Elliott Robert Barkan

Nation Of Peoples A Sourcebook On Americas Multicultural Heritage:

A Nation of Peoples Elliott Robert Barkan,1999 **A Nation of Peoples** Elliott Robert Barkan,1999-05-30 The debate over America s multiculturalism has been intense for nearly three decades dividing opponents into those insisting on such recognition and those fearing that such a formal acknowledgment will undermine the civic bonds created by a heterogeneous nation Facts have often been the victim in this dispute and few works have successfully attempted to present the broad spectrum of America s ethnic groups in a format that is readable current and authoritative The chapters in this reference book demonstrate that America has been far more than a nation of immigrants it has been a nation of peoples of virtually all races religions and nationalities inclusive of indigenous natives and peoples long present as well as myriad immigrant and refugee groups Not all groups have equally found America to be a land of opportunity and the successes of some groups have come at the expense of others To understand the American experience the reader must not just study the story of immigrants living on the East Coast but also the history of those living in the South Southwest West and even Alaska and Hawaii As a reference book this volume provides thorough coverage of more than two dozen racial ethnic and religious groups in the United States Each chapter is written by an expert contributor and overviews the experiences of one group or a cluster of related groups The chapters are arranged alphabetically and cover groups such as African Americans American Indians Filipinos Hawaiians Mexicans Mormons and Puerto Ricans To the extent possible each chapter discusses the initial arrival of the group in America the adaptation of the first generation of immigrants the economic political and cultural integration of the group and the status of the group in contemporary American society Each chapter closes with a bibliographical essay and the volume concludes with a review of the most important general works on America s multicultural heritage

Multicultural Counseling Jerry Trusty,2002 Multicultural Counseling Context Theory Practice Competence *Making It in America* Elliott Robert Barkan,2001-05-01 This collection of over 400 biographies of eminent ethnic Americans celebrates a wide array of inspiring individuals and their contributions to U S history The stories of these 400 eminent ethnic Americans are a testimony to the enduring power of the American dream These men and women from 90 different ethnic groups certainly faced unequal access to opportunities Yet they all became renowned artists writers political and religious leaders scientists and athletes Kahlil Gibran Daniel Inouye Zbigniew Brzezinski Thurgood Marshall Madeleine Albright and many others are living proof that the land of opportunity sometimes lives up to its name Alongside these success stories as historian Elliot R Barkan notes in his introduction to this volume there have been many failures and many immigrants who did not stay in the United States Nevertheless the stories of these trailblazers visionaries and champions portray the breadth of possibilities from organizing a nascent community to winning the Nobel prize They also provide irrefutable evidence that no single generation and no single cultural heritage can claim credit for what America is **Multicultural American Literature** A. Robert Lee,2003 Table of contents **British Immigration to the United States, 1776-1914, Volume 1**

William E van Vugt, 2017-09-29 This four volume reset edition collects immigrants letters immigration guides newspaper articles county history biographies and promotional and advisory pamphlets published by immigrants and travellers land and railroad companies

Cultures in Contact Dirk Hoerder, 2002-11-21 Analysis of migrations regional interregional continent wide and global and the resulting cultural interactions and societal changes

Multicultural America Ronald H.

Bayor, 2011-07-22 This encyclopedia contains 50 thorough profiles of the most numerically significant immigrant groups now making their homes in the United States telling the story of our newest immigrants and introducing them to their fellow Americans One of the main reasons the United States has evolved so quickly and radically in the last 100 years is the large number of ethnically diverse immigrants that have become part of its population People from every area of the world have come to America in an effort to realize their dreams of more opportunity and better lives either for themselves or for their children This book provides a fascinating picture of the lives of immigrants from 50 countries who have contributed substantially to the diversity of the United States exploring all aspects of the immigrants lives in the old world as well as the new Each essay explains why these people have come to the United States how they have adjusted to and integrated into American society and what portends for their future Accounts of the experiences of the second generation and the effects of relations between the United States and the sending country round out these unusually rich and demographically detailed portraits

Encyclopedia of North American Immigration John Powell, 2009 Presents an illustrated A Z reference containing more than 300 entries related to immigration to North America including people places legislation and more

Representations of Classical Greece in Theme Parks Filippo Carlà-Uhink, 2020-04-16 Theme park studies is a growing field in social and cultural studies Nonetheless until now little attention has been dedicated to the choice of the themes represented in the parks and the strategies of their representation This is particularly interesting when the theme is a historical one for example ancient Greece Which elements of classical Greece find their way into a theme park and how are they chosen and represented What is the entertainment element in ancient Greek history culture and myth which allows its presence in commercial structures aiming to people s fun How does the representation of Greece change against different cultural backgrounds e g in different European countries in the USA in China This book frames a discussion of these representations within the current debates about immersive spaces uses of history and postmodern aesthetics and analyses how ancient Greece has been represented and made enjoyable in seven different theme parks across the world providing an original and ground breaking contribution to theme park studies and classical reception
