Nationalism And Socialism In The Armenian Revolutionary Movement:

Nationalism and Socialism in the Armenian Revolutionary Movement (1887-1912) Anahide Ter Minassian, 1984

The Armenian Revolutionary Movement Louise Nalbandian, 2024-06-04 This is the first comprehensive work in English dealing with the nineteenth century Armenian revolutionary movement and the subsequent rise of Armenian political parties. It covers in details the history of the Armenian revolutionists armed struggle against the government of the Ottoman Turks beginning with the first major uprising in 1862 and extending to the culmination of the Turkish Armenian massacres in 1896. Incredibly daring yet loosely organized and sporadic uprisings directed by small secret societies characterized the early stage of Armenian political consciousness. But in 1885 the first Armenian political party the Armenakan was founded in Turkish Armenia signaling the beginning of political maturity. Thereafter the leadership of the Armenian revolutionary forces passed into the hands of organized political parties the Armenakan the Armenian Revolutionary Federation and the Hunchakian Revolutionary Party. These same parties with some changes continue to remain active through 1963. Nalbandian analyzes the actions of the revolutionists within the framework of the political and intellectual history of the Armenians and endeavors to clarify the sources objectives and accomplishments of the Armenian political parties. The efforts of these groups were not immediately successful the revolutionists fight against the Ottoman regime took place against incredibly severe odds they lacked sufficient manpower materials and economic strength to combat the powerful forces of the Ottoman Turks. They did however contribute to the ultimate disintegration of the corrupt Ottoman regime and served to further Armenian nationalism. Because of the concern of most Armenian political leaders with the socio economic theories of the day lead them to connect their own revolutionary movement with that of international socialism. Nalbandian examines the relationship of the Armenian parties to other nineteenth century revolutionary movements in Western Europe Russia and the Balkans. The author drawing upon research she has done in Soviet Armenia and in Armenian centers in the United States Europe and the Near East presents an organized survey and interpretation of nineteenth century Armenian politics as an aid to understanding current international alignments. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact. Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology. This title was originally published in 1963.

Armenians And The Iranian

Constitutional Revolution Of 1905-1911 Hourii Berberian, 2018-02-19 Drawing upon original sources this study provides the most comprehensive treatment to date of the issue of Armenian politicization and participation in the Iranian Constitutional Revolution 1905-1911. Hourii Berberian traces the political economic and social situation of Armenians in the nineteenth century with a special emphasis on the Armenian provinces of the Ottoman Empire which became the focus of the Armenian revolutionary movement in the late nineteenth century and on the Russian ruled Caucasus which became the

source of the nationalist and socialist revolutionary movement Discussion of the Iranian Armenian community includes for the first time a look into the roles and activism of Iranian Armenian women Berberian explores the ideological political and pragmatic motivations of Armenians and examines the collaboration of Armenian and Iranian constitutionalists drawing attention to the ideological and military contributions of Armenians to the revolution as well as to the internal and external conflicts among Armenian activists and between Armenian and Iranian constitutionalist elements Berberian concludes with a discussion of the causes and consequences of the retreat of Armenians from Iranian politics *Armenian Organization and Ideology Under Ottoman Rule* Dikran Kaligian, 2017-09-08 This book provides a comprehensive picture of Armeno Turkish relations for the brief period of Ottoman Constitutional rule between 1908 and 1914 Kaligian integrates internal documents of the Armenian Revolutionary Federation and existing research on the last years of the empire as well as the archives of the British American and German diplomatic corps By reducing the overemphasis on central government policies and by describing unofficial contacts political relations and provincial administration and conditions Kaligian provides a unified account of this key period in Ottoman history Kaligian sets out to resolve many of the conflicting conclusions in the current historiography including the most central issue the Armenian Revolutionary Federation relations with the Turkish Committee of Union and Progress It is impossible to obtain a true picture of Armeno Turkish relations without an accurate analysis of their two leading parties This study finds that the ARF was torn between maintaining relations with a CUP that had failed to implement promised reforms and was doing little to prevent increasing attacks on the Armenian population or break off relations thus ending any realistic chance for the constitutional system to succeed The party continued to stake its reputation and resources on the success of constitutional government even after the trauma of the 1909 Adana massacres The decisive issue was the failure of land reform This book sets the record straight in terms of understanding Armeno Turkish relations during this short but pivotal period Kaligian's study the first of its kind shows that the party's internal deliberations support the conclusion that it did remain loyal and contradicts the view that the party's only aim was to incite a rebellion against Ottoman rule The author has done an excellent job of leading the reader through this rich history using primary source information to bridge the gaps from theory to analysis to evidence *The Armenian Social Democrat Hnchakian Party* Bedross Der Matossian, 2023-11-02 This book based on new research sheds light on the history of the Social Democrat Hnchakian Party a major Armenian revolutionary party that operated in the Ottoman Empire Russia Persia and throughout the global Armenian diaspora Divided into sections which cover the origins ideology and regional history of the SDHP the book situates the history of the Hnchaks within debates around socialism populism and nationalism in the 19th and 20th centuries The SDHP was not only an Armenian party but had a global Marxist outlook and scholars in this volume bring to bear expertise in a wide range of histories and languages including Russian Turkish Persian and Latin American to trace the emergence and role this influential party played from their split with the Armenian Revolutionary Federation and the events

