

3 NASIONALISME

en Kommunisme
deur prof. dr. D. J. Kotzé
Deel Drie
van Nasionalisme as
Historiese Faktor

Die twee belangrikste ideologieë van die twintigste eeu is nasionalisme en kommunisme. Dit is egter twee ideologieë wat mekaar teoreties uitsluit. 'n Nasionalis gaan van die standpunt uit dat die beginsel „nasia” sentraal geplaas moet word. Die eie nasia moet die hoogste liefde, eer, trou en lojaliteit ontvang. Daarteenoor glo die kommunist dat die beginsel „klas” sentraal geplaas moet word, wat in staatkundige opsig op kosmopolitisme moet uitloop, en uiteindelik op 'n staatlose samelewing. □ Die nasionalisme beskou die kommunisme tereg as een van sy grootste gevare, en omgekeerd. Tog slaag die kommunisme dikwels daarin om nasionalisme tot sy eie voordeel te gebruik. Maar nasionalisme kan ook gebruik word om kommunisme suksesvol te bestry. □ In hierdie derde en laaste band oor die nasionalisme as historiese faktor gee prof. Kotzé 'n duidelike en diepgaande oorsig oor die oorspronklike Marxisme en sy ontwikkeling tot op hede, o.a. ook in Afrika en Rooi China. Die implikasies daarvan vir die nasionalisme in onafhanklike en onderhorige gebiede word indringend behandel en met insiggewende voorbeelde toegelig.

Nasionalisme En Kommunisme:

Nasionalisme en kommunisme D. J. Kotzé, 1970 Nasionalisme en Kommunisme in Afrika, 196? **Christian Nationalism and Anticommunism in Twentieth-Century South Africa** Ruhan Fourie, 2024-03-19 This book investigates Afrikaner anticommunism in South Africa in the twentieth century focusing on the Dutch Reformed Church. Following contemporary understandings of anticommunism as a fluid ideological stance it demonstrates that the deeply held anticommunist convictions of ordinary twentieth century Afrikaners is more than merely a natural result of global politics. It examines how the DRC the institution with the widest reach and deepest influence in the everyday lives of Afrikaners played a significant role in perpetuating an anticommunist imagination amongst twentieth century Afrikaners. The text explores the critical role the DRC fulfilled in legitimising overt opposition to and suppression of communism in all its perceived manifestations including black dissent whilst also creating an Afrikaner imagination in which the volk remained convinced of the ever present communist threat and of its own role as a bulwark against communism. The church's moral standing in Afrikaner society also made it susceptible to right wing opportunists gaining mainstream political clout which this monograph also exposes and explains. It ultimately concludes that anticommunism functioned as a vehicle for nationalist unity and uniformity a paradigm for Afrikaner identity and a legitimiser of the volk's perceptions of its imagined moral high ground throughout the twentieth century. It will appeal to readers interested in anticommunism. Christian nationalism right wing networks racism and apartheid culture and society **Meer oor P J van der Merwe** Margaretha Schaefer, 2017-07-17 e Saam met Berigte uit die Dorsland het die historikus se dogter Margaretha Schaefer ook Meer oor P J van der Merwe saamgestel. Dit vorm as t ware n tweeluik. Baie interessant is onder meer koerantberigte oor Van der Merwe se openbare optredes in 1940 terwyl die Tweede Wereldoorlog gewoed het. Hy was toe nog nie 30 jaar oud nie en het pas teruggekeer van Nederland waar hy sy doktorsale studies afgehandel het. In die bundel is verskeie resensies opgeneem wat Van der Merwe oor leidende historici se werk geskryf het. Dit sluit ook in evaluasies van ander historici van sy werk en van die dosente in die Geskiedenis departement aan die U S waarvan hy van 1955 tot 1977 die effektiewe hoof was. n Opstel deur F A van Jaarsveld waarin hy Van der Merwe en sy werk ontleed is een van die mees uitstaande bydraes van hierdie historikus. Dit is egter die essay getitel Trek deur die Australiese historikus W K Hancock wat in die tydskrif The Economic History Review gepubliseer is wat beter as alle ander pogings slaag om die unieke bydrae van Van der Merwe tot die Suid Afrikaanse historiografie te beskryf en te ontleed. e Hemann Giliomee **Communism and South Africa** D. J. Kotzé, 1979 **Experiments with Marxism-Leninism in Cold War Southeast Asia** Matthew Galway, Marc H. Opper, 2022-09-21 One of the most contentious theatres of the global conflict between capitalism and communism was Southeast Asia. From the 1920s until the end of the Cold War the region was racked by international and internal wars that claimed the lives of millions and fundamentally altered societies in the region for generations. Most of the 11 countries that compose Southeast Asia were host to the

