Rader, 1931 **Wordsworth's Poetry 1787-1814** Geoffrey Hartman, 2015-01-01 The drama of consciousness and maturation in the growth of a poet's mind is traced from Wordsworth's earliest poems to *The Excursion* of 1814 Mr Hartman follows Wordsworth's growth into self-consciousness his realization of the autonomy of the spirit and his turning back to nature The apocalyptic bias is brought out perhaps for the first time since Bradley's Oxford Lectures and without slighting in any way his greatness as a nature poet Rather a dialectical relation is established between his visionary temper and the slow and vacillating growth of the humanized or sympathetic imagination Mr Hartman presents a phenomenology of the mind with important bearings on the Romantic movement as a whole and as confirmation of Wordsworth's crucial position in the history of English poetry Mr Hartman is professor of English and comparative literature at the University of Iowa A most distinguished book subtle penetrating profound Rene Wellek If it is the purpose of criticism to illuminate to evaluate and to send the reader back to the text for a fresh reading Hartman has succeeded in establishing the grounds for such a renewal of appreciation of Wordsworth Donald Weeks *Journal of Aesthetics and Art Criticism* *Presiding Ideas in Wordsworth's Poetry* Dudley David Griffith, 1931 *Presiding ideas in (William) Wordsworth's poetry* Melvin M. Rader, 1931 **A Literary History of England Vol. 4** A Baugh, 2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789 1939 **Dictionary of Modern American Philosophers** John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **Presiding Ideas in Wordsworth's Poetry** Dudley David Griffith, Melvin Miller Rader, 1931 **The Mind of a Poet** Raymond Dexter Havens, 2020-02-03 Originally published in 1941 This book stresses the transcendental rather than purely aesthetic qualities of William Wordsworth's work It argues that the unusual aspects of Wordsworth's mind are not isolated and did not seem to

him fanciful or merely personal they were for him so many paths difficult to find and harder to follow yet leading to the great central truth that is the goal of all humankind s loftier strivings
