Charles W. Kegley, Jr.

Reinhold Niebuhr His Religious Social And Political Thought:

Reinhold Niebuhr; His Religious, Social, and Political Thought Charles W. Kegley, 2009-12-01 This collection of essays by world scholars of different faiths and fields of study eloquently documents the importance and continuing influence of Niebuhr's extensive body of work Following an intellectual autobiography by Niebuhr are twenty essays forming a candid and vigorous discussion spanning the range of Niebuhr's thought Since Niebuhr first came to the world's attention as a critic of social conditions the book begins with an examination of his social thought especially as a Christian ethicist proceeding from this to the political sphere Further essays offer critical exposition criticism and questions on such topics as Niebuhr's philosophy of history his role in American political thought and life his theology and the historical roots of his thought For this new edition there are updated essays by John Bennett Arthur Schlesinger Jr and Kenneth Thompson plus new interpretations by Ronald Stone and Richard Fox Other contributors include Paul Tillich Emil Brunner and Abraham I Heschel A bibliography of Niebuhr's work has been brought up to date by D B Robertson

Reinhold Niebuhr Charles W. Kegley, Robert Walter Bretall, 1967 *Reinhold Niebuhr* Charles W. Kegley, Jr., 2003-01-01

Reinhold Niebuhr. His Religious, Social and Political Thought. Edited by C.W. Kegley and R.W. Bretall. [By Various Authors. With a Portrait and a Bibliography.] Charles William Kegley, Robert Walter BRETALL, Reinhold Niebuhr, 1956 The American Evasion of Philosophy Cornel West, 1989-05-09 Taking Emerson as his starting point Cornel West's basic task in this ambitious enterprise is to chart the emergence development decline and recent resurgence of American pragmatism John Dewey is the central figure in West's pantheon of pragmatists but he treats as well such varied mid century representatives of the tradition as Sidney Hook C Wright Mills W E B Du Bois Reinhold Niebuhr and Lionel Trilling West's genealogy is ultimately a very personal work for it is imbued throughout with the author's conviction that a thorough reexamination of American pragmatism may help inspire and instruct contemporary efforts to remake and reform American society and culture West may well be the pre eminent African American intellectual of our generation The Nation The American Evasion of Philosophy is a highly intelligent and provocative book Cornel West gives us illuminating readings of the political thought of Emerson and James provides a penetrating critical assessment of Dewey his central figure and offers a brilliant interpretation appreciative yet far from uncritical of the contemporary philosopher and neo pragmatist Richard Rorty What shines through throughout the work is West's firm commitment to a radical vision of a philosophic discourse as inextricably linked to cultural criticism and political engagement Paul S Boyer professor emeritus of history University of Wisconsin Madison Wisconsin Project on American Writers Frank Lentricchia General Editor Faith and Politics Reinhold Niebuhr, 1968 Religion and the Realist Tradition Jodok Troy, 2013-09-11 This volume picks up a rather uninvested field of international relations theory the influence of religion on Realism as well as the power of Realism to address religious issues in world politics Although classical scholars of Realism rarely mention religion explicitly in their well known work this volume

suggests that Realism offers serious ground for taking religion and faith into account as well as evaluating the impact of religion on its theoretical framework how religion and religious worldviews influence and affect the theoretical framework of Realism and how Realism approach religious issues in international relations as a relatively new field of international studies Although international relations scholars now widely deal with issues of religion large portions of the theoretical underpinning are missing In addressing this lack the volume illustrates the possibility of reform and change in Realism Furthermore the chapters reach out to normative statements The contributors offer a theoretical view on religion in international relations in the context of Realism but always connect this with actual real world related political problems The volume takes into account not only classical thinkers and approaches of Realism but also present day authors dealing with ethical and normative questions of international relations in the aftermath of 9 11 Offering a fresh perspective on the influence of religion on international relations theory this work will be of great interest to scholars of religion and international relations international relations theory and political philosophy

Social Ethics in the Making Gary Dorrien, 2011-04-06 In the early 1880s proponents of what came to be called the social gospel founded what is now known as social ethics This ambitious and magisterial book describes the tradition of social ethics one that began with the distinctly modern idea that Christianity has a social ethical mission to transform the structures of society in the direction of social justice Charts the story of social ethics the idea that Christianity has a social ethical mission to transform society from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy church and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self styled public intellectuals through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award

The Political Crisis and Christian Ethics Ronald H. Stone, 2023-09-26 *The Political Crisis and Christian Ethics* addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles work and in the author's critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead's philosophy of education and religion and a vision of the good president In summary *The Political Crisis and Christian Ethics* is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy

Christian Realism and the Revival of Public Theology Charles

McDaniel, 2025-09-26 Christian Realism and the Revival of Public Theology analyzes Reinhold Niebuhr's *The Children of Light and the Children of Darkness* 80 years after publication and argues that it provides pertinent lessons for the contemporary era. This book considers how Niebuhr's book as well as his other work remains relevant and retains insights for an America which seems increasingly to be losing its moral bearings and political courage. The author examines the roots of political polarization in Niebuhr's categories of the children of light and the children of darkness, finding it a more useful binary than liberalism vs conservatism for understanding America's culture wars and the growing sense that its political institutions are in terminal decay. This book seeks to show how public theology offers resources to foster democratic and moral renewal. It concludes by calling for a reinvigorated civil religion to promote unity rather than division. This book will appeal to scholars of American politics, Christian ethics, Christian Realism, public theology, and American religious history as well as historians of American Christianity.
