Jackson,2021-12-10 Jackson does not mince words and he does not pull punches What claws from these shadows is both an unflinching confrontation with a violent world and a much needed meditation on what it means to be fearless Hailey Piper author of *The Worm and His Kings* An experiment gone wrong overloads thirteen year old Oumou s psychokinetic abilities and strands her in the tiny town of Archwood North Carolina Free from the dismal research lab that has been her home as long as she can remember she is taken in by a kind family and finds in their daughter Amanda something she s never had a friend For the first time she feels happy However she quickly realizes that things are not as perfect as they seem The local reverend and his followers begin to single her out and violently conspire against her Memories she d long forgotten come back to haunt her A shadowy figure with no eyes stalks
