Branigan,2007-08-20 The regal history of a revered elegant breed They were one of the first wild animals to come under the protection of humans They have sat at the feet of the Pharaohs Their likenesses have graced coins stamps seals and coats of arms And they have won the hearts of dog lovers worldwide with their sweet nature intelligence and grace Beautifully illustrated with more than 100 black and white reproductions and photos *The Reign of the Greyhound* is a rich historical testimony to the breed celebrating its extraordinary place in canine history and human civilization Passionately written by Greyhound expert Cynthia Branigan this updated edition features new information on the history and current state of ex racer adoptions which save the lives of thousands of Greyhounds each year From ancient Egypt to modern times from the temple to the show ring to the track you ll see how this noble breed has evolved from a royal pet to a racing dog to a loving companion and you ll no doubt deepen your understanding and appreciation of this fine animal whose regal history has been too long ignored *Greyhound Nation* Edmund Russell,2018-01-11 Edmund Russell s much anticipated new book examines

interactions between greyhounds and their owners in England from 1200 to 1900 to make a compelling case that history is an evolutionary process Challenging the popular notion that animal breeds remain uniform over time and space Russell integrates history and biology to offer a fresh take on human animal coevolution Using greyhounds in England as a case study Russell shows that greyhounds varied and changed just as much as their owners Not only did they evolve in response to each other but people and dogs both evolved in response to the forces of modernization such as capitalism democracy and industry History and evolution were not separate processes each proceeding at its own rate according to its own rules but instead were the same ***The Cultural Lives of Greyhounds*** John Stokes,2025-02-07 This book aims to enhance our

intellectual understanding of the relationship between human beings and domestic animals with a focus on a specific breed of dog the greyhound It combines literary criticism cultural history and the rapidly expanding field of human animal studies by tracing the creative representation of the greyhound from the earliest references in classical myth to multiple appearances in contemporary literature performance and the fine arts Each representation whether of hunter or racer of pet or predator is treated not simply as a stage in some inevitable humanitarian progression but as part of a series of co evolutionary exchanges between humans and their canine collaborators that together constitute a shared experience Writers who have been fascinated by greyhounds range from Shakespeare to Dryden from William Wordsworth to George Meredith from Marcel Proust to Colette from William Butler Yeats to Ted Hughes and beyond The haunting image of the breed has

inspired artists such as D rer Hogarth and Giacometti **The Book of the Greyhound** Edward C. Ash,Ruth Fawcett,2020-10-16 The Book Of The Greyhound will appeal to experienced fanciers and newcomers alike covering all aspects if greyhound management from selection and breeding to racing and exhibiting Also included are chapters on puppy care training health and ailments adopting an ex racer history notable kennels and dogs and much more This volume will be of considerable utility to all owners of greyhounds and it is not to be missed by the discerning collector of related literature Many vintage books such as this are becoming increasingly scarce and expensive We are republishing this volume now in a modern high quality edition complete with the original artwork and text **Feeling Animal Death** ,2019-06-20 The emotional exchange between so called humans and more than human creatures is an overlooked phenomenon in societies characterized by the ubiquitous deaths of animals This text offers examples of people across diverse disciplines and perspectives from biomedical research to black theology to art learning and performing emotions expanding their desires discovering new ways to behave and altering their sense of self purpose and community because of passionate but not romanticized attachments to animals By articulating the emotional ties that bind them to specific animals lives and deaths these authors play host to creaturely ghosts who reorient their world vision and work in the world offering examples of affect and feeling needed to enliven multi species ethics The Greyhound Hugh Dalziel,1887 *Not Every Dog Has His Day* Jane Duckworth,2009 Provides a balanced view on the many issues relating to the treatment and care of Australian dogs
