Anderson, Kelley Reinsmith-Jones, Tazinski P. Lee, 2025-11-06 This book examines the critical connections between criminal justice and public health perspectives on violence and crime Violent crime involves not only criminal justice agencies but social agencies community groups and public and private healthcare organizations The authors provide a broad overview of prevalent forms of violence focusing on how criminal justice and public health perspectives converge in the examination of and response to these issues The book looks at the nexus of public health with problems as varied as assaultive violence child abuse rape and sexual abuse interpersonal violence elder abuse suicide police violence teenage bullying workplace violence firearm injuries and opioid addiction The authors lay out a structure for an epidemiological approach to studying violent crime and offer policy recommendations for using both criminal justice and public health

J. Melendez-Torres,Emily Warren,2024-02-15 This book describes an innovative approach to the evaluation of complex health interventions assessing what interventions work how and for whom Rejecting the stalemate between trials and realist evaluation it draws on the best of both Randomised controlled trials and systematic reviews offer the least biased means of assessing intervention effects but tell us little scientifically about how interventions work Policy makers and practitioners are also not supported to decide which interventions are likely to achieve most benefits in their local contexts Realists use other forms of evaluation and evidence synthesis exploring how intervention mechanisms interact with context to generate outcomes But these approaches lack rigour in assessing causality This book proposes how realist evaluation methods may be incorporated within randomised controlled trials and systematic reviews This enables evaluations and evidence synthesis to benefit from the more nuanced questions posed within realist enquiry while maintaining rigour in assessing causality **Mental Health Information for Teens, 6th Ed.** James Chambers,2021-09-01 Consumer health information for teens about the causes warning signs and symptoms of mental health disorders along with facts about treatment approaches and tips for teens on coping with stress building self esteem and maintaining mental wellness
