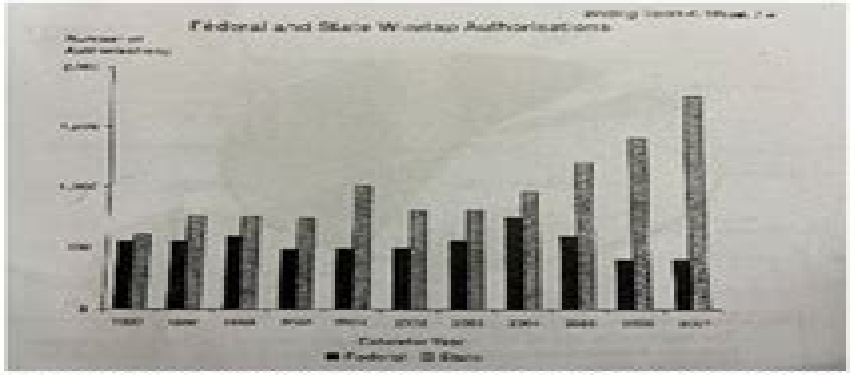
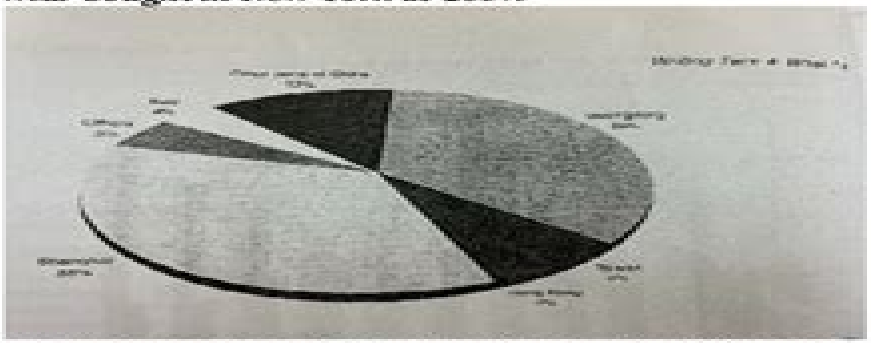
1. ***The diagram below shows information about wiretap authorisations between 1997 and 2007.***



The given bar chart compares and contrasts data on the changes of the government's permission for cellular signal connection at national and federal levels over a 11-year period from 1997 to 2007.

At the first glance, it is clear that the number of wiretap authorisations at national level was consistently higher than at state level. In addition, there was a considerable increase in the gap between the two levels, especially between the beginning and the end of the period shown.

2. ***The diagram below gives the results of a survey showing the distribution of foreign ladies' wear bought in New York in 2007.***



The given pie chart compares and contrasts data on the difference in the number of female consumers from different countries spending on fashion in New York by the year 2007.

At the first glance, it is clear that women from Shanghai and Guangdong accounted for the majority of the whole distribution with exactly the same percentage.
