Looking At Nigera:

Looking at Nigeria Jillian Powell, 2007 Looking at Countries is a colorful introduction to other cultures Perfect for reports each book has been thoroughly researched and uses a variety of features to familiarize readers with people and countries around the world Each book includes Leveled text correlated to the early elementary social studies curriculum Engaging full color photographs Multiple maps including a black and white reproducible map and map related activities An overview of the land weather people homes food and lifestyles of each featured country A two page section of facts about each country including government currency population and a photograph of the country s flag Did You Know boxes that present information that is interesting surprising or just fun to know A glossary to explain difficult or new words Let's Look at Nigeria Mary Meinking, 2019-05-01 Welcome to Nigeria See the sites Enjoy the food Hear the language Discover this country s land people and traditions *Leadership Failure and Nigeria's Fading Hopes* Femi Okurounmu, 2010-04-06 Leadership Failure and Nigeria s Fading Hopes is a heart rending lamentation by a patriotic Nigerian elder statesman Femi Okurounmu on how his country through unbridled corruption and the selfishness of successive leaders has dashed the hopes of not just Nigerians but the entire black race and reinforced the prejudices of racists who raise doubts concerning the intellectual capacity of black people The book consists of excerpts from a critical but constructive weekly column Patriotic Punches which the author wrote between 2004 and 2009 in the Nigerian Tribune newspaper It chronicles incidents of corruption in government laments the corruption of the entire society and all its institutions and decries the enthronement of money as the national deity such that its acquisition becomes the surest route to national recognition no matter how it is acquired It bemoans the fact that this conscienceless pursuit of money has eroded all of society s values fostered a culture of corruption and criminality and led to the hijack of governance by a wealthy cabal among them many criminals who have provided a climate of impunity for the most horrendous levels of treasury looting by public officials necessitating repeated rigging of elections to install protective successor leaders The author is particularly distressed that the traditional watchdogs of public morality and probity the judiciary the media religious leaders and institutions and traditional rulers have all become mortally infected by the corruption It calls on the citizenry to take their future into their own hands by shaking off their political lethargy and docility abandoning their excessive and unreasonable fear of death and mobilizing to confront bad governance and to ensure the emergence of a government that will fulfil the nation s early promise and give some credibility to the black man s claim to equality with other races of mankind *Attic World* Sunshine, 2009-08 *Daily Graphic* Ransford Tetteh, 2014-04-12 **Human Rights in Nigeria's External Relations in the Age of General Muhammadu Buhari and His Successors** Philip C. Aka, 2024-07-17 Under the Fourth Republic since 1999 the challenge Nigerian leaders face like never before is how to create a state that matches the expectations of their diverse peoples at home and abroad Taking this proposition as starting point this book advances proposals for a human right policy referred to alternately in the work as

principled foreign policy for Nigeria under the Fourth Republic taking advantage of the inestimable opportunity afforded by General Muhammadu Buhari's departure from the political scene on May 29 2023 after the famine domestically and externally wrought by his two terms of office as President It is a broad ranging argument draped in the less arcane constitutional vocabulary and material of human rights for thoroughgoing reforms at home and abroad as the only antidote to the nation building dilemmas Nigeria confronts in the first quarter of the twenty first century Buhari's departure marks the end of military teleguidance of Nigerian politics under the Fourth Republic in the camouflage of democratic rule a birthmark of remote control dating back to the first military intervention in the country in January 1966 These momentous events within Nigeria coincide with equally epoch making developments in the UK Nigeria's former colonial overlord with ripple effects in Nigeria signified by the death of Queen Elizabeth II after seven decades on the throne and the emergence of Prince Charles as King of England A new monarch in Britain adds to the opportunity that falls open for the reconfiguration of Nigeria's external relations with ramifications for the application of human rights in those relations Despite its known disabilities Nigeria has the potential infrastructure including its sizable population to conduct a human right policy if its leaders rationalize the country's resources more wisely

Governance and Economic Growth in Nigeria Saidat Ilo, 2023-10-24
Governance and Economic Growth in Nigeria The Role of China and the U S between 2001 2011 examines why Nigeria experienced steady economic growth in GDP between 2001 2011 Saidat Ilo argues that improved governance as well as the perceived competition between China and the United States has impacted this growth She analyzes this perceived rivalry and their policies closely This book not only contributes to development theories by focusing and analyzing governance but it also goes a step further by filling a gap of contending theories which fail to consider the role governance plays in economic growth and progress particularly in the developing world Through in depth research Saidat Ilo discovers how China and the United States foreign policies influence decisions on foreign aid and trade in Nigeria She shows that there is a direct correlation between good governance and economic growth in Nigeria and provides policy recommendations based on this research

