Stanley, 2015-06-15. Excerpt from *My Early Travels and Adventures in America and Asia*. The letters from the Indian country which are contained in the first volume were not written with a view to permanent publication but for the exacting and imperious necessities of American newspapers principally for the Missouri Democrat of St Louis and a New York paper. Previous to the period at which they begin I had been only an Occasional Descriptist of battle scenes and important public events but in my twenty fifth year I was promoted to the proud position of a Special Correspondent with the very large commission to inform the public regarding all matters of general interest affecting the Indians and the great Western plains. The incidents to which the letters relate occurred in 1867 during two Indian campaigns. When General Hancock's expedition first set out from the Missouri River it was generally expected that there would be a good deal of fighting but the General's disposition and management of the Indian chiefs were such that he had only to conduct a series of tactical marches through the red men's domains. considered by the Kings of Ancient Egypt as a good defence against the Assyrians and Persians The two seas which bound it north and south were almost connected by a chain of salt lakes which occupied every depression on the isthmus There is evidence enough to prove that in prehistoric times the Red Sea and the Mediterranean once commingled their waters and that the sand which formed the isthmus had been gradually heaped up by action of strong wind and tides For in the time of Isaiah this process was taking place About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
