Lord Acton Selected Vols1 3:

Power Tends To Corrupt Christopher Lazarski,2012-11-15 Lord Acton 1834 1902 is often called a historian of liberty A great historian and political thinker he had a rare talent to reach beneath the surface and reveal the hidden springs that move the world While endeavoring to understand the components of a truly free society Acton attempted to see how the principles of self determination and freedom worked in practice from antiquity to his own time But though he penned hundreds of papers essays reviews letters and ephemera the ultimate book of his findings and views on the history of liberty remained unwritten Reading a book a day for years he still could not keep pace with the output of his time and finally dejected he gave up Today Acton is mainly known for a single maxim power tends to corrupt and absolute power corrupts absolutely In Power Tends to Corrupt Christopher Lazarski presents the first in depth consideration of Acton s thought in more than fifty years Lazarski brings Acton s work to light in accessible language with a focus on his understanding of liberty and its development in Western history A work akin to Acton s overall account of the history of liberty with a secondary look at his political theory this book is an outstanding exegesis of the theories and findings of one of the nineteenth century s keenest minds

Liberalism Domenico Losurdo,2014-02-04 In this definitive historical investigation Italian author and philosopher Domenico Losurdo argues that from the outset liberalism as a philosophical position and ideology has been bound up with the most illiberal of policies slavery colonialism genocide racism and snobbery Narrating an intellectual history running from the eighteenth through to the twentieth centuries Losurdo examines the thought of preeminent liberal writers such as Locke Burke Tocqueville Constant Bentham and Sieys revealing the inner contradictions of an intellectual position that has exercised a formative influence on today s politics Among the dominant strains of liberalism he discerns the counter currents of more radical positions lost in the constitution of the modern world order *The Cambridge Modern History Planning by the Late Lord Acton ...* Sir Adolphus William Ward,1904

On Ordered Liberty Samuel Gregg,2003-07-28 Perhaps no issue is more divisive among philosophers jurists and theologians than the nature of human liberty Liberty is central to the claims of the Christian Gospel the Glorious Revolution of 1688 and the American Revolution But discussions about the nature of freedom have been characterized by profound disagreement and unsettling questions What does it mean to be free Is freedom worth more than mens lives Why should man be free What if any legitimate responsibilities accompany freedom These subjects are that the heart of Samuel Gregg s new book *On Ordered Liberty* Beginning with the insights of Alexis de Tocqueville and some natural law theorists Gregg suggests that something which he terms integral law must be distinguished from most contemporary visions of freedom He argues that this new arrangement requires a complete repudiation of utilitarian ideas on the grounds that they are incompatible with human nature He also recommends a new and more rigorous focus on the basic but often neglected question what is man *On Ordered Liberty* goes beyond the liberal and conservative divide asking its readers to think about the proper ends of human choice and actions in a

Curing Mad Truths Rémi Brague, 2019-06-25 In his first book composed in English Rémi Brague maintains that there is a fundamental problem with modernity we no longer consider the created world and humanity as intrinsically valuable *Curing Mad Truths* based on a number of Brague's lectures to English speaking audiences explores the idea that humanity must return to the Middle Ages Not the Middle Ages of purported backwardness and barbarism but rather a Middle Ages that understood creation including human beings as the product of an intelligent and benevolent God The positive developments that have come about due to the modern project be they health knowledge freedom or peace are not grounded in a rational project because human existence itself is no longer the good that it once was Brague turns to our intellectual forebears of the medieval world to present a reasoned argument as to why humanity and civilizations are goods worth promoting and preserving *Curing Mad Truths* will be of interest to a learned audience of philosophers historians and medievalists

Conjectures of Order Michael O'Brien, 2004-03-01 In this magisterial history of intellectual life Michael O'Brien analyzes the lives and works of antebellum Southern thinkers and reintegrates the South into the larger tradition of American and European intellectual history O'Brien finds that the evolution of Southern intellectual life paralleled and modified developments across the Atlantic by moving from a late Enlightenment sensibility to Romanticism and lastly to an early form of realism Volume 1 describes the social underpinnings of the Southern intellect by examining patterns of travel and migration the formation of ideas on race gender ethnicity locality and class and the

structures of discourse expressed in manuscripts and print culture In Volume 2 O'Brien looks at the genres that became characteristic of Southern thought Throughout he pays careful attention to the many individuals who fashioned the Southern mind including John C Calhoun Louisa McCord James Henley Thornwell and George Fitzhugh Placing the South in the larger tradition of American and European intellectual history while recovering the contributions of numerous influential thinkers and writers O'Brien's masterwork demonstrates the sophistication and complexity of Southern intellectual life before 1860

