Nationalism And Empire The Habsburg Monarchy And The Soviet Union:

Nationalism and Empire Richard L. Rudolph, David F. Good, 1992-01-01 This volume studies the problems of domination and nationalism in the two great multi ethnic land empires the Soviet Union and the Habsburg monarchy The Habsburg Monarchy dissolved in 1918 in part because of conflict among its nationalities while the Soviet Union managed to stabilize its multinational empire on the heels of the Russian Revolution *Empire to Nation* Joseph W. Esherick, Hasan Kayali, Eric Van Young, 2006-04-27 The fall of empires and the rise of nation states was a defining political transition in the making of the modern world Here ten prominent specialists discuss the empire to nation transition in comparative perspective Chapters on Latin America the Middle East Eastern Euro *The Soviet Union - Federation or Empire?* Tania Raffass, 2012-06-14 The Soviet Union is often characterised as nominally a federation but really an empire liable to break up when individual federal units which were allegedly really subordinate colonial units sought independence This book questions this interpretation revisiting the theory of federation and discussing actual examples of federations such as the United States arguing that many federal unions including the United States are really centralised polities It also discusses the nature of empires nations and how they relate to nation states and empires and the right of secession highlighting the importance of the fact that this was written in to the Soviet constitution It examines the attitude of successive Soviet leaders towards nationalities and the changing attitudes of nationalists towards the Soviet Union Overall it demonstrates that the Soviet attitude to nationalities and federal units was complicated wrestling in a similar way to many other states with difficult questions of how ethno cultural justice can best be delivered in a political unit which is bigger than the national state

Nationalism and War John A. Hall, Siniša Malešević, 2013-04-25 Leading social scientists and historians examine the complex relationship between warfare and the emergence of nationalism **Nations Abroad** Charles King, 2018-02-19 This book discusses trans border ethnic populations in the former Soviet Union in a broader conceptual context highlighting the importance of diaspora issues both for post Sovietologists and for scholars of comparative politics and international relations in general **The End of Empire?** Karen Dawisha, Bruce Parrott, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an Informa company **Shatterzone of Empires** Larry Wolfe, Gregor Thum, Dan Diner, Theodore R. Prusin, John-Paul Himka, Pamela Ballinger, Myroslav Shkandrij, Paul Robert Magocsi, Kai Struve, Philipp Ther, 2013-02-15 Anyone who studies nationalism genocide mass violence or war in these regions from the Enlightenment through the mid 20th century needs to read this Central European History Shatterzone of Empires is a comprehensive analysis of interethnic relations coexistence and violence in Europe s eastern borderlands over the past two centuries In this vast territory extending from the Baltic to the Black Sea four major empires with ethnically and religiously diverse populations

encountered each other along often changing and contested borders Examining this geographically widespread multicultural region at several levels local national transnational and empire and through multiple approaches social cultural political and economic this volume offers informed and dispassionate analyses of how the many populations of these borderlands managed to coexist in a previous era and how and why the areas eventually descended into violence An understanding of this specific region will help readers grasp the preconditions of interethnic coexistence and the causes of ethnic violence and war in many of the world's other borderlands both past and present

A History of Eastern Europe 1918 to the Present Ian D.

Armour, 2021-04-08 Why is Eastern Europe still different from Western Europe more than a quarter century after the collapse of Communism A History of Eastern Europe 1918 to the Present shows how the roots of this difference are based in Eastern Europe's tortured 20th century Eastern Europe emerged in 1918 as the lands between new states whose weakness vis vis Germany and Soviet Russia soon became obvious The region was the main killing field of the Second World War which visited unimaginable horrors on its inhabitants before their liberation by the Soviets in 1945 The imposition of Communist dictatorships on the region ironically only deepened Eastern Europe's backwardness Even in the post Communist period its problems continue to make it a fertile breeding ground for nationalism and political extremism A History of Eastern Europe 1918 to the Present explores the comparative backwardness of Eastern Europe and how this has driven strategies of modernisation it looks at the ways in which the region has served as a giant test tube for political experimentation and in particular at the enduring strength of nationalism which since 1989 has re-emerged more virulent than ever This book is the essential textbook for any student of 20th century Eastern Europe

The Limits of Loyalty Laurence Cole, Daniel

Unowsky, 2007-11-01 The overwhelming majority of historical work on the late Habsburg Monarchy has focused primarily on national movements and ethnic conflicts with the result that too little attention has been devoted to the state and ruling dynasty This volume is the first of its kind to concentrate on attempts by the imperial government to generate a dynastic oriented state patriotism in the multinational Habsburg Monarchy It examines those forces in state and society which tended toward the promotion of state unity and loyalty towards the ruling house These essays all original contributions and written by an international group of historians provide a critical examination of the phenomenon of dynastic patriotism and offer a richly nuanced treatment of the multinational empire in its final phase

The Experience of Democratization in Eastern

Europe Richard Sakwa, 1999-05-17 Drawing on a selection of papers presented to the Fifth World Congress of Central and East European Studies held in Warsaw in August 1995 the book presents a broad cross section of thinking about postcommunist developments in Eastern Europe and the former Soviet Union Specialists from the region and the West apply their unique insights to challenge some conventional views on the transition The book is both diverse and focused suggesting that the experience of democratisation is an open ended process in which those involved learn both from their own experience and from comparative transitions elsewhere It provides a rich source for the comparative analysis of

democratisation
