Presidents And Foreign Policy Making From Fdr To Reagan:

Presidents and Foreign Policy Making Cecil V. Crabb, Jr., Cecil Van Meter Crabb, Kevin V. Mulcahy, 1986

Presidents and Foreign Policy Making Cecil Van Meter Crabb, Kevin V. Mulcahy, 1986-01-01 *Routledge Handbook of American Foreign Policy* Steven W. Hook, Christopher M. Jones, 2012-04-23 The Routledge Handbook of American Foreign Policy brings together leading experts in the field to examine current trends in the way scholars study the history and theories of American conduct in the world analysis of state and non state actors and their tools in conducting policy and the dynamics of a variety of pressing transnational challenges facing the United States **Presidential Power** Robert Y.

Shapiro, Martha Joynt Kumar, Lawrence R. Jacobs, 2000 Building on Richard Neustadt's work *Presidential Power the Politics of Leadership* this work offers reflections and implications from what has been learned about presidential power Each essay takes a different look at the state of the American presidency *New Directions in the American Presidency* Lori Cox Han, 2023-02-21 The third edition of *New Directions in the American Presidency* provides important updates on all topics throughout the text including new and relevant literature across the subfield of presidency studies within political science Significant changes have occurred within the political environment since the publication of the second edition Many scholars refer to the Trump presidency as a disruption to the political order and each chapter will assess the lessons and legacies of the Trump years and analyze how the Biden presidency is faring in the return to a more traditional style of presidential leadership New to the Third Edition Updated chapter on the 2020 presidential campaign and aftermath Assessment of the Trump years Presidential powers and management of executive branch use of social media relationship with Congress relationship with political parties public opinion domestic and foreign policy Supreme Court appointments Two new chapters unitary powers and intersectionality and the presidency **Researching the Presidency** George C. Edwards, John H.

Kessel, Bert A. Rockman, 1993-02-15 This collection brings together two groups of scholars The first persons active in presidential research assess the state of the literature in the recruitment and selection of presidential candidates presidential personality advisory networks policy making evaluations of presidents and comparative analysis of chief executives A second group of scholars specialists in cognitive psychology formal theory organization theory leadership theory institutionalism and methodology apply their expertise to the analysis of the presidency in an effort to generate innovative approaches to presidential research By taking a fresh look at a well established field these groundbreaking essays encourage scholars to renew their emphasis on explanation in research [Congress and the Foreign Policy Process](#) Cecil V. Crabb, Jr., Glenn J.

Antizzo, Leila S. Saredidine, 2000-02-01 In this highly original and thoroughly informed study Cecil V Crabb Jr Glenn Antizzo and Leila S Saredidine identify and examine recurring modes or patterns of legislative behavior over the span of America's diplomatic experience Although congressional involvement in foreign policy making has received much scholarly attention this work is groundbreaking in that it focuses on those patterns of congressional conduct that have repeated themselves over

time and on the basis of experience will probably continue to occur Thus it creates a large predictable framework of legislative activity concerning America s problems abroad to which students of U S foreign policy can relate Congress s actions in any era The authors identify four models of legislative conduct congressional assertiveness and activism in foreign affairs congressional acquiescence in diplomatic leadership by the president a bipartisan approach and a division of labor model in which both the president and Congress play significant but essentially different roles In examining each of these modes the authors explore the circumstances and factors that gave rise to each pattern and evaluate its positive and negative results for the overall foreign policy of the United States Brimming with lively language and invaluable observations Congress and the Foreign Policy Process offers a thought provoking means to understanding a complex and important area in the study of American government

Leaders in conflict Stephen Dyson,2015-11-01 Beneath the violence of the US war in Iraq was a subterranean conflict between President Bush and Secretary of Defense Rumsfeld rooted in their different beliefs and leadership styles Bush was prepared to pay a high cost in American lives treasure and prestige to win Rumsfeld favoured turning the war over to the Iraqis and was comfortable with the risk that Iraq would disintegrate into chaos Only after Bush removed Rumsfeld in late 2006 did he bring US strategy into line with his goals sending additional troops to Iraq and committing to continued US involvement In *Leaders in conflict* Stephen Benedict Dyson shows that Bush and Rumsfeld thought about international politics and about leadership in divergent ways and demonstrates the impact these differences had on the course of the war The book is based upon more than two dozen interviews with administration insiders and will appeal to those interested in the US presidency US foreign policy leadership and wartime decision making *From Cold War to New World Order* Bose Meena,Rosanna Perotti,2002-12-30 One of the most significant areas of activity in the George Bush administration was foreign affairs Drawing together participants as well as foreign policy scholars and journalists Hofstra University organized the 1997 Conference on the Presidency of George Bush This volume covers the key foreign affairs activities of the administration The essays examine major areas of the Bush foreign policy record Included are papers on international trade the Middle East Latin America Somalia Bosnia arms control and U S base closing Scholars students and other researchers involved with the policies of the Bush administration will find this a useful resource *The National Security Constitution* Harold Hongju Koh,1990-01-01 Discusses the Iran Contra affair and its implications
