**The Hancock Boys** Thomas William Simpson, 2000 A uniquely terrifying thriller that breaks all of the commandments with a vengeance Not since Cain and Abel have there been two brothers like The Hancock Boys What if two identical twin brothers decided to share a career a family a wife a life That is exactly what the Hancock boys decided to do They took turns playing the role of the perfect husband father and bestselling novelist while the other lived out his wildest fantasies It seemed the perfect setup But what if one of them pushed the game too far What if there was someone out there who knew their secret And worst of all what if one of the brothers suspected the other of teetering on the edge of sanity The Hancock boys both know their game is coming to an end And they have the perfect plan to protect their marriage their skyrocketing career and their very lives The two men must become one But which brother is willing to make the ultimate sacrifice And with so much at stake can either truly trust the other Simpson has a terrific story to tell and plenty of talent to pull it off Chicago Tribune

**The Stench of Space** Keevy McAlavy, 2012-11-06 When you do everything right and the universe ends it's a tragedy When you do everything wrong and the universe ends it's fun From the editor A preposterous grouping of obviously random characters thrown together in a haphazard adventure made up without any forethought what so ever Cringe as incompetent self styled newspaper reporter Rogicphil Suflipinic is tasked to save the universe from a bunch of idiots who happen to live on a planet we are asked to believe is made of deodorant Don't waste your time reading this book as you'd be better off licking stamps

***I'm OK, You're My Parents*** Dale Atkins, 2013-11-12 A guilt free guide for adults seeking more satisfying relationships with their parents In a recent study half of all Americans rated their relationship with at least one parent as either poor or terrible and more than a third felt this way about both parents As life expectancy continues to rise and the parent child relationship extends further into adulthood this problem is becoming more prevalent than ever Now psychologist Dale Atkins presents a step by step plan for adults trying to come to terms with parents who are only human before it is too late In *I'm OK You're My Parents* Atkins applies the same intelligent no nonsense approach that's made her a frequent guest on top rated TV shows She urges a restructuring of the relationships between adults and their aging parents and gives practical specific advice on how to exorcise the demons of anger and resentment untangle financial arrangements that cause stress and feelings of powerlessness set limits on your parents demands for time and attention turn a spouse or friends into a powerful resource overcome your own resistance to change and discover the redemptive power of humor This book draws on Atkins twenty five years of experience as a relationship expert to present a comprehensive guide to repairing difficult relationships gaining control and building a life that you and your parents can live with for years to come
