Mexico The End Of The Revolution:

Mexico, the End of the Revolution Donald C. Hodges, Ross Gandy, 2001-10-30 This study reveals how the social pact formalized during the armed stage of the Mexican Revolution 1910-20 and implemented during the second stage 1920-40 was upset during the third or arrested stage 1940-70 when the bureaucrat professionals at the helm opted for intensive economic development by taking the capitalist road Although momentarily revived during yet a fourth stage of revolution 1970-82 this social pact was subsequently betrayed from within by the official party of the Revolution and undermined from without by the operation of economic forces behind the scenes In this first book on the complete history of the Mexican Revolution Hodges and Gandy reveal that along with the end of its social pact Mexico passed out of its former nationalist and capitalist orbit to enter the new professional societies and global order fathered by the transnationals From 1920 to 1970 Mexico's bureaucrat professionals hung onto political power while native capitalists continued to flourish In response Mexico's workers and peasants staged strikes against the nationalized sector and fomented guerrilla wars Concessions were then made to this group until beginning in 1982 the social pact was again eroded at the expense not only of the popular sectors but also of the capitalists The economic surplus was redistributed away from owners and into the pockets of professionals That was the Revolution's last gasp before it was officially put to rest in 2000 with the official party's defeat at the polls Hodges and Gandy challenge the current belief that Mexico's economic system is still capitalist by presenting statistical evidence that shows how the chief beneficiaries of the economy are no longer the providers of capital but instead the providers of professional services

Richmond,Sam W. Haynes,2013-03-22 In 1910 insurgent leaders crushed the Porfirian dictatorship but in the years that followed fought among themselves until a nationalist consensus produced the 1917 Constitution This in turn provided the basis for a reform agenda that transformed Mexico in the modern era The civil war and the reforms that followed receive new and insightful attention in this book These essays the result of the 45th annual Walter Prescott Webb Memorial Lectures presented by the University of Texas at Arlington in March 2010 commemorate the centennial of the outbreak of the revolution A potent mix of factors including the concentration of wealth in the hands of a few thousand hacienda owners rancheros and foreign capitalists the ideological conflict between the Diaz government and the dissident regional reformers and the grinding poverty afflicting the majority of the nation s eleven million industrial and rural laborers provided the volatile fuel that produced the first major political and social revolution of the twentieth century The conflagration soon swept across the Rio Grande indeed The Mexican Revolution shows clearly that the struggle in Mexico had tremendous implications for the American Southwest During the years of revolution hundreds of thousands of Mexican citizens crossed the border into the United States As a result the region experienced waves of ethnically motivated violence economic tensions and the mass expulsions of Mexicans and US citizens of Mexican descent *Revolutionary Women of Texas and Mexico* Kathy Sosa,Ellen Riojas Clark,Jennifer Speed,2020-12-01 Much ink has been spilled over the men of the Mexican Revolution but far less has been written about its women Kathy Sosa Ellen Riojas Clark and Jennifer Speed set out to right this wrong in *Revolutionary Women of Texas and Mexico* which celebrates the women of early Texas and Mexico who refused to walk a traditional path The anthology embraces an expansive definition of the word revolutionary by looking at female role models from decades ago and subversives who continue to stand up for their visions and ideals Eighteen portraits introduce readers to these rebels by providing glimpses into their lives and places in history At the heart of the portraits are the women of the Mexican Revolution 1910 1920 women like the soldaderas who shadowed the Mexican armies tasked with caring for and treating the wounded troops Filling in the gaps are iconic godmothers like the Virgin of Guadalupe and La Malinche whose stories are seamlessly woven into the collective history of Texas and Mexico Portraits of artists Frida Kahlo and Nahui Olin and activists Emma Tenayuca and Genoveva Morales take readers from postrevolutionary Mexico into the present Portraits include a biography an original pen and ink illustration and a historical or literary piece by a contemporary writer who was inspired by their subject s legacy Sandra Cisneros Laura Esquivel Elena Poniatowska Carmen Tafolla and

other contributors bring their experience to bear in their pieces and historian Jennifer Speed's introduction contextualizes each woman in her cultural historical moment.
