Gushee, J. Drew Zimmer, Jillian Hickman Zimmer, 2010 Proceedings of a conference held Sept 11 12 2008 at Mercer University Preface and Acknowledgements **The Soul of Film Theory** S. Cooper, 2013-05-30 In this innovative book Sarah Cooper revisits the history of film theory in order to bring to the fore the neglected concept of the soul and to trace its changing fortunes The Soul of Film Theory charts the legacy of this multi faceted contested term from the classical to the contemporary era *Building a Republican Nation in Vietnam, 1920-1963* Nu-Anh Tran, Tuong Vu, 2022-12-31 Western observers have long considered communism to be synonymous with Vietnam s modern historical experience Eager to make sense of the North Vietnamese victory in the Vietnam War scholars and journalists have spilled much ink on the history of Vietnamese communists But this preoccupation has obscured the diversity of ideas and experiences that defined Vietnam in the twentieth century in which communism represented just one of many tendencies Building a Republican Nation in Vietnam 1920 1963 posits that republicanism shaped modern Vietnam no less profoundly than communism Republicans championed representative government the universal rights of man civil liberties and the primacy of the nation These ideas infused the thinking of Vietnamese reformers dissidents and revolutionaries from the 1900s onward including many men and women who went on to lead the struggle for independence Republicanism was also one of the chief inspirations for the establishment of the Republic of Vietnam also known as South Vietnam in 1955 This interdisciplinary volume brings together eleven essays by historians political scientists literary scholars and sociologists who make use of fresh sources to study the development of republicanism from the colonial period to the First Republic of Vietnam 1955 1963 The introduction by coeditors Nu Anh Tran and Tuong Vu critically analyzes the existing scholarship on the First Republic explains how the concept of republicanism can illuminate developments in the Saigon based state and situates the regime in a comparative context with South Korea Peter Zinoman s chapter reviews the historiography on republicanism and modern Vietnam and heralds the arrival of the republican moment in the field of Vietnam studies Several chapters by Nguy n L ng H i Kh i Martina Thuchhi Nguyen and Yen Vu examine the transformation of republican ideas Nu Anh Tran and Duy Lap Nguyen explore competing concepts of democracy and the factional politics of the First Republic The essays by Jason Picard Cindy Nguyen Ho ng Phong Tu n Nguy n Th Minh and Y Thien Nguyen analyze nation and state building efforts in the 1950s and 1960s Collectively the essays give voice to Vietnamese republicans from the ideas they espoused to the institutions they built and the legacies they left behind **The Chinese National Character** Lung-Ke Sun, 2002 This unique survey of the evolution of the modern Chinese national character incorporates a rich blend of history

and theory as well as nation gender and film studies It begins with the dawn of the concept of nation in China at the end of the Imperial period and follows its development from early Republican China to the present People s Republic drawing on themes of national identity Orientalness racial evolution and purity cultural and gender roles regional animosities historical impediments and more The book also takes up the changing American perceptions of Chinese personality development and gender using materials from American popular culture **Teaching with the Wind** Michael Dallaire,2011-11-16 Teaching with the Wind tackles the question Can education for a Canadian civic spirituality bridge the sometimes incommensurable worldviews of faith based schools and secular public schools An affirmative answer is offered based on two foundations First that a national soul can be identified and thus serve as the content of spiritual education in Canada schools Second that a reconstructed approach to the contemplation in action method found in world religions and philosophy can provide an appropriate pedagogy for Canadian spiritual education This book argues that education for civic spirituality is of paramount importance as Canada continues its transition from a Judeo Christian and bicultural nation to a multi faith and multicultural nation within a secular democracy It offers a direction that would enrich religious and secular education systems as well as Canada as a whole The National Being George William Russell,2018-05-15 Reproduction of the original The National Being by George William Russell Rethinking China's Rise Jilin Xu,2018-07-05 China s rise to power is the signal event of the twenty first century and this volume offers a contemporary view of this nation in ascendancy from the inside Eight recent essays by Xu Jilin a popular historian and one of China s most prominent public intellectuals critique China s rejection of universal values and the nation s embrace of Chinese particularism the rise of the cult of the state and the acceptance of the historicist ideas of Carl Schmitt and Leo Strauss Xu s work is distinct both from better known voices of dissent and also from the New Left perspectives offering instead a liberal reaction to the complexity of China s rise Yet this work is not a shrill denunciation of Xu s intellectual enemies but rather a subtle and heartfelt call for China to accept its status as a great power and join the world as a force for good *The Chinese National Character: From Nationhood to Individuality* Warren Sun,2016-09-16 This unique survey of the evolution of the modern Chinese national character incorporates a rich blend of history and theory as well as nation gender and film studies It begins with the dawn of the concept of nation in China at the end of the Imperial period and follows its development from early Republican China to the present People s Republic drawing on themes of national identity Orientalness racial evolution and purity cultural and gender roles regional animosities historical impediments and more The book also takes up the changing American perceptions of Chinese personality development and gender using materials from American popular culture The National Being: Some Thoughts on an Irish Polity George William Russell,2025-08-15 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage
