* I would like to thank Professor Wolfgang Haase for being, even more than an excellent editor – an outstanding teacher. I will remain grateful to him for making the work on my submission to this journal a remarkable educational experience. Without his meticulous reading and painstaking advice over a long time, this article would be much poorer. I also want to thank the late Professor Wojtech Jirát-Wasiutynski for his substantial contribution to the development of my knowledge, understanding and ideas. I remain indebted to Professor Irving Louis Horowitz’s appreciation of my work. Finally, as always, I thank Professor David Marsland.