development of sizable communist parties that actively and sometimes violently contested for political power. These parties were the object of fierce repression by European colonial powers post independence governments and the United States. Southeast Asia communist parties were also the object of a great deal of analysis both during and after these conflicts. This book brings together a host of expert scholars many of whom are either Southeast Asia based or from the countries under analysis to present the most expansive and comprehensive study to date on ideological and practical experiments with Marxism Leninism in Southeast Asia. The bulk of this edited volume presents the contents of these revolutionary ideologies on their own terms and their transformations in praxis by using primary source materials that are free of the preconceptions and distortions of counterinsurgent narratives. A unifying strength of this work is its focus on using primary sources in the original languages of the insurgents themselves.

The Social Evolution of Indonesia

F. Tichelman, 2012-12-06. At a fairly early stage of socialism's penetration into the Afro-Asian world, a handful of European social democrats established an Indian Social Democratic Association (ISDV). They did so in a country, Indonesia, that was economically little developed and far away from any of the centres of European socialism and Asiatic radical nationalism. The ISDV was soon able to bring its influence to bear on sections of the urban proletariat and to build up an Indonesian revolutionary movement. This occurred in sharp competition with a nascent nationalist leadership and then without the usual intermediary role played by radicalizing groups of native intelligentsia. In this way, Dutch social democrats laid the foundations for one of the first communist parties in Asia and Africa, a party which was destined to become one of the few communist mass parties of the Third World. However, in contrast to the major communist movements of China and Vietnam, this Indonesian party was to demonstrate a basic weakness: successive and catastrophic defeats. If we leave out Japan, the only non-Western country where a capitalist industrial revolution occurred, we see that foreign and particularly Western minorities frequently did play a dominant role in the initial and formative phases of

the socialist and workers movements of the Afro Asiatic world Breaking the Chains of Oppression of the Indonesian People Heri Akhmadi, 2009-12 From its establishment in 1954 part of the mandate of Cornell s Modern Indonesia Project has been the translation and publication in English of important documents that would otherwise have been unavailable to many of those interested in Indonesia s social and political history These have included the writings of Hatta A K Pringgodigdo Simatupang Sjahrir Sudjatmoko Sukarno Supomo Widjojo and Wilopo Also included in this coverage of the Translation Series have been documents unavailable even in the original Dutch or Indonesian such as the long suppressed report by the Netherlands East Indies Government s Coolie Budget Commission Living Conditions of Plantation Workers and Peasants on Java which we published twenty five years ago The translation here presented of Heri Akhmadi s defense statement at his trial is of a similar genre for despite its intrinsic significance and its relevance to an appreciation of how the leaders of a new generation of educated Indonesians view their country s government and its major social economic and political problems it too has been suppressed To prevent this important insight into the current Indonesian situation becoming buried and unavailable we are pleased to help provide for the dissemination it deserves I would predict that a quarter of a century from now Heri Akhmadi s statement may well be regarded as having at least as much importance to understanding present day Indonesia as the Coolie Budget Commission report had for an earlier period in the country s history Heri Akhmadi was elected by the student body of the Bandung Institute of Technology one of the most prestigious institutions of higher learning in the country as Chairman of their Student Council and their principal representative Since his views are close to those of the elected student leaders from more than two dozen other universities and colleges who were arrested at the same time his statement can be regarded as representative of the ideas of the intellectual vanguard of the contemporary generation of Indonesian students which despite ongoing efforts to suppress them are likely to have a significant effect on their country s history Heri Akhmadi and these other student leaders were arrested and jailed in 1978 following widespread student protest at Suharto s unopposed election for another term as President As a consequence they were charged with having insulted the head of state and it is because of the nature of this charge that Heri Akhmadi s defense statement takes the form it does What the government considers as an insult to the head of state is what the students see as valid criticism of its policies It is to these criticisms that Heri Akhmadi addresses his defense statement that we have here published George McT Kahin January 1981 **Historia** ,2008
