Preventing Automobile Injury New Findings From Evaluation Research:

Prevention of Motor Vehicle-related Injuries ,1997 *Position Papers from the Third National Injury Control Conference* ,1992 Risky Behavior among Youths Jonathan Gruber,2009-02-15 Every day young people engage in risky behaviors that affect not only their immediate well being but their long term health and safety These well honed essays apply diverse economic analyses to a wide range of unsafe activities including teen drinking and driving smoking drug use unprotected sex and criminal activity Economic principles are further applied to mental health and performance issues such as teenage depression suicide nutritional disorders and high school dropout rates Together the essays yield notable findings price and regulatory incentives are critical determinants of high risk behavior suggesting that youths do apply some sort of cost benefit calculation when making decisions the macroeconomic environment in which those decisions are made matters greatly and youths who pursue high risk behaviors are significantly more likely to engage in similar behaviors as adults This important volume provides both a key data source for public policy makers and a clear affirmation of the usefulness of economic analysis to our understanding of risky behavior Injury Epidemiology Leon S. Robertson,1992 This important textbook presents epidemiologic methods for studying injuries and evaluating interventions to prevent them The formation of research questions and the choice of research methods may reveal or obscure patterns that can lead to remarkable reductions in injury Injury control programs can be targeted and improved with the help of relatively simple descriptive studies but some changeable factors are revealed only by more sophisticated analytic methods The sources for reliable valid data and exemplary study designs are described in this text In addition the difficulties in using rates and ratios and in applying epidemiologic methods when evaluating programs laws medical care and regulations are discussed in detail The use of economic concepts and policy analysis topics not usually found in epidemiology texts is also covered Students and health care and safety professionals will find this a valuable guide in studying injury epidemiology and prevention **Morbidity and Mortality Weekly Report** ,1993 *The Handbook of Road Safety Measures* Rune Elvik,Truls Vaa,Alena Hoye,Michael Sorensen,2009-10-14 Contains summaries of the knowledge regarding the effects of 128 road safety measures This title covers various areas of road safety including traffic control vehicle inspection driver training publicity campaigns police enforcement and general policy instruments It also covers topics such as post accident care and speed cameras Cost of Injury in the United States Dorothy P.
