FREDERICK BODMER

Loom Of Language

**Frederick Bodmer, Lancelot Thomas
Hogben**

Loom Of Language:

The Loom of Language Frederick Bodmer, 1985 Here is an informative introduction to language its origins in the past its growth through history and its present use for communication between peoples It is at the same time a history of language a guide to foreign tongues and a method for learning them It shows through basic vocabularies family resemblances of languages Teutonic Romance Greek helpful tricks of translation key combinations of roots and phonetic patterns It presents by common sense methods the most helpful approach to the mastery of many languages it condenses vocabulary to a minimum of essential words it simplifies grammar in an entirely new way and it teaches a language as it is actually used in everyday life

Edited and Arr. by Lancelot Hogben* Frederick Bodmer, Lancelot Thomas Hogben, 1944 *The Loom of Language* Frederick Bodmer, Lancelot Thomas Hogben, 1944 *The Loom of Language ; a Guide to Foreign Languages for the Home Student* Frederick Bodmer, 1949 *An Encyclopedia of Language* N.E. Collinge, 2002-09-11

Examines how language works accounting for its nature its use its study and its history Two comprehensive indexes of Topics and Technical Terms and Names Carefully illustrated to explain key points in the text This rich repository of information on all aspects of language is a must for all libraries in higher education schools and larger public libraries Library Review Each article has an excellent bibliography In addition there are comprehensive indexes of topics and technical terms and names Highly recommended for all college and general public libraries Choice This important book is in many ways a state of the art survey of current conceptions of and approaches to language with generous references to more detailed sources Each chapter has a good bibliography Language International A comprehensive guide with very thorough bibliographies Collinge's Encyclopedia is recommended to academic libraries Reference Reviews The bibliographies are an invaluable aid the editor is to be congratulated for having done an excellent job there are virtually no areas of language and linguistics that do not get a look in somewhere and there is good signposting in the text itself Nigel Vincent Times Higher Education Supplement *A Leonard Bloomfield Anthology* Leonard

Bloomfield, 1987-07-27 In the centenary year of Leonard Bloomfield's birth this abridgment makes available a representative selection of the writings of this central figure in the history of linguistics Hockett has achieved his purpose to reveal Bloomfield's way of working the general principles that guided his work and last but by no means least to indicate how Bloomfield's interests and attitudes changed with the passing years Harry Hoijer Language

Language Learning by a

Chimpanzee Duane M Rumbaugh, 2014-05-10 Language Learning by a Chimpanzee The Lana Project brings together several

disciplinary endeavors such as primatology experimental psychology cognitive psychology computer and information sciences and neurosciences This book is composed of two sets of data one relates to language learning in the chimpanzee while the other deals with language construction by Homo sapiens The fundamental issue of mind brain dualism and difference between man and beast are also covered This text mainly describes the LANA project that aims to develop a computer based language training system for investigation into the possibility that chimpanzees may have the capacity to acquire human type language This publication is recommended for biologists specialists and researchers conducting work on language learning in nonhuman primates

The Book of Politics Michael Dutton, 2024-07-05 In *The Book of Politics* Michael Dutton offers an affective theorization of the political and a political theorization of affect Drawing on Western and Chinese social theory and practice Dutton rethinks Carl Schmitt's insistence that the political can be thought of only within the antagonistic pairing of friend and enemy Dutton shows how the power of the friend enemy binary must be understood by conceptualizing the political as the channeling harnessing and transforming of affective energy flows in relation to that binary Given this affective nature of politics Dutton contends that to rethink the political means moving away from a political science toward an art of the political Such an art highlights fluidity and pulls away from Eurocentric political theory requiring a conceptualization of the political as global He juxtaposes ancient Chinese cosmology medicine and Maoism against the monuments of early capitalist modernity such as the Crystal Palace and the Eiffel Tower to highlight the differences in political investments and intensities From the Chinese revolution to the global rise of right wing movements Dutton rethinks politics in the contemporary world

Borderlands of the Spirit John Herlihy, 2005 Through a penetrating analysis of reason and intellect spiritual imagination and the light of faith this book addresses fundamental questions pertaining to our search for meaning

The Fabric of Logic Pasquale De Marco, 2025-05-03 In the tapestry of human thought logic and language are the threads that weave together our understanding of the world Logic provides the structure the framework upon which our thoughts and ideas are built Language gives us the words to express those thoughts and ideas to communicate them to others and to explore the vast landscape of human knowledge The relationship between logic and language is a complex and fascinating one and it has been the subject of philosophical inquiry for centuries In this book we will explore this relationship in depth examining how logic and language shape our understanding of the world and how they can be used to construct powerful arguments and persuasive narratives We will begin by examining the nature of logic itself What is logic What are its basic principles How does it help us to reason about the world We will then turn our attention to language exploring the different ways in which we use language to communicate our thoughts and ideas We will also examine the relationship between logic and language and how they can be used together to create powerful and persuasive arguments Finally we will explore the limits of logic and language What are the things that logic and language cannot do What are the limits of human reason We will conclude by considering the implications of these limits for our understanding of the world and our place in it

This book is intended for anyone who is interested in the relationship between logic and language. It is written in a clear and accessible style and it assumes no prior knowledge of philosophy or logic. Whether you are a student, a scholar, or simply someone who is curious about the world around you, this book will provide you with a deeper understanding of the relationship between logic and language and how they shape our understanding of the world.

Key Features:

- Explores the relationship between logic and language in depth.
- Examines the nature of logic and its basic principles.
- Investigates the different ways in which we use language to communicate our thoughts and ideas.
- Explores the limits of logic and language and the implications of these limits for our understanding of the world.

Written in a clear and accessible style assuming no prior knowledge of philosophy or logic. If you like this book, write a review on Google Books.

Walt Whitman's Language Experiment

James Perrin Warren, 1990-10-01. Combining intellectual history with literary analysis, this study of Whitman's language experiment from 1855 to 1892 offers a refreshing new look at his theory of language, especially the English language in America as an expression of a national spirit, and relates that theory to the language and style of Whitman's major poems and essays. Whitman viewed American English as the most expressive poetic language that ever existed, and he used his studies of historical linguistics to corroborate that view. Part 1 explicates the theory of language that Whitman developed in his linguistic notebooks, unpublished manuscripts, fugitive essays, and two chapters of the popular book *Rambles Among Words*. The diction and syntax of the 1855-1856 editions of *Leaves of Grass* are analyzed to show how Whitman's overwhelming interest in language theories resulted in the language experiment of the poems. Part 2 examines the ways in which Whitman's view of language as an expression of the constantly evolving spirit of America subtly shifted to a more cumulative, backward-looking vision of linguistic and spiritual change. Analysis of the diction, syntax, and organization of the last four editions of *Leaves of Grass* reveals how this shift in vision affected the style of Whitman's poetry and prose from 1860 to 1892. Whitman's groundbreaking poetic style, the author concludes, was a direct consequence of his view of language and the human spirit as dynamic, progressivist, and actively changing within a temporal world. Conversely, Whitman's experiments in both prose and poetry helped confirm his view of linguistic and spiritual evolution.
