Reincarnation and Prayers to Live by Jeane Dixon,1970 **Reincarnation** Lynn Kear,1996-07-22 Over 500 books are described Each entry includes full bibliographic information a description of the contents and additionally in most cases an excerpt is included that gives the flavor of the book Pro and anti reincarnation sources are featured for this highly controversial subject An appendix lists organizations that are concerned with reincarnation This will be of interest to religious scholars and students and anyone interested in this fascinating topic **Ten Principles of Universal Wisdom** Ryuho Okawa,2005 The Principles of Happiness Love the Mind Enlightenment Progress Wisdom Utopia Salvation Self Reflection and Prayer these are the ten principles that can serve as a compass for a spiritual life enabling each and every person to bring happiness and spiritual growth to themselves and to all those around them This is a compilation of the first lectures of Ryuho Okawa spiritual leader and the founder of Kofuku no Kagaku The Institute for Research in Human Happiness which has grown to be one of the most influential spiritual movements in Japan in the last twenty years His passionate words and lofty ideals will touch the depths of your heart **Death and Reincarnation (Traslated)** PAPUS Dr G. Encausse,2022-03-03 Reincarnation is the return of the spiritual Principle in a new fleshly envelope For a human being this envelope is always a human body This return can take place on the same planet where one lived his last existence or on another planet The return to a material body cannot be fixed in advance just as one cannot fix a time for terrestrial life Some human beings spend 3 years on earth and others 90 If one were to say man lives 30 years above the earth one would speak as an amateur of statistics but not as an observer of real laws The length of life on earth is a personal fact so the length of time one spends before returning to earth is also a special fact that depends on many circumstances It must be said at once that before reincarnating on a planet the spiritual being prepares himself for the loss of the memory of his previous existences We will be able to give all the testimonies of the classical authors concerning this fact and symbolized by the immersion in the water of the river Lete which gives oblivion before the return to the earth The reincarnation really has been marked as an esoteric mystery in all the initiations of the Antiquity *Reincarnation* ,1996-09 Contents Reincarnation Definition History Quotations Constitution of Man of the Physical Body Metempsychosis Reincarnation of the Astral Principles Evolution of Physical forms in the Astral World Reincarnation of the Spiritual Principle Co Reincarnation Elizabeth Clare Prophet,Erin L. Prophet,1997 A long time ago Christians believed in reincarnation This groundbreaking work makes the case that Jesus taught reincarnation Elizabeth Clare Prophet traces the history of reincarnation in Christianity from Jesus and early Christians through Church councils and the persecution of so called heretics Using the latest scholarship and evidence from the Dead Sea Scrolls and Gnostic texts she also argues persuasively that Jesus was a mystic who taught that our destiny is to unite with the God within Your view of Jesus and of Christianity will never be the same **The Science of Happiness** Ryuho Okawa,2009-07-24 The Science of Happiness presents Okawa s 10 essential principles that can serve as a compass for

a spiritual life He provides the tools necessary to transform one's inner world to be receptive to true happiness and enlightenment

Reincarnation in America Lee Irwin, 2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional
