Los Partidos Políticos En México Y La Sucesión Presidencial Del Año 2012 Antonio Lugo Morales, 2012-03-14 Este libro está contextualizado en un referente histórico que analiza a través de datos, fechas y sucesos el desarrollo del régimen presidencial mexicano. Asimismo, enuncia conceptos fundamentales de la política actual, del comportamiento de los actores y de los partidos políticos que interactúan en el contexto nacional. Además, refiere la percepción e interés que desde el escenario internacional han vertido diversos personajes sobre el próximo proceso sucesorio en nuestro país. También aborda lo trascendental del marketing político para la elección del 1 de julio, el papel que jugarán en las campañas el internet y la dinámica de las redes sociales, donde hoy en día jóvenes entre 18 y 25 años de edad podrán constituirse como un detonante y definir los resultados de la jornada electoral en la renovación de 2 102 cargos de elección popular. Considerando que en México la red de internet cuenta con 36 millones de usuarios, de los cuales aproximadamente 10 millones son jóvenes, todos los partidos políticos en contienda deberán prestar atención prioritaria a este segmento poblacional que, sin lugar a dudas, jugará un rol fundamental en el resultado de la elección presidencial. 78 7 millones de ciudadanos que están inscritos en la lista nominal podrán votar en esta elección. El reto para los equipos de campaña de todos los candidatos radica en diseñar estrategias idóneas para despertar el interés de los electores y de los posibles votantes que representan un importante número de ciudadanos indecisos. Por lo anterior, los institutos de representación política nacional no deben soslayar el fenómeno del abstencionismo y analizar acuciosamente las condiciones sociodemográficas históricas y estructurales que siempre han afectado los niveles de participación electoral. Además, de proponer las nominaciones más rentables y que presenten una buena imagen ante la opinión pública. El acontecer político actual, sin lugar a dudas, ha motivado que haya una gran demanda y exigir al ciudadano para que los políticos deban profesionalizarse con el fin de ganarse el respeto de la sociedad mexicana y la política sea un verdadero instrumento de cambio democrático que genere certidumbre en acciones de gobierno. Estimado lector, el libro que tienes en tus manos, con toda seguridad, será un útil instrumento que facilitará la toma de decisiones para emitir un voto razonado, analítico y responsable en estas elecciones del 2012.
