history and current government policy with regard to Indian lands or the environment *Lost Secrets of the Gods* Michael Pye, Kirsten Dalley, 2025-09-12 Are there 10 000 year old secret societies that still exist today Was there a race of giants that once inhabited the Americas Did ancient Egypt and ancient China have heretofore undiscovered ties *Lost Secrets of the Gods* delves into these ancient mysteries and many more in articles by some of the world's most intrepid and knowledgeable researchers The old paradigms of history are being radically transformed as we discover more evidence of little known cultures and what they achieved Many ancient cultures spoke and wrote of visitors that gave them knowledge and helped shape their societies Who were they and where did they come from We now know that many ancient cultures had advanced knowledge of science agriculture and astronomy only some of which has been rediscovered in the last 100 years Were *The Iliad* and *The Odyssey* really about an epic struggle in pre Celtic Europe What happened to the Persian army that completely disappeared from Egypt 2 500 years ago Did the ancients know how to create psychic guard dogs to protect sacred sites There is much more to history than what has officially been recorded *Lost Secrets of the Gods* reveals startling truths and asks fascinating questions traditional historians have long ignored *Trans/Forming Utopia - Volume II* Elizabeth Russell, 2009 Is the utopian project dead Is it possible to imagine a utopian society or a utopian world in the aftermath of the collapse of ideologies This book contains eighteen essays which are the result of the 7th International Conference of Utopian Studies held in Spain in 2006 either debating the subject or suggesting alternative readings to some of the theoretical ideas raised within utopian studies This volume focuses on the importance of narratives in utopian literature They define the world we live in and the world we wish to live in Through narratives of confession and indeed through silence itself the unconscious emerges and desire is articulated The articles in this volume question and challenge the power of the word the stability of meaning and the relationship between thought and action in the construction of utopia and dystopia They also point to the various literary frameworks of utopian and dystopian narratives thus connecting stories from the past present and future of both real and imaginary and communities *Sky People* Ardy Sixkiller Clarke, 2014-12-22 Dr Ardy Sixkiller Clarke author of *Encounters With Star People* vowed as a teenager to follow in the footsteps of two 19th century explorers John L Stephens and Frederick Catherwood who brought the ancient Maya cities to the world's attention Dr Clarke set out on a seven year adventure from 2003 through 2010 through Belize Honduras Guatemala and Mexico collecting stories of encounters sky gods giants little people and aliens among the indigenous people She drove more than 12 000 miles visiting 89 archaeological sites Stephens and Catherwood visited only 44 and conducting nearly 100 individual interviews The result is an enthralling series of unique original true stories of encounters with space travelers giants little people and UFOs *Sky People* may very well change the way you perceive and experience the world ***Spider Woman's Web*** Susan Hazen-Hammond, 1999-11-01 In the Americas the oral tradition has created one of the oldest surviving bodies of literature on earth Native American storytelling in particular stands out for its distinctive honoring of womanly power and the female forces of the universe

Drinking Careers Stephen J. Kunitz, Jerrold E. Levy, 1994-11-30 In this book the first long term follow up study of alcohol use among Native Americans a physician and sociologist and an anthropologist examine the data on three groups of Navajos whom they first interviewed about their use of alcohol in 1966 The authors find verification for their initial hypothesis that young men who would have been classed as alcoholic often stop or moderate their drinking as they age They also find that there is considerable diversity in patterns of alcohol use among both women and men Stephen J Kunitz and Jerrold E Levy study the histories of those who have died as well as those who have survived since the first study was done They show that compared to those who have survived the former were more likely to have been solitary drinkers and were on average younger at the time when they were first interviewed The authors also present data for the entire Navajo population on changing mortality from alcohol related causes from the 1960s to the present they compare alcohol related death rates among Navajos to those among rural Anglos in Arizona and New Mexico they analyze two family histories one of a family with severe alcohol problems the other of a family with none that illustrate how traditional patterns of wealth have shaped the way people have learned to use alcohol they study the factors that may have led to the emergence of a solitary unrestrained drinking style among some Navajos and they describe the changes in treatment programs and the transformation of traditional healing systems as they are integrated into a bureaucratized health care system
