Nation Under God A Religious Patriotic:

Nation Under God Frances Brentano,1957 **One Nation Under God** Kevin Kruse,2015-04-14 We re often told that the United States is was and always has been a Christian nation But in One Nation Under God historian Kevin M Kruse reveals that the idea of Christian America is an invention and a relatively recent one at that As Kruse argues the belief that America is fundamentally and formally a Christian nation originated in the 1930s when businessmen enlisted religious activists in their fight against FDR s New Deal Corporations from General Motors to Hilton Hotels bankrolled conservative clergymen encouraging them to attack the New Deal as a program of pagan statism that perverted the central principle of Christianity the sanctity and salvation of the individual Their campaign for freedom under God culminated in the election of their close ally Dwight Eisenhower in 1952 But this apparent triumph had an ironic twist In Eisenhower s hands a religious movement born in opposition to the government was transformed into one that fused faith and the federal government as never before During the 1950s Eisenhower revolutionized the role of religion in American political culture inventing new traditions from inaugural prayers to the National Prayer Breakfast Meanwhile Congress added the phrase under God to the Pledge of Allegiance and made In God We Trust the country s first official motto With private groups joining in church membership soared to an all time high of 69% For the first time Americans began to think of their country as an officially Christian nation During this moment virtually all Americans across the religious and political spectrum believed that their country was one nation under God But as Americans moved from broad generalities to the details of issues such as school prayer cracks began to appear Religious leaders rejected this lowest common denomination public religion leaving conservative political activists to champion it alone In Richard Nixon s hands a politics that conflated piety and patriotism became sole property of the right Provocative and authoritative One Nation Under God reveals how the unholy alliance of money religion and politics created a false origin story that continues to define and divide American politics to this day

The Puritan Origins of American Patriotism George McKenna, 2008-10-01 In this absorbing book George McKenna ranges across the entire panorama of American history to track the development of American patriotism That patriotism shaped by Reformation Protestantism and imbued with the American Puritan belief in a providential errand has evolved over 350 years and influenced American political culture in both positive and negative ways McKenna shows The germ of the patriotism an activist theology that stressed collective rather than individual salvation began in the late 1630s in New England and traveled across the continent eventually becoming a national phenomenon Today American patriotism still reflects its origins in the seventeenth century By encouraging cohesion in a nation of diverse peoples and inspiring social reform American patriotism has sometimes been a force for good But the book also uncovers a darker side of the nation's patriotism a prejudice against the South in the nineteenth century for example and a tendency toward nativism and anti Catholicism Ironically a great reversal has occurred and today the most fervent believers in the Puritan narrative are the former outsiders Catholics and Southerners McKenna offers an interesting new perspective on patriotism's role throughout American history and he concludes with trenchant thoughts on its role in the post 9 11 era [Christian Worldview Handbook](#) David S Dockery, Trevin Wax, 2019-11-01 The Christian Worldview Handbook features over 100 articles by notable Christian scholars to help Christians better understand the grand narrative and flow of Scripture within the biblical framework from which we are called to view reality and make sense of life and the world Guided by general editors David S Dockery and Trevin K Wax this handbook is an invaluable resource and study tool that will help you to discuss defend and clearly share with others the truth hope and practical compatibility of Christianity in everyday life Contributors Include Jason K Allen Bruce Riley Ashford Darrell L Bock Ted Cabal Graham A Cole C John Collins Paul Copan Choon Sam Fong Gregory B Forster Timothy George Douglas Groothuis George H Guthrie Thomas S Kidd Steve Lemke Jennifer A Marshall R Albert