Translating the Message Lamin Sanneh, 2015-02-25 *The Pope and the Professor* Thomas Albert Howard, 2017 A history of the Catholic Church after the French Revolution through the story of the Döllinger affair Ignaz von Döllinger 1799-1890 was a leading critic of Pope Pius IX and in particular the doctrine of Papal Infallibility defined during the First Vatican Council

The Science of History in Victorian Britain Ian Hesketh, 2016-09-12 New attitudes towards history in nineteenth century Britain saw a rejection of romantic literary techniques in favour of a professionalized scientific methodology The development of history as a scientific discipline was undertaken by several key historians of the Victorian period influenced by German scientific history and British natural philosophy This study examines parallels between the professionalization of both history and science at the time which have previously been overlooked Hesketh challenges accepted notions of a single scientific approach to history Instead he draws on a variety of sources monographs lectures correspondence from eminent Victorian historians to uncover numerous competing discourses

Institutional Competition Andreas Bergh, Rolf Höijer, 2008-01-01 This book has much to commend it because of the richness and diversity of the issues addressed Indira Rajaraman Tax Justice Focus The volume offers substantial insights into the nature of institutional competition focusing mostly on governmental institutions and shows the many subtleties in understanding and analyzing the role of institutions Institutional competition is a small subset of institutional analysis but an important one and while the volume does cover the more familiar tax and expenditure topics it also delves more deeply into the subject Randall G

Holcombe Public Choice While economists typically praise the merits of competition among market based enterprises they are not so sure when it comes to competition among institutions especially governments I am aware of no better source for thoughtful reflection on competition among institutions than the ten essays presented in this book Richard E Wagner George Mason University US Why is competition between institutions usually viewed in a negative light when competition is considered positive in most other economic contexts The contributors to this volume introduce new perspectives on this issue analytically and empirically exploring reasons for this perception Negative assessments of institutional competition

emphasize that such competition may lead to a race to the bottom in terms of eroding government revenues redistributing wealth from workers to capitalists and limiting democracy by forcing politicians to prioritize international investment capital rather than working for their voters In this volume however many of the essays draw attention to the positive learning and information effects The contributors conclude that competition may actually lead to institutions becoming more efficient in

allocating resources Students and scholars of economics political economy international relations and political science will find the book's non traditional take on institutional competition a must read as will policy analysts and those with an interest in taxation and welfare states

Mont Pèlerin 1947 Bruce Caldwell, 2022-03-01 Marking the 75th anniversary of the first meeting of the Mont Pèlerin Society in 1947 this volume presents for the first time the original transcripts from this landmark event The society was created by Friedrich Hayek as a forum for leading economists and intellectuals to discuss and debate classical liberal values in the face of a rapidly changing world and political trends toward socialism Bruce Caldwell a major scholar of Hayek provides an informative introduction and explanatory notes to the source documents drawn from the Hoover Institution Library Archives where they have been available to scholars Now accessible to all the transcripts reveal what was said on a wide range of topics including free markets monetary reform wage policy taxation agricultural policy the future of Germany Christianity and liberalism and more They provide insights into the thinking of men such as Hayek Milton Friedman Aaron Director Frank Knight Walter Eucken Karl Popper and other leading figures in the classical liberalism movement illuminating not only their ideas but also their distinctive personalities A photo section shows rarely seen images from the meeting

Justice before Reconciliation Dipankar Gupta, 2013-04-03 The book explores how Muslims in Mumbai and Ahmedabad coped with the aftermath of the violence directed against them in 1993 and 2002 respectively and how they responded to the ethnic carnages of which they were the victims highlighting the importance of the context and the history of the place where such violence occurred Unlike other studies on ethnic violence which have a short term focus in dealing with its immediate aftermath this book examines what happens to the victims over time and how they negotiate a new normal and get on with their lives Using empirical material based on field work in Mumbai and Ahmedabad the book shows that while poverty education and employment remain important elements in the recovery process the most crucial issue is that of justice and the need to reclaim citizenship A significant section of the book is devoted to the relationship between Muslim faith based organisations and the victims of ethnic violence

Nationalism Versus Cosmopolitanism in German Thought and Culture, 1789-1914 Mary Anne Perkins, Martin Liebscher, 2006 This collection of essays by scholars of international repute explores a particular polarity with 19th Century German thought that of nationhood and European identity Two fundamental factors are discussed the recognition that perceptions of German nationhood have been a crucial factor with European consciousness since long before the existence of Germany as a unified state and an acknowledgement of bitter memories of the two World Wars of the 20th century

