Premonitions A Leap Into The Future:

Premonitions Herbert B. Greenhouse, 1953 **Premonitions** ,1972 *Premonitions of the Titanic Disaster* Terry Keefe, 2021-03-28

Passengers cancelling their tickets for Titanic's maiden voyage out of apprehension a famous social reformer who died on Titanic warned in 1911 that he would be in danger from water in April 1912 inhabitants of the remote islands of Fiji aware of the sinking before reports of the collision reached the Pacific a dying girl who on 14 April 1912 sees a big ship sinking in the water and mysteriously knows the name of the violinist in Titanic's orchestra These are just a few of the numerous claims to psychic foreknowledge of the ship's sinking Within days of the widely publicised disaster of 1912 stories began circulating of extraordinary omens and individuals who supposedly had supernatural premonitions of the disaster Furthermore four fictional works one dating as far back as twenty six years came to be seen as anticipating the disaster Between 1960 and 2006 five major commentators published extended analyses of the alleged premonitions none of which is now easily accessible to an English readership This book examines them all in detail The whole treatment of the matter opens up fascinating questions concerning the paranormal but also raises and leaves unresolved crucial issues specific to premonitions and how they can be legitimately examined Readers are left to make their own judgement on Titanic premonitions

The Paranormal Surrounds Us Richard Reichbart, 2019-01-02 Shakespeare Tolstoy Joyce E M Forster and Ingmar Bergman all made the paranormal essential to their depiction of humanity Freud recognized telepathy as an everyday phenomenon Observations on parapsychological aspects of psychoanalysis also include the findings of the Mesmerists Jung Ferenczi and Eisenbud Many academicians attribute such psychic discoveries to poetic license rather than to accurate understanding of our parapsychological capacities The author a practicing psychoanalyst and parapsychologist and a lawyer familiar with Navajo culture argues for a fresh appraisal of psi phenomena and their integration into psychoanalytic theory and clinical work literary studies and anthropology