of the Armenian genocide to the formation of the first Armenian Republic and then Soviet Armenia Putting the Hnchaks in context as one of many nationalist radical groups to emerge in Eurasia in the late 19th century the book is an important contribution to Armenian historiography as well as that of transnational revolutionary movements in general **Resettling the Borderlands** Farid Shafiyev, 2018-03-21 Until the arrival of the Russian Empire in the early nineteenth century the South Caucasus was traditionally contested by two Muslim empires the Ottomans and the Persians Over the following two centuries Orthodox Christian Russia and later the officially atheist Soviet Union expanded into the densely populated Muslim towns and villages and began a long process of resettlement deportation and interventionist population management in an attempt to incorporate the region into its own lands and culture Exploring the policies and implementations of the Russian Empire and the Soviet Union *Resettling the Borderlands* investigates the nexus between imperial practices foreign policy religion and ethnic conflicts Taking a comparative approach Farid Shafiyev looks at the most active phases of resettlement when the state imported and relocated waves of German Russian sectarian and Armenian settlers into the South Caucasus and deported thousands of others He also offers insights on the complexities of empire building and managing space and people in the Muslim borderlands to reveal the impact of demographic changes on the Armenian Azerbaijani conflict Combining in depth and original analysis of archival material with a clear and accessible narrative *Resettling the Borderlands* provides a new interpretation of the colonial policies ideologies and strategic visions in the Russian Empire and the Soviet Union Christian-Muslim Relations. A Bibliographical History Volume 20. Iran, Afghanistan and the Caucasus (1800-1914), 2023-02-27 *Christian Muslim Relations a Bibliographical History 20 CMR 20* covering Iran Afghanistan Armenia Azerbaijan and Georgia in the period 1800 1914 is a further volume in a general history of relations between the two faiths from the 7th century to the early 20th century It comprises a series of introductory essays and the main body of detailed entries These treat all the works surviving or lost that have been recorded They provide biographical details of the authors descriptions and assessments of the works themselves and complete accounts of manuscripts editions translations and studies The result of collaboration between numerous new and leading scholars CMR 20 along with the other volumes in this series is intended as a fundamental tool for research in Christian Muslim relations Section Editors Ines A eri Todd Clinton Bennett Luis F Bernab Pons Jaco Beyers Emanuele Colombo Lejla Demiri Martha Frederiks David D Grafton Stanis aw Grod Alan Guenther Vincenzo Lavenia Arely Medina Diego Melo Carrasco Alain Messaoudi Gordon Nickel Claire Norton Reza Pourjavady Douglas Pratt Charles Ramsey Peter Riddell Umar Ryad Cornelia Soldat Charles Tieszen Carsten Walbiner Catherina Wenzel The Margins of Empire Janet Klein, 2011-05-31 At the turn of the twentieth century the Ottoman state identified multiple threats in its eastern regions In an attempt to control remote Kurdish populations Ottoman authorities organized them into a tribal militia and gave them the task of subduing a perceived Armenian threat Following the story of this militia Klein explores the contradictory logic of how states incorporate groups they ultimately aim to suppress and how groups who seek autonomy

from the state often attempt to do so through state channels In the end Armenian revolutionaries were not suppressed and Kurdish leaders whose authority the state sought to diminish were empowered The tribal militia left a lasting impact on the region and on state society and Kurdish Turkish relations Putting a human face on Ottoman Kurdish histories while also addressing issues of state building local power dynamics violence and dispossession this book engages vividly in the study of the paradoxes inherent in modern statecraft *Understanding Ethnopolitical Conflict* E. Souleimanov, 2013-07-08 This book critically evaluates the growing body of theoretical literature on ethnic conflict and civil war using empirical data from three major South Caucasian conflicts evaluating the relative strengths and weaknesses of the available methodological approaches *Fiction, Memory, and Ethnic Politics in the South Caucasus* Mikail Mamedov, Peter Orte, Nona Shahnazarian, Ulvi Ismayil, 2025-09-30 The book explores the aftermath of the disintegration of the Soviet Union and the effects of war and nationalism in the South Caucasus While the Soviet Union's dissolution seemed to promise democracy and liberalization the rise of nationalist movements in Armenia and Azerbaijan led to those countries becoming undemocratic monoethnic states which ethnically cleansed their largest minorities During the violence of the first stage of the Karabakh War 1992-1994 Armenians were expelled from Azerbaijan and Azerbaijanis were expelled from Armenia The persistence of this violent conflict through the second 2020 and third 2023 stages has led to competing incompatible national narratives and an entrenched imagination of the other as the enemy Explaining these events historical context by tracing them back to specific Soviet and Tsarist policies the contributors of this volume examine the impact of the Karabakh conflict on ordinary people's lives in Armenia and Azerbaijan by analyzing fiction film and other forms of public memory Ultimately they show how eternal enmity is a myth and point to potential solutions to the conflict This study will be useful to students and scholars of Soviet and Post Soviet History Nationalism Empire and Conflict Studies
