Neural Suitcase Tells the Tales of Many Minds Purnendu Ghosh,2014-07-11 The book is about the mind The most interesting interdisciplinary conversations and the best idea sessions are held inside our mind The mind is our neural suitcase Our neural suitcase tells the tales of so many minds The tales are beautiful moral vulnerable quiet chaotic hungry obese real fictional memorable forgetful creative curious humorous trustworthy biased wise foolish friendly hateful meaningful blind and questioning The mind also builds castles in the air It is for us to put foundations under these castles It is for us to pack our neural suitcase carefully Our questioning mind asks many interesting questions such as Should we

design a perfect mind Why does time have no mind of its own Why is it hard to walk straight Why do we make deliberate mistakes Why is boredom not for everyone What is the right dose of grief Why is poison not always poisonous Should we always hate our enemy Why are memoirs fabricated Why we are not totally dishonest Why are all worries not worth worrying Why shall some questions remain unresolved forever The book is about the mind of a teacher a mother a beautiful woman a gossip a liar a fool a corrupt person a winner etc

Fan Fiction and Copyright Professor Aaron Schwabach, 2013-02-28 As long as there have been fans there has been fan fiction There seems to be a fundamental human need to tell additional stories about the characters after the book series play or movie is over But developments in information technology and copyright law have put these fan

stories at risk of collision with the content owners intellectual property rights Fan fiction has long been a nearly invisible form of outsider art but over the past decade it has grown exponentially in volume and in legal importance Because of its nature authorship and underground status fan fiction stands at an intersection of key issues regarding property sexuality and gender In Fan Fiction and Copyright author Aaron Schwabach examines various types of fan created content and asks whether and to what extent they are protected from liability for copyright infringement Professor Schwabach discusses examples of original and fan works from a wide range of media genres and cultures From Sherlock Holmes to Harry Potter fictional characters their authors and their fans are sympathetically yet realistically assessed Fan Fiction and Copyright looks closely at examples of three categories of disputes between authors and their fans Disputes over the fans use of copyrighted characters disputes over online publication of fiction resembling copyright work and in the case of J K Rowling and a fansite webmaster a dispute over the compiling of a reference work detailing an author s fictional universe Offering more thorough coverage of many such controversies than has ever been available elsewhere and discussing fan works from the United States Brazil China India Russia and elsewhere Fan Fiction and Copyright advances the understanding of fan fiction as transformative use and points the way toward a safe harbor for fan fiction
