Nathaniel Hawthorne Journal 1976:

The Nathaniel Hawthorne Journal, 1978 *Illusions in Motion* Erkki Huhtamo, 2023-08-22 Tracing the cultural material and discursive history of an early manifestation of media culture in the making Beginning in the late eighteenth century huge circular panoramas presented their audiences with resplendent representations that ranged from historic battles to exotic locations Such panoramas were immersive but static There were other panoramas that moved hundreds and probably thousands of them Their history has been largely forgotten In *Illusions in Motion* Erkki Huhtamo excavates this neglected early manifestation of media culture in the making The moving panorama was a long painting that unscrolled behind a window by means of a mechanical cranking system accompanied by a lecture music and sometimes sound and light effects Showmen exhibited such panoramas in venues that ranged from opera houses to church halls creating a market for mediated realities in both city and country In the first history of this phenomenon Huhtamo analyzes the moving panorama in all its complexity investigating its relationship to other media and its role in the culture of its time In his telling the panorama becomes a window for observing media in operation Huhtamo explores such topics as cultural forms that anticipated the moving panorama theatrical panoramas the diorama the panoramania of the 1850s and the career of Albert Smith the most successful showman of that era competition with magic lantern shows the final flowering of the panorama in the late nineteenth century and the panorama's afterlife as a topos traced through its evocation in literature journalism science philosophy and propaganda

The Scarlet Mob of Scribblers Jamie Barlowe, 2000 Barlowe examines the causes and consequences of the continuing disregard for women's scholarship To that end she chronicles *The Scarlet Letter*'s critical reception analyzes the history of Hester Prynne as a cultural icon in literature and film rereads the canonized criticism of the novel and offers a new reading of Hawthorne's work by rescuing marginalized interpretations from the alternative canon of women critics

BOOK JACKET *The Threads of The Scarlet Letter* Richard Kopley, 2003 *The Threads of The Scarlet Letter* offers new discoveries regarding the origins of Hawthorne's masterpiece as well as critical interpretations based on these discoveries Relying on a blend of close reading biographical analysis and archival research this book demonstrates anew the power of traditional scholarship *The Threads of The Scarlet Letter* illuminates Hawthorne's transformation of Poe's celebrated tale *The Tell Tale Heart* and Lowell's long neglected poem *A Legend of Brittany* and identifying the hitherto unknown author of the seminal narrative *The Salem Belle* investigates Hawthorne's brilliant borrowing from that novel as well The present volume argues that Hawthorne repeatedly attenuated his sources but also allowed sufficient detail to permit their recognition Furthermore this volume elaborates Hawthorne's reworking of formal traditions in *The Scarlet Letter* traditions that importantly clarify the meaning of the whole *The Scarlet Letter* is shown to be a complex rendering of man's fall and redemption and a triumphant assertion of literary vocation *The Threads of The Scarlet Letter* includes a useful bibliographical overview of the history of the study of the origins of Hawthorne's greatest work *The Art of Authorial*

Presence Gary Richard Thompson, 1993 The critical literary world has spent a wealth of thought and words on the question of Hawthorne himself Where does he stand in his works In history In literary tradition In this major new study G R Thompson recasts the Hawthorne question to show how authorial presence in the writer's works is as much a matter of art as the writing itself The Hawthorne who emerges from this masterful analysis is not as has been supposed identical to the provincial narrator of his early tales instead he is revealed to be the skillful manipulator of that narrative voice an author at an ironic distance from the tales he tells By focusing on the provincial tales as they were originally conceived as a narrative cycle Thompson is able to recover intertextual references that reveal Hawthorne's preoccupation with framing strategies and variations on authorial presence The author shows how Hawthorne deliberately constructs sentimental narratives only to deconstruct them Thompson's analysis provides a new aesthetic context for understanding the whole shape of Hawthorne's career as well as the narrative ethical and historical issues within individual works Revisionary in its view of one of America's greatest authors *The Art of Authorial Presence* also offers invaluable insight into the problems of narratology and historiography ethics and psychology romanticism and idealism and the cultural myths of America **Inchbald,**

Hawthorne and the Romantic Moral Romance Ben P Robertson, 2015-10-06 Explores the connections between British and American Romanticism focusing on the novels of Elizabeth Inchbald 1753-1821 and Nathaniel Hawthorne 1804-1864 This study argues that Inchbald and Hawthorne are representative of a larger British American cultural confluence during the eighteenth and nineteenth centuries *Dearest Beloved* T. Walter Herbert, 1993-02-15 The marriage of Nathaniel and

Sophia Hawthorne for their contemporaries a model of true love and married happiness was also a scene of revulsion and combat T Walter Herbert reveals the tragic conflicts beneath the Hawthorne's ideal of domestic fulfillment and shows how their marriage reflected the tensions within nineteenth century society In so doing he sheds new light on Hawthorne's fiction with its obsessive themes of guilt and grief balked feminism and homosexual seduction adultery patricide and incest **The**

Consolations of Space Pamela Schirmeister, 1990 Unlike studies that detail how American writers have responded to the physical American landscape this book takes its point of departure from the peculiarities of romance as American writers have understood it Romance has always been tied to place but not to literal or regional place even when the topography of romance is represented as a place to which one might actually go it is always as Coleridge remarked of Spenser's Faeryland a mental landscape that landscape is by its very nature visionary so that its details necessarily constitute a trope of perspective It is the space the writer creates in which he or she stands so as to see things better under those particular lights and shadows that make romance possible Other writers have and have not been there before While the spaces of romance create the writer's perspective trope the very writing of romance they contain complex allusions to poetic forebears Thus this book also explores the function of literary allusion in American romance especially in the nineteenth century **The**

Factory Girl and the Seamstress Amal Amireh, 2021-12-24 This book studies the representations of working class women

in canonical and popular American fiction between 1820 and 1870 These representations have been invisible in nineteenth century American literary and cultural studies due to the general view that antebellum writers did not engage with their society's economic and social realities Against this view and to highlight the cultural importance of working class women this study argues that in responding to industrialization middle class writers such as Melville Hawthorne Fern Davies and Phelps used the figures of the factory worker and the seamstress to express their anxieties about unstable gender and class identities These fictional representations were influenced by and contributed to an important but understudied cultural debate about wage labor working women and class
