensive Despite being vastly outnumbered they were told to hold their position at all costs Throughout the day the platoon repulsed three large German assaults in a fierce day long battle killing hundreds of German soldiers Only when they had run out of ammunition did they surrender to the enemy But their long winter was just beginning As POWs the platoon experienced an ordeal far worse than combat surviving in wretched German POW camps Yet miraculously the men of the platoon survived all of them and returned home after the war More than thirty years later when

President Carter recognized the platoon's extraordinary heroism and the U S Army approved combat medals for all eighteen men they became America's most decorated platoon of World War II With the same vivid and dramatic prose that made *The Bedford Boys* a national bestseller Alex Kershaw brings to life the story of these little known heroes an epic tale of courage duty and survival in World War II and one of the most inspiring episodes in American history *The Longest Winter* is an intensely human story about young men who find themselves in frightening wartime situations who fight back instinctively survive stoically and live heroically

***The Long Dark Winter's Night*** Patrick Bergquist, 2010-01-01 Before Father Patrick Bergquist moved to Alaska he imagined himself spending his free evenings wrapped in a warm quilt reading novel after novel during the long arctic winters Those idealized expectations were met with the unavoidable reality of winter's harshness a pervasive darkness that made it neither realistic nor helpful to merely wait out the winter and hope for spring And yet says Bergquist this is what we as a Catholic Church are tempted to do in the enduring darkness of the sexual abuse crisis We want to wrap ourselves in the secure blanket of tradition and memory thinking that this crisis too will pass or worse still that it has already passed Bergquist admits he is but a simple parish priest no saint and surely no scholar But it is precisely his perspective as a parish priest that gives rise to his poetic and prophetic voice He speaks from his heart soul and experience in a way few others have done He names and validates the pain and fear the hopes and dreams that so many of us share *The Long Dark Winter's Night* is both realistic and helpful Patrick Bergquist was ordained in 1990 He is a diocesan priest of the Missionary Diocese of Northern Alaska and has been pastor of St Raphael Catholic parish in Fairbanks since 1998

*The Longest Winter* Daphne Wright, 1989-01-01 *The Longest Winter* Alex Kershaw, 2015-07-30 A cold winter morning in the Ardennes Forest 1944 and Hitler launches his last and most audacious attack on the unprepared Allies Standing between the German forces and the desperately regrouping Allies were just eighteen young Americans hidden in fox holes In a fierce day long battle this small band of soldiers repulsed the German attack three times inflicting severe casualties and defending a strategically vital hill despite being vastly outnumbered They surrendered only when they ran out of ammunition But then the real battle for survival began Alex Kershaw's brilliant account draws on the words of the decorated men who fought this heroic action bringing vividly to life their struggle on the battlefield and later off it as POWs

*The Evolution Underground* Anthony J Martin, 2017-02-07 Humans have gone underground for survival for thousands of years from underground cities in Turkey to Cold War era bunkers But our burrowing roots go back to the very beginnings of animal life on Earth Many animal lineages alive now including our own only survived a cataclysmic meteorite strike 65 million years ago because they went underground On a grander scale the chemistry of the planet itself had already been transformed many millions of years earlier by the first animal burrows which altered whole ecosystems Every day we walk on an earth filled with an underground wilderness teeming with life Most of this life stays hidden yet these animals and their subterranean homes are ubiquitous ranging from the deep sea to mountains from the equator to the poles Burrows are a refuge from predators a safe

home for raising young or a tool to ambush prey Burrows also protect animals against all types of natural disasters Filled with spectacularly diverse fauna acclaimed paleontologist and ichnologist Anthony Martin reveals this fascinating hidden world that will continue to influence and transform life on this planet *Lies and Lullabies* Sarina Bowen,2020-09-22

be as self centered as we are today At what point did we expect to have the right to determine our own lives When did we first ask the question How can I be free It all began in a quiet university town in Germany in the 1790s when a group of playwrights poets and writers put the self at center stage in their thinking their writing and their lives This brilliant circle included the famous poets Goethe Schiller and Novalis the visionary philosophers Fichte Schelling and Hegel the contentious Schlegel brothers and in a wonderful cameo Alexander von Humboldt And at the heart of this group was the formidable Caroline Schlegel who sparked their dazzling conversations about the self nature identity and freedom The French revolutionaries may have changed the political landscape of Europe but the young Romantics incited a revolution of the mind that transformed our world forever We are still empowered by their daring leap into the self and by their radical notions of the creative potential of the individual the highest aspirations of art and science the unity of nature and the true meaning of freedom We also still walk the same tightrope between meaningful self fulfillment and destructive narcissism between the rights of the individual and our responsibilities toward our community and future generations At the heart of this inspiring book is the extremely modern tension between the dangers of selfishness and the thrilling possibilities of free will **The Billow and the Rock** Harriet Martineau, 1846 *When Holidays Hurt* Bo Stern, 2015-01-13 What are you supposed to do when the holidays hurt Divorce Financial stress Chronic illness Losing a loved one Experiencing any of these situations during the year is difficult But the holiday season once joyful and happy can heighten this pain When Holidays Hurt written by Bo Stern will help you find hidden hope amid your pain and loss even when it feels impossible Bo spent two Christmases struggling to connect with the joy of the season As she watched her husband Steve struggle with terminal ALS Bo quietly felt her spirit for the season fade and has noticed others suffering the same way Through stories and scriptures Bo offers readers A way to redeem what can often become painful days Thanksgiving Christmas birthdays and anniversaries milestones such as weddings and graduations and more 35 thoughtful devotions divided into specific seasons of life that range from holidays to special occasions At the end of each devotional tangible ways to find hidden hope and prayers to recite When Holidays Hurt is an encouraging self purchase or gift for loved ones who are hurting and enduring hard times and need to be reminded of hope peace and purpose Bo's authentic voice promotes readers to thrive during the holidays and equips them with coping tools to use throughout the year **Forest Euphoria** Patricia Ononiwu Kaishian, 2025-05-27 An antidote to the loneliness of our species ROBIN WALL KIMMERER A master class in how to love the world MARGARET RENKL A thrilling book about the abounding queerness of the natural world that challenges our expectations of what is normal beautiful and possible Growing up Patricia Ononiwu Kaishian felt most at home in the swamps and culverts near her house in the Hudson Valley A child who frequently felt out of place too much of one thing or not enough of another she found acceptance in these settings among other amphibious beings In snakes snails and above all fungi she saw her own developing identities as a queer neurodivergent person reflected back at her and in them too she found a personal path to a life of science In Forest Euphoria
