National Cleansing Retribution Against Nazi Collaborators In Postwar Czechoslovakia:

National Cleansing Benjamin Frommer, 2005 National Cleansing examines the prosecution of more than one hundred thousand suspected war criminals and collaborators by Czech courts and tribunals after the Second World War As the first comprehensive history of postwar Czech retribution this book provides a new perspective on Czechoslovakia's transition from Nazi occupation to Stalinist rule in the turbulent decade from the Munich Pact of September 1938 to the Communist coup d'état of February 1948 Based on archival sources that remained inaccessible during the Cold War National Cleansing demonstrates retribution's central role in the postwar power struggle and the contemporary expulsion of the Sudeten Germans

National Cleansing Benjamin Frommer, 2004-12-06 This comprehensive history of postwar Czech retribution examines the prosecution of more than one hundred thousand suspected war criminals and collaborators by Czech courts and tribunals after the Second World War Based on archival sources that remained inaccessible during the cold war the book provides a new perspective on Czechoslovakia's transition from Nazi occupation to Stalinist rule Frommer asserts that the Czechs made a genuine if flawed attempt to confront past war crimes including their own *Defending Nazis in Postwar Czechoslovakia* Jakub Drápal, 2018-02-01 This book tells the story of life of Kamill Resler attorney who defended the most prominent Nazi tried in post war Czechoslovakia Karl Hermann Frank Important cases that preceded Frank's trial are presented as well as life events that influenced Resler and his legal carrier Defenses of other Nazi criminals following Frank's trial are discussed as well as his private life and the end of his life in the communist regime **Hitler and Czechoslovakia**

in World War II Patrick Crowhurst, 2013-10-24 The invasion of Czechoslovakia by Nazi Germany in March 1939 helped to precipitate Europe's descent into World War II six months later The move supposedly to protect the Sudeten Germans shocked many in Europe who saw it as a clear statement of intent by Hitler Here Patrick Crowhurst argues that occupation of the Sudetenland and the Czech lands was also crucial to the Nazi war machine The armaments factories and raw materials that Hitler seized accelerated Germany's capabilities Czech tanks would prove crucial in the Ardennes and as the Wehrmacht fought at Stalingrad Armaments Minister Albert Speer was corraling Czech industrial machinery to produce engines aircraft and equipment in support In addition new Slovakian and Czech primary material are used to give a new in depth account of the German reaction to the assassination of Reinhardt Heydrich on the streets of Prague in June 1942 The recriminations were brutal and dovetailed with Hitler's plans for the genocide of Czech Jewry This is a new side of the History of Nazi Europe and argues for the centrality of the Czech occupation in the overall narrative of World War II *State and Society in Communist Czechoslovakia* Roman Krakovsky, 2018-05-30 Across central and eastern Europe after World War II the newly established communist regimes promised a drastic social revolution that would transform the world at great pace and pave the way to a socialist future Although many aspects of this utopian project are well known such as fast paced industrialisation collectivisation and urbanisation the regimes even sought to transform the ways in which their citizens interacted with each

other and the world around them Using a unique analytical model based on an amalgam of anthropology sociology history and extensive archival research award winning scholar Roman Krakovsky here considers the Czechoslovakian attempt to reinvent the world time and space included in this all encompassing way Ranging from WWII to the fall of the Berlin Wall his innovative analysis variously considers the impact of Stakhanovism the impossible to achieve production targets intended to assert socialism s future potential the attempt to replace Sunday s Christian attributes with socialist ones and the profound changes brought about to the public and private spheres including the culture of informing and the ways this was circumvented Across a wide range of case studies Krakovsky demonstrates both the far reaching extent of the communist vision and the inherent flaws and contradictions that gradually destabilised it This in depth perspective is vital reading for all scholars of twentieth century history and politics

Orderly and Humane R. M. Douglas, 2012-06-26 The award winning history of 12 million German speaking civilians in Europe who were driven from their homes after WWII a major achievement New Republic Immediately after the Second World War the victorious Allies authorized the forced relocation of ethnic Germans from their homes across central and southern Europe to Germany The numbers were almost unimaginable between 12 and 14 million civilians most of them women and children And the losses were horrifying at least five hundred thousand people and perhaps many more died while detained in former concentration camps locked in trains or after arriving in Germany malnourished and homeless In this authoritative and objective account historian R M Douglas examines an aspect of European history that few have wished to confront exploring how the forced migrations were conceived planned and executed and how their legacy reverberates throughout central Europe today The first comprehensive history of this immense manmade catastrophe Orderly and Humane is an important study of the largest recorded episode of what we now call ethnic cleansing It may also be the most significant untold story of the World War II

Hitler's Empire Mark Mazower, 2013-03-07 The powerful disturbing history of Nazi Europe by Mark Mazower one of Britain s leading historians and bestselling author of Dark Continent and Governing the World Hitler s Empire charts the landscape of the Nazi imperial imagination from those economists who dreamed of turning Europe into a huge market for German business to Hitler s own plans for new transcontinental motorways passing over the ethnically cleansed Russian steppe and earnest internal SS discussions of political theory dictatorship and the rule of law Above all this chilling account shows what happened as these ideas met reality After their early battlefield triumphs the bankruptcy of the Nazis political vision for Europe became all too clear their allies bailed out their New Order collapsed in military failure and they left behind a continent corrupted by collaboration impoverished by looting and exploitation and grieving the victims of war and genocide About the author Mark Mazower is Ira D Wallach Professor of World Order Studies and Professor of History Professor of History at Columbia University He is the author of Hitler s Greece The Experience of Occupation 1941 44 Dark Continent Europe s Twentieth Century The Balkans A Short History which won the Wolfson Prize for History Salonica City of Ghosts which won both the

Duff Cooper Prize and the Runciman Award and Governing the World The History of an Idea He has also taught at Birkbeck College University of London Sussex University and Princeton He lives in New York To Serve the Enemy Shane Darcy, 2019 Despite the harsh treatment that can befall collaborators in armed conflict and despite collaboration often not being voluntary international law leaves unanswered the ethical questions posed by those who join with the enemy Shane Darcy explores the issue calling for a much needed assessment of the protections granted to collaborators in war
