

So if you care to find me/Look to the western sky/As someone told
me lately/Everyone deserves the chance to fly!/And if I'm flying
solo/At least I'm flying free/Tell those who'd ground me/Take a
message back from me/Tell them how I am defying gravity!/I'm flying
high defying gravity/And soon I'll match them in renown./And nobody
in all of Oz/No Wizard that there is or was/Is ever gonna bring me
down!/

A. Koelbransen,2010-10 *A Dream Impossible!* Brian S. Langton,2006-01-09 After I had published my first book A First Step Understanding Guillain Barré Syndrome it occurred to me that the dream sequences described in that book would make for an interesting read on their own as a

collection of short but impossible stories Thus were sewn the seeds for this publication The postscripts that have been added are included to assist readers who have not read the earlier book and who therefore may not have a full understanding of the circumstances I found myself in During my seven month confinement in Intensive Care on a ventilator for breathing assistance diagnosed with severe acute chronic Guillain Barr Syndrome sometimes referred to in its abbreviated form as GBS I experienced many dreams and hallucinations some of which are described in the book The medications I was taking the inability to distinguish between night and day being thrust into an unfamiliar environment or something inherent in the disease itself may have been the cause Although these dreams are not necessarily in the sequence in which I dreamed them it is possible to connect them to certain events or phases of my illness Initially I was paralysed from my toes up to my eyebrows This did not appear to inhibit my mobility in some of the dreams though One moment I was in a wheelchair the next flying an F16 fighter jet even though I had never flown before other than as a fare paying passenger I found these episodes much more intense than the garden variety dream In fact most seemed so real that sometimes it was difficult if not impossible to separate them from reality Every effort has been made to keep the original story lines It must of course be understood there were a few although very few grey areas and only in those situations have I linked different parts of the story by the logical threads suggested by circumstances For the most part my recall of these dreams was total Except for my relatives the names used to identify characters are fictitious and used to enable the reader to follow the thread of the story In these sequences any similarity to any person living or deceased other than in the case of the exception noted is entirely coincidental and unintended I hope you enjoy your read The Author The Golden Book Magazine ,1927 **Walking Taylor Home** Brian Schrauger,2001-12-06 No one ever said that the honest truth was easy In this raw account of the intense love between a father and his son no emotion goes untouched as Brian watches his son Taylor war against the cancer that rages in his little body The courage will inspire you The joy will surprise you The hope will encourage you And the faith will challenge you This true story is not about a boy who gets sick and dies It s about a boy who gets sick and lives *Philip in Search of a Wife* Epes Sargent,1843 **Through the Looking Glass** Melisa S. Langton,2006-04-18 Part one of A First Step Understanding Guillain Barr Syndrome is a true blow by blow account of the Author s encounter as a healthy Canadian businessman with a rare and devastating disease Guillain Barr Syndrome G B S for short It describes his seven month long struggle for life in Intensive Care after receiving a grim prognosis and his subsequent dogged determination to overcome the effects of that disease The second part is devoted to short stories based on dreams and hallucinations experienced whilst he was in Intensive Care which in themselves reveal something of what a patient was going through They also serve to illustrate the narrow boundary between reality and the dream world and which whilst making for entertaining reading could possibly be the subject of further study Although the Author is a layperson in medical terms it is believed this book will be an important aid to medical professionals and care givers providing as it does new insights and a unique perspective on the effects not only of the disease Guillain Barr Syndrome but also of the handling and care of any long term intensive care patient and their subsequent rehabilitation For

the curious it will answer many questions For G B S patients and their families it should provide inspirational reading The foreword to the book has been written by Dr Frank Warshawski MD FRCPC Director of Intensive Care Rockyview General Hospital Calgary In addition to that prestigious involvement the Author has been fortunate in receiving permission to use other material authored by exceptionally well qualified medical professionals for which due credit is given in the Acknowledgements section of the book enabling him to produce not only an interesting publication but an informative and educational one In short a must read and deserving of a place on any medical bookshelf **It's a Miracle** Marie A Andre,2016-09-13 It all started with a random 2 00 am phone call on October 1 2001 The caller was anonymous and the message they gave was intelligible This is the story of a young boy who once died in a pool but was raised to life by the grace of God The story of his mother continues from that day to include her many encounters with the Lord through dreams heavenly signs and life events The many stories in this book are meant to provide encouragement inspiration strength faith and hope to all who read its words