The Defenders of Liberty Neema Parvini, 2020-05-01 The Defenders of Liberty presents a history of economic liberalism from the Renaissance to the present It chronicles the tradition of thought that sees human nature as social yet self interested methodological individualism as its key analytical tool and property rights as foundational to a civilised society In the development of this way of thinking it considers the contributions of many key thinkers including Niccol Machiavelli Thomas Hobbes John Locke Richard Cantillon A J R Turgot David Hume

Adam Smith Nassau William Senior Richard Cobden Herbert Spencer Jean Baptiste Say Carl Menger William Stanley Jevons Gaetano Mosca Eugen Böhm-Bawerk Vilfredo Pareto Phillip Wicksteed Edwin Cannan Ludwig von Mises Lionel Robbins F A Hayek W H Hutt Milton Friedman George Stigler Murray N Rothbard James M Buchanan and Thomas Sowell The book contends that liberalism needs to be grounded in realism and that it has been derailed whenever economists have deviated from an explicitly realist understanding of human nature individualism and property rights It argues that the cause of liberalism was compromised by errors in economic reasoning by such major figures as David Ricardo John Stuart Mill Alfred Marshall A C Pigou and John Maynard Keynes In diagnosing what has gone wrong for liberalism in the twenty first century The Defenders of Liberty argues against substituting mathematical abstraction for causal realism it opposes interventionist central banking it seeks to recover economic liberalism from social and political liberalism which are somewhat unrelated schools of thought it resists a view of human nature rooted in selfishness or atomised individualism and finally alerts defenders of freedom to the ruthless but effective language games played by their opponents This book will be of interest to the educated general reader as well as undergraduates and postgraduates in disciplines such as economics political theory and philosophy

The Struggle for Liberty Ralph Raico, 2025-03-17 Ralph Raico a student of Ludwig von Mises was a historical revisionist in the best sense of the word He cared not for ideological pedigrees or bias he sought the grace of truth wherever it took him In The Struggle for Liberty readers will find a wide ranging look at the history of the West which draws upon ideological trends that began in late antiquity and developed in the Middle Ages Raico highlights important characteristics of Western history such as the tension between secular power and church power and how this fostered political decentralization and economic development in the West Raico outlines how the laissez faire liberals led the fight against absolutism in the seventeenth century and how they revolutionized European and American politics in the eighteenth century He goes on to cover in detail the works and insights of the radical liberals in the nineteenth century who won important battles against protectionism socialism imperialism and militarism Modern readers looking to broaden their knowledge of political history beyond the usual often repeated narratives will likely find many refreshing new details here Beginners may also find this book to be a fruitful starting point for studying the history of Western political thought Adapted from ten lectures delivered in 2004 this newly edited text includes hundreds of footnotes allowing historians and other scholars to examine the lectures source material in a way that has not been possible before Ralph Raico Ralph Raico 1936 2016 was professor emeritus in European history at Buffalo State College and a senior fellow of the Mises Institute He was a specialist on the history of liberty the liberal tradition in Europe and the relationship between war and the rise of the state He is the author of *The Place of Religion in the Liberal Philosophy of Constant Tocqueville and Lord Acton* *Utilitarianism and Empire* Bart Schultz, Georgios Varouxakis, 2005-08-29 The classical utilitarian legacy of Jeremy Bentham J S Mill James Mill and Henry Sidgwick has often been charged with both theoretical and practical complicity in the growth of British

imperialism and the emerging racist discourse of the nineteenth century But there has been little scholarly work devoted to bringing together the conflicting interpretive perspectives on this legacy and its complex evolution with respect to orientalism and imperialism This volume with contributions by leading scholars in the field represents the first attempt to survey the full range of current scholarly controversy on how the classical utilitarians conceived of race and the part it played in their ethical and political programs particularly with respect to such issues as slavery and the governance of India The book both advances our understanding of the history of utilitarianism and imperialism and promotes the scholarly debate clarifying the major points at issue between those sympathetic to the utilitarian legacy and those critical of it **Secession, State, and Liberty** David Gordon, 2017-09-29 The political impulse to secede to attempt to separate from central government control is a conspicuous feature of the post cold war world It is alive and growing in Canada Russia China Italy Belgium Britain and even the United States Yet secession remains one of the least studied and least understood of all historical and political phenomena The contributors to this volume have filled this gap with wide ranging investigations rooted in history political philosophy ethics and economic theory of secessionist movements in the United States Canada and Europe *The Commercial Society* Samuel Gregg, 2007-01-01 Guided by the thoughts of Alexis de Tocqueville Samuel Gregg s *The Commercial Society* identifies and explores the key foundational elements that must exist within a society for commercial order to take root and flourish Gregg studies the challenges that have consistently impeded and occasionally undermined commercial order **A Select Analytical List of Books Concerning the Great War** George Walter Prothero, 1923
