that the nation demanded Based on archival research and government documents this book explores the steps Carter took during his presidency and how Congress reacted to them Though Carter was not elected for a second term this detailed history makes the case that his legacy has been misrepresented and that he should not be remembered as a failed president but as a man who restored dignity to an office burdened by controversy *The B.S. of A.* Brian Sack,2011-08-02 WE RE KNEE DEEP ARE YOU SHOVEL READY Politicians who say anything and do nothing People lamenting Constitutional rights they don t have Protesters equating everyone to Hitler Teeth gritting partisans Tax evading congressmen Fact evading Americans If you re incredibly disenchanted if you feel that this great country of ours is suffering from chronic bullsh t at the federal state and local levels good news Not only are you in good company but here s a book to make you feel a little bit better THE B S OF A Whether you voted for hope in 2008 or change in 2010 odds are you re feeling a tad despondent Here at last is a straight talking partisan busting look at politics from humorist Brian Sack who mercilessly pokes fun at The B S of A with a double helping of objectivity and wit pulling no punches and giving partisans politicians and their politics a well deserved shellacking The B S of A takes full advantage of our poorly understood First Amendment to fearlessly cut through the bull on both sides of the aisle and ask serious questions Why does this enormous country have only two real parties How does a bad idea become a terrible law with a misleading name How can you identify the Seven Habits of Highly Partisan People What s the deal with this Constitution thing people keep citing Can we stop comparing people we don t like to Hitler You ll find a handy glossary to thoroughly expand your political vocabulary And perhaps most important you re guaranteed to finish this book with a complete understanding of how to solve America s biggest issues including gun control and abortion The B S of A You re in it so get to know it Actually these issues can t be solved Their complexity was underestimated

Sin, Sex, and Democracy Cynthia Burack,2008-04-17 Explores the Christian Right s use of tailored rhetorics to advance multiple and varied antigay political projects *Public Papers of the Presidents of the United States* United States. President,1984 US Presidents and the Destruction of the Native American Nations Michael A. Genovese,Alysa Landry,2021-10-08 This book examines how the United States government through the lens of presidential leadership has tried to come to grips with the many and complex issues pertaining to relations with Indigenous peoples who occupied the land long before the Europeans arrived The historical relationship between the US government and Native American communities reflects many of the core contradictions and difficulties the new nation faced as it tried to establish itself as a legitimate government and fend off rival European powers including separation of powers the role of Westward expansion and Manifest Destiny and the relationship between diplomacy and war in the making of the United States The authors analysis touches on all US presidents from George Washington to Donald Trump with sections devoted to each president Ultimately they consider what historical and contemporary relations between the government and native peoples reveal about who we are and how we operate as a nation Teachings of Presidents of the Church: Ezra Taft Benson The Church