Human Rights in Nigeria's External Relations Philip Aka, 2016-12-20 This book is a broad ranging argument for thorough reforms at home and abroad in Nigeria as the only antidote to the nation building dilemmas Nigeria confronts in the first quarter of the twenty first century Because of its enormous material and human endowments Nigeria is dubbed the Giant of Africa It is a moniker many of its leaders take seriously Yet Nigeria is a state rife with instability some of it periodically erupting into violence Given still ongoing national security challenges in the land that notoriously includes a bloody religion oriented terrorism the Fourth Republic since 1999 the longest period of continuous democratic rule since independence key to the timeline of this book has not been insulated from the spell of instability The main argument of this work is that internationally agreed upon ethical standards embedded in human rights can save Nigeria This book is a methodologically and theoretically grounded seminal discourse on Nigerian foreign relations that spells out the human rights

or lack thereof in those relations including underlying and impinging domestic forces This work is set around six issues of application embedded in a temple of Nigeria s human rights foreign policy comprising two steps and four pillars reconstructed national interest increased human rights at home redesigned peacekeeping reshaped foreign policy machinery increased bilateralism in foreign relations and the use of ECOWAS as human rights tool Although focused on the period since independence for proper understanding of events from the past that shape the current patterns of politics in the land this book also embodies a historical background chapter that overviews the pre colonial and colonial eras **The Business**

Year: Nigeria 2020 Peter Howson, Research for this publication began in the wake of elections that saw the re election of President Muhammadu Buhari who was sworn in on May 2019 The result brought an end to a period of political uncertainty and added new vigor to Africa s largest economy Nevertheless despite this new found stability Nigeria is still struggling to overcome the impact of years of recession not to mention the challenges of the low oil price environment and the effects of COVID 19 mitigation measures This 188 page publication covers finance gas and power oil and exploration industry IT and telecoms transport construction real estate agriculture health entertainment and tourism An Updated Look at the

Recovery of Agricultural Productivity in Sub-Saharan Africa Alejandro Nin Pratt and Bingxin Yu, **Views of Africa**

Encyclopaedia Britannica, Inc.,2012-04-01 Updated for 2012 and part of the Britannica Learning Library Series in Views of Africa you will learn about the people traditions landscapes and history that make up many of the countries and cities of Africa *A Closer Look at Organizational Culture in Action* Süleyman Davut Göker,2021-01-07 Values attitudes and

behaviors constitute an organization s culture and employees both share and use them on a daily basis in their work This book aims to briefly portray a new interpretation of organizational culture varying from the profusion of literature in the following ways it attempts to include how cultures are created organically or through consistent planning and action in different organizations such as education business and health focusing more on change innovation and learning opportunities It also aims to provide leaders with experiences and reflections on how to initiate an organizational culture change Finally

this book is expected to extend new perspectives and practices for both potential and actual managers of organizations contributing to the current debate on how to transform organizations into innovative and learning cultures *The Business*

Year: Nigeria 2021/22 , The Business Year Nigeria 2021 22 analyzes the main challenges faced by the West African economy as a consequence of the global COVID 19 pandemic and how innovation new ideas and solutions diversification and above all the country s resilience are helping Nigeria move forward with a positive economic outlook In this 114 page edition which features interviews with top business leaders from across the economy as well as news and analysis we cover finance green economy energy industry agriculture ICT transport real estate construction and transport **How to Look at Africa in the**

1980s Bruce W. Watson,Stanley J. Underdal,1982 **Surry's Last Stand** Liberty Dendron,2019-02-16 This book will invade the privacy of your children s mind the words will persuade you to continue reading it to the end and you will surrender to

