Reincarnation Of The Commonplace:

Reincarnation of the Commonplace Dixie Salazar, 1999 *Reincarnation in America* Lee Irwin, 2017-07-31 *Reincarnation in America* An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

Woman Through the Ages Ann Merivale, 2022-07-29 Did you know that the first named piece of writing was the work of a Sumerian woman in approximately 2085 BC while the world s first novel was written by a Japanese woman in the eleventh century Or that Hildegard of Bingen the great twelfth century Abbess writer and composer defied the Church s traditions by viewing feminine sexuality as a gift of God Or that one of China s most powerful Emperors was a woman These are but a few examples of the facts in this autobiography with a difference *Woman Through the Ages* Author Ann Merivale a deep memory process therapist has used previous lifetimes in her own history to illustrate the roles we all play in preparation for returning to the source whence we ve come Skilfully weaving her personal story into each area and time period covered Merivale highlights the injustices wrought on women for centuries as well as their many achievements *Woman Through the Ages* gives a fascinating and comprehensive picture of womanhood through the ages and concludes that the time for equality and greater respect for feminine energy is finally arriving
