**Radical Adventurer** Robert Morris, 1971      *John Wilkes: A Friend to Liberty* Peter D. G. Thomas, 1996-03-28 That he was a political maverick of witty and wicked reputation has led historians to underestimate him and this is the first researched biography since 1917 Contemporaries appreciated his achievements more than posterity one obituarist writing that his name will be connected with our history      *Routledge Revivals: History Workshop Series* Various Authors, 2022-07-30 First published between 1975 and 1991 this set reissues 13 volumes that originally appeared as part of the History Workshop Series This series of books which grew out of the journal of the same name advocated history from below and examined numerous often social issues from the perspectives of ordinary people In the words of founder Raphael Samuel the aim was to turn historical research and writing into a collaborative enterprise via public gatherings outside of a traditional academic setting that could be used to support activism and social justice as well as informing politics Some of the topics examined in the set include mineral workers rural radicalism and the lives and occupations of villagers in the nineteenth century working class association the development of left wing workers theatre and the changing attitudes to mass culture across the twentieth century the changing fortunes of the East End at the turn of the century the position of women from the nineteenth century to the present the miners strike of 1984 5 the social and political images of late twentieth century London and a three volume analysis of the myriad facets of English patriotism This set will be of interest to students of history sociology gender and politics      *Bard of Liberty* Geraint H. Jenkins, 2012-06-15 This is the first full scale study of the political radicalism of Iolo Morganwg the renowned Welsh romantic whose colourful life as a Glamorgan stonemason poet writer political activist and humanitarian made him one of the founders of modern Wales This path breaking volume offers a vivid portrait of a natural contrarian who tilted against the forces of the establishment for the whole of his adult life Known as the Bard of Liberty or the little republican bard he moved in highly politicized circles embraced republicanism founded the Gorsedd of the Bards of the Isle of Britain threw in his lot with Unitarians promoted a sense of cultural nationalism and supported the anti slave trade campaign and the anti war movement during years of war oppression and cruelty      [Give Me a Fast Ship](#) Tim McGrath, 2015-07-07 WINNER OF THE SAMUEL ELIOT MORISON AWARD FOR NAVAL LITERATURE A meticulous adrenaline filled account of the earliest days of the Continental Navy New York Times bestselling author Laurence Bergreen America in 1775 was on the verge of revolution or more likely disastrous defeat After the bloodshed at Lexington and Concord England's King George sent hundreds of ships westward to bottle up American harbors and prey on American shipping Colonists had no force to defend their coastline and waterways until John Adams of Massachusetts proposed a bold solution The Continental Congress should raise a navy The idea was mad The Royal Navy was the mightiest floating arsenal in history with a seemingly endless supply of vessels More than a hundred of these were massive ships of the line bristling with up to a hundred high powered cannon that could level a city The British were

confident that His Majesty's warships would quickly bring the rebellious colonials to their knees. They were wrong. Beginning with five converted merchantmen, America's sailors became formidable warriors matching their wits, skills, and courage against the best of the British fleet. Victories off American shores gave the patriots hope; victories led by captains such as John Barry, the fiery Irish-born giant, fearless Nicholas Biddle, who stared down an armed mutineer, and James Nicholson, the underachiever who finally redeemed himself with an inspiring display of coolness and bravery. Meanwhile, along the British coastline, daring raids by handsome cocksure John Paul Jones and the Dunkirk Pirate, Gustavus Conyngham, who was captured and sentenced to hang but tunneled under his cell and escaped to fight again, sent fear throughout England. The adventures of these men and others on both sides of the struggle rival anything from Horatio Hornblower or Lucky Jack Aubrey. In the end, these rebel sailors, from the quarterdeck to the forecabin, contributed greatly to American independence. Meticulously researched and masterfully told, *Give Me a Fast Ship* is a rousing epic tale of war on the high seas and the definitive history of the American Navy during the Revolutionary War. [The Celebrated Hannah Cowley](#) Angela Escott, 2015-10-06 Hannah Cowley (1743-1809) was a very successful dramatist and something of an eighteenth-century celebrity. New critical interest in the drama of this period has meant a resurgence of interest in Cowley's writing and in the performance of her plays. This is the first substantial monograph study to examine Cowley's life and work. **When the United States Spoke French** Francois Furstenberg, 2015-06-30 A bright, absorbing account of a short period in history that still resounds today. Kirkus Reviews: Beautifully written and brilliantly argued, *When the United States Spoke French* offers a fresh perspective on the tumultuous years of America as a young nation when the Atlantic world's first republican experiments were put to the test. It explores the country's formative period from the viewpoint of five distinguished Frenchmen who took refuge in America after leaving their homes and families in France, crossing the Atlantic and landing in Philadelphia. Through their stories, we see some of the most famous events of early American history in a new light: from the battles with Native Americans on the western frontier to the Haitian Revolution, the Whiskey Rebellion, to the Louisiana Purchase in 1803. *The papers of Henry Laurens* Henry Laurens, 1968 **Oxford Dictionary of National Biography: Morant-Murray** Henry Colin Gray Matthew, Brian Harrison, 2004 55,000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002. **Routledge Revivals: Patriotism: The Making and Unmaking of British National Identity (1989)** Raphael Samuel, 2016-10-04 First published in 1989, this is the first of three volumes exploring the changing notions of patriotism in British life from the thirteenth century to the late twentieth century and constitutes an attempt to come to terms with the power of the national idea through a historically informed critique. This volume deals with the role of politics, history, religion, imperialism, and race in the formation of English nationalism. In chapters dealing with a wide range of topics, the contributors demystify the prevailing conceptions of nationalism, suggesting the nation has always been a contested idea and only one of a number of competing images of collectivity. **Bulletin - Society for the Study of**

**Labour History** Society for the Study of Labour History, 1970      **Writings on American History, 1962-73** James R. Masterson, American Historical Association, 1985 This book provides a comprehensive listing of the book length works published from 1962 to 1973 that are relevant to the study of American history and is organized into a subject classification system This bibliography gives access to over 50 000 works on the history the geography and the political social and economic aspects of the United States its people its government and its institutions The entries cover the entire area now within the United States or under its jurisdiction ranging from prehistoric times to 1973 Introd

**The Fabulous History of the Dismal Swamp Company** Charles Royster, 1999 In this absorbing narrative Charles Royster traces the rise and fall of the eighteenth century transatlantic culture that was built on the insatiable demand in Europe for Virginia tobacco and the equally insatiable American demand for European manufactured goods Moving from the plantations of Virginia and Antigua to the warehouses of London and Glasgow from the Gold Coast of Africa to the valleys of the Allegheny Mountains from the iron furnaces of southern Wales to the subscribers room of Lloyd s of London Professor Royster gives us the story of the Dismal Swamp Company a fantastically delusional enterprise that proposed draining and developing a vast morass along the Virginia North Carolina border Examining the interconnected lives of the company s partners Royster reveals a colonial order built on a system of cronyism conspicuous consumption and debt that seems hauntingly familiar He writes about the many schemers and dreamers including George Washington Robert King Carter two William Byrds Patrick Henry Thomas Jefferson and Robert Morris who failed to amass their desired fortunes and a few realists Samuel Gist Dr Thomas Walker and Anthony Bacon who succeeded but at the dire expense of others And we see the breakdown of this culture and the transition to a more democratic though similar system after the Revolution Throughout Royster s narrative we see possessors possessed by their possessions slaveholders possessed by slavery and heirs possessed by litigation Connecting all their stories are their unceasing efforts to make something substantial out of the insubstantial chief among them the almost unbelievable delusion that fortunes could be made from the Dismal Swamp
