Look For A Field To Land:

The Rule of the Land Garrett Carr, 2017-01-31 In the wake of the EU referendum the United Kingdom's border with Ireland has gained greater significance it is set to become the frontier with the European Union Over the past year Garrett Carr has travelled this border on foot and by canoe to uncover a landscape with a troubled past and an uncertain future Across this thinly populated line travelling down hidden pathways and among ancient monuments Carr encounters a variety of characters who have made this liminal space their home He reveals the turbulent history of this landscape and changes the way we look at nationhood land and power The book incorporates Carr's own maps and photographs

They Fought in the Fields: The Women's Land Army Nicola Tyrer, Queen Elizabeth, 2016-07-22 The Women's Land Army was the forgotten victory of the Second World War While troops fought on the front line a battalion of young women joined up to take their place as agricultural workers Despite many of them coming from urban backgrounds these fearless cheerful girls learnt how to look after farm land operate and repair machinery rear and manage farm animals harvest crops and provide the work force that was badly needed in the years of the war Back breaking work such as thinning crops continuous hoeing and digging made way for disgusting tasks such as rat killing Yet despite it all the land girls were exuberant fun loving and hard working and became known for their articulate feisty humorous and modest attitude It therefore comes as no surprise that despite hostility and teasing at the beginning these robust farm workers won the hearts of the nation and at the disbandment of the Land Army in the 1950s the farming community were forced to eat their words With delightful photographs documenting the camaraderie of the Land Army and real life memories from those who joined this nostalgic look at one of the real success stories of the Second World War will make modern women stand proud of what their grandmothers achieved in an era before our own