the charm of the writing and the power of its optimism A wonderful children s book about a Hippo who attacked a tribe of Mountain Lions Surry attacked a Mountain Lion after it killed a Hyena When Surry returned home he was thinking about his battle with the Mountain Lions and how he was wounded in dozens of places but he was still alive Some Mountain Lions were badly injured on their hind leg others had badly torn throats and some had lost their eyes Others ears were bitten off and he could hear their family s crying and whimpering throughout the night Surry is a strong spirited hippo A story that touches all of your emotions A thrilling action packed animal adventure that will appeal to both boys and girls Nigerian Petroleum Industry, Policies and Conflict Relations Vol I Otokunefor, Henrietta O. C.,2017-09-28 Volumes 1 and Volume 2 of Nigerian Petroleum Industry Policies and Conflict Relations contain the following on the oil and gas industry in Nigeria basic production statistics nature and activities of operators official oil and gas policies relevant laws and regulations regulatory agencies pricing of refined petroleum products marketers and their challenges consumer and community relations and reactions crimes and vandalisation of pipelines and other infrastructure refineries and refining issues role of law enforcement and intelligence agencies involvement of the National Assembly and its relevant committees strategic issues and other impacts of local and international politics A comprehensive and exhaustive discussion of each and everything thing about the Nigerian petroleum industry by experts in and outside academia research institutes and think tanks top functionaries in relevant ministries government departments and agencies past and current heads of state presidents past and current ministers prominent and knowledgeable legislators politicians of all descriptions and at all levels top newspaper columnists discerning local and foreign critics interviews and transcribed broadcasts and press releases by same officials of non governmental organisations and a host of those loosely referred to as civil society organisations civil and political activists of all hues so called international development agencies some diplomatic missions and the dead panned apologists for successive governments An immensely invaluable documentary source book more especially to regulators the NNPC group policy makers researchers and social scientists in tertiary institutions and public and private sector think tanks local and foreign operators observers and those with interest in the oil and gas industry in Nigeria On the move Aitor Ibarrola-Armendariz,Jon Ortiz de Urbina Arruabarrena,2016-07-29 This volume brings together a selection of the papers and round tables delivered at the 39th AEDEAN Conference held at the University of Deusto in November 2015 The essays in On the Move Glancing Backwards to Build a Future in English Studies often begin with typically academic gestures such as retrieving a classic text and finding new ways of studying its genre or characterization or remarking how certain ungrammatical constructions have gone frequently unnoticed even in well known texts for various reasons or entangling oneself in contentions about the adequacy of dissecting a literary text or linguistic problem by using innovative analytical tools In all cases though there is the intention of putting forth certain views and notions that will help future scholars to deal in a better light with the dilemmas regularly encountered in literary linguistic and cultural studies The book opens with three

essays by professors Bartholomae Pullum and Ro who demonstrate not only their mastery in their respective subjects but also their ability to tailor their contents to multifarious audiences The next two sections represent the main body of the book with nearly forty contributions on both literature and cultural studies Part II and language and linguistics Part III These short academic pieces are a representative showcase of the research being done lately in the different areas of expertise The last section of the volume gathers together the results of four research projects dealing with such engaging topics as postcolonial crime fiction or forgotten texts by Anglo writers about the Spanish Civil War It is hard to think of any potential reader schooled in English Studies who will not find something suitable to their interests and tastes in this volume

Photography and American Coloniality Raoul J. Granqvist, 2017-04-01 This book is the first to question both why and how the colonialist mythologies represented by the work of photographer Eliot Elisofon persist It documents and discusses a heterogeneous practice of American coloniality of power as it explores Elisofon's career as war photographer correspondent and staff photographer for LIFE filmmaker author artist and collector of primitive art and sculpture It focuses on three areas Elisofon's narcissism voyeurism and sexism his involvement in the homogenizing of Western social orders and colonial legacies and his enthused mission of sending home a mass of still life photographs annexed African artifacts and assumed vintage knowledge The book does not challenge his artistic merit or his fascinating personality what it does question is his production and imagining of difference As the text travels from World War II to colonialism postcolonialism and the Cold War from Casablanca to Leopoldville Kinshasa it proves to be a necessarily strenuous and provocative trip

International Law and Civil Wars Eliav Liebllich, 2013-03-05 This book examines the international law of forcible intervention in civil wars in particular the role of party consent in affecting the legality of such intervention In modern international law it is a near consensus that no state can use force against another the main exceptions being self defence and actions mandated by a UN Security Council resolution However one more potential exception exists forcible intervention undertaken upon the invitation or consent of a government seeking assistance in confronting armed opposition groups within its territory Although the latter exception is of increasing importance the numerous questions it raises have received scant attention in the current body of literature This volume fills this gap by analyzing the consent exception in a wide context and attempting to delineate its limits including cases in which government consent power is not only negated but might be transferred to opposition groups The book also discusses the concept of consensual intervention in contemporary international law in juxtaposition to traditional legal doctrines It traces the development of law in this context by drawing from historical examples such as the Spanish Civil War as well as recent cases such those of the Democratic Republic of the Congo Somalia Libya and Syria This book will be of much interest to students of international law civil wars the Responsibility to Protect war and conflict studies and IR in general

Nigeria's Fourth Republic, 1999-2021 Michael Nwankpa, 2022-11-18 This book reflects on Nigeria's fourth republic the country's longest democratic period since it gained independence from Great Britain It argues that although

constitutional or political democracy has lasted for over two decades in Nigeria and seen three successful democratic changes of power Nigeria's democracy remains largely militarised During Nigeria's fourth republic political and socio-economic affairs have been increasingly dominated by a pervasive military presence and ideology which has seen a redistribution of resources and government funds away from social programmes into an increase in security budgets weapons proliferation and internal military interventions and occupations This institutionalisation of violence has turned the country into a national security state where the rule of force and violence rather than dialogue and compassion reflect everyday reality Whilst acknowledging the history of militarisation during colonial and military rule this book makes a compelling argument for considering the distinct character of the Nigerian nation state's path to militarisation over the last 20 years of experimentation with democracy This book's fresh insights into the fourth republic's path to militarisation will be of interest to researchers of African politics security and development
