**The Girl of My Dreams** Antonio Demarco, 2020-11-24 It is a cold morning in Grantsville. Ryan begins his day unlike any other day, driving along a familiar road on his way to his job. What Ryan doesn't know is that his normal life would soon be transformed by not only the realities of life but something far beyond what he believes is real or even possible. Ryan will be forced to choose between the wife he has shared his life with and the woman who has become the girl of his dreams. Ryan will need to ask himself: Where does love live in our hearts, in our minds, or somewhere else? Does love seek us out when we are lost or abandon us when it's necessary? Is love everything we have been led to believe, or is it something we only dream about? Most importantly, what price are we willing to pay once we decide?

*Philip and the Eye Glass* Tchangoboris, 2021-10-11 Philip recently moved with his family to LA. He is constantly bullied and considered different from the others, both because he is new in town and most importantly for the color of his skin. He still has connections with his African heritage and Cameroon. Thanks to the ultra-technological glasses stolen from Doctor Chang, he is able to communicate with the glasses and learn math and physics instantly, permitting him to succeed in school. The only person with whom he feels connected is Rose. So a new and sincere romance develops throughout the book. In the end, everything works well for the two lovebirds, even the medical operation of his mom, and he can finally feel accepted by the other students and in society in general. Phillip's story becomes eventually known around the world. In the end, Overall, the play is well-written, effective in its simple but vivid language, and realistic despite the presence of the ultra-advanced technology glasses, with an abundance of important social issues: racism, bullies, own identity, and social acceptance that are marvelously tangled together.
