modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Fans of the World, Unite!** Stephen F. Ross,Stefan Szymanski,2008-08-19 Fans of baseball football basketball and hockey have long been exploited and oppressed by the monopolistic practices of team owners The time has come for a revolution in the organization of major U S sports Fans of the World Unite is a clarion call to sports fans Appealing to anyone who is in despair due to the greed and incompetence of team owners this book proposes a significant restructuring of sports leagues It sets out a rational program for a revolution that will serve the best interests of the fans and of the sport itself But Stephen F Ross and Stefan Szymanski are no Marxists they show how a revolution in the organization of sports might even benefit the owners By harnessing the power of markets sports leagues can be made both more responsive to the needs of the fans and more efficient Ross and Szymanski have spent many years evaluating the ways in which leagues work across the globe Drawing on their extensive study of leagues the authors boil down their plan to two major reforms Borrowing from NASCAR they propose that team owners should not own sports leagues as well Rather league ownership should be separate Their second proposal is drawn from soccer introduce competition through a promotion and relegation system In this type of system the worst teams in the league are kicked out at the end of the season and replaced by the best performing teams in the next division down This gives poor performing teams incentive to step up their game and allows fresh blood to enter the leagues if the poor performers fail to do so The main goal of these reforms is to align the financial interest of those who own the league with the best interests of the fans and the sport Having laid out the problem and the solution the authors skillfully address practical implications of introducing their scheme suggesting how leagues might at least make some changes if not all of those suggested The time for change has come Armed with this book and with fairness on their side fans can set forth to begin a revolution **A Day to Remember** Pasquale De Marco,2025-04-30 A Day to Remember is the definitive account of the 1992 Hooters 500 the race that determined the 1992 NASCAR Winston Cup championship saw the final race for NASCAR king Richard Petty and the debut of future champion Jeff Gordon Pasquale De Marco takes readers inside the garages onto the track and into the hearts and minds of the drivers crews and fans who witnessed this historic event With unprecedented access to the drivers their teams and the behind the scenes drama Pasquale De Marco tells the complete story of the race from the early days of NASCAR to the checkered flag that ended it all A Day to Remember is more than just a race story It is a story about the people who make NASCAR the most popular sport in America It is a story about the passion the dedication and the sacrifice that goes into winning a championship And it is a story about the legacy of Richard Petty the greatest driver in NASCAR history If you are a fan of NASCAR or if you are just curious about what makes this sport so popular then you need to read A Day to Remember It is a book that will entertain you inform you and inspire you A Day to Remember is a must read for any fan of NASCAR It is a book that will be treasured by fans for generations to come If you like this book write a
