Handbook of Research on Teaching Literacy Through the

Communicative and Visual Arts, Volume II James Flood,Shirley Brice Heath,Diane Lapp,2015-04-22

The Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts Volume II brings together state of the art research and practice on the evolving view of literacy as encompassing not only reading writing speaking and listening but also the multiple ways through which learners gain access to knowledge and skills It forefronts as central to literacy education the visual communicative and performative arts and the extent to which all of the technologies that have vastly expanded the meanings and uses of literacy originate and evolve through the skills and interests of the young A project of the International Reading Association published and distributed by Routledge Taylor Francis Visit <http://www.reading.org> for more information about International Reading Association books membership and other services

Resources for Nursing

Research Cynthia Clamp,Stephen Gough,Lucy Land,2005-01-11 The 4th edition of this extensive text is an outstanding resource prepared by nurses and a librarian for nurses In a structured and helpful style it presents thousands of items from the literature published papers reports books and electronic resources as a clear accessible and most of all useful collection The efforts to signpost and lead the reader to the sought for information are effective and well conceived and the How to use this book section is remarkably simple the book should be found in every nursing and health library every research institute and centre and close to many career researchers desks RCN Research This latest edition of Resources for Nursing Research provides a comprehensive bibliography of sources on nursing research and includes references for books journal papers and Internet resources Designed to act as a signpost to available literature in the area this Fourth Edition covers the disciplines of nursing health care and the social sciences Entries are concise informative and accessible and are arranged under three main sections Sources of Literature covers the process of literature searching including using libraries and other tools for accessing literature Methods of Inquiry includes an introduction to research how to conceptualize and design nursing and health research measurement and data collection and the interpretation and presentation of data The Background to Research in Nursing encompasses the development of nursing research the profession s responsibilities the role of government funding research roles and careers and education for research Fully revised and updated the Fourth Edition includes just under 3000 entries of which 90% are new It has extensive coverage of US UK literature and other international resources This new edition will be an essential guide for all those with an interest in nursing research including students teachers librarians practitioners and researchers
