first time in the book has been given to retrograde planets and Char Karkas of Jaimini as they hold a very special significance while making predictions This book will also guide you through the ups and downs of exalted and debilitated planets and how they behave in different dashas So let us start this journey in to the world of Jaimini Sutram and see what Maharishi Jaimini has in store for us and how various principles of Jyotish can become light beacons for us to guide us through the good and bad portions of life as when you can clearly see what has to happen you can plan better and also remedies become very specific in the chart A lot has been discussed about retrograde motion of planets in the classical text and also various dictums suggest that these planets acquire some sort of special activity in mundane as well as personal life and special consideration to be given to these planets Deepanshu Giri      NASA Authorization for Fiscal Year 1977 United States.
