Fishwick**

Rejuvenating The Humanities:

Rejuvenating the Humanities Ray Broadus Browne, Marshall William Fishwick, 1992 The humanities are the human elements in any culture In the West these humanities have ordinarily been anchored in and derivative of Eurocentric culture and have been centered on elite and art related subjects As such they have strengthened and perpetuated elite culture and have been restricted and narrow in their point of view They have enervated the modern humanities which in a democratic society insist on having democratic humanities Democratic humanities demand a new point of view which demands respect for and dignity to the common aspects of culture as well as inclusion of those elements It is time the call went ringing through the land The Old is Sick Please Bring Assistance Rejuvenate the humanities The essays in this volume are Assistance an effort to demonstrate the inalienable need for new subjects in the humanities canon and the value of those subjects as parts of the New Humanities The twenty essays in this effort to bring new vitality to the humanities range through fields familiar in life but unfamiliar in the humanities canon They include leisure folk cultures material culture pornography comics animal rights Black studies travelling and of course the bugbear of academics television The authors include some of the outstanding scholar observers of today all of whom address their subjects in cool dispassionate and convincing reason The subject of revitalizing the Humanities is important indeed This volume will go a long way toward alerting the intellectual community to the desperate need to bring new understanding to the study of the modern humanities **Eye on the Future** Marilyn Ferris Motz, 1994 Emerging from the conference on The Future of Popular Culture Studies in the Twenty First Century held in June of 1992 at Bowling Green Ohio to honor the academic career of Ray Browne retired chair Department of Popular Culture Bowling Green State U and to chart Popular Culture Studies into the next century this collection of essays includes five of Browne s signal articles and a Ray Browne bibliography Paper edition unseen 18 95 Annotation copyright by Book News Inc Portland OR French Cultural Studies Marie-Pierre Le Hir, Dana Strand, 2000-06-22 Addresses the theoretical and pedagogical implications of redefining French Studies as an interdisciplinary field while providing practical examples of the kind of criticism that such a shift would entail Teaching with Harry Potter Valerie Estelle Frankel, 2013-02-06 The Harry Potter phenomenon created a surge in reading with a lasting effect on all areas of culture especially education Today teachers across the world are harnessing the power of the series to teach history gender studies chemistry religion philosophy sociology architecture Latin medieval studies astronomy SAT skills and much more These essays discuss the diverse educational possibilities of J K Rowling s books Teachers of younger students use Harry and Hermione to encourage kids with disabilities or show girls the power of being brainy scientists Students are reading fanfiction splicing video clips or exploring Rowling s new website Pottermore Harry Potter continues to open new doors to learning **Pioneers in Popular Culture Studies** Ray Broadus Browne, Michael T. Marsden, 1999 Contains informal interviews with 13 significant figures in the development of the field of popular culture studies The interviews explore the

academic revolution inaugurated in the late 1960s and early 1970s in the fields of the humanities and social sciences with the founding and subsequent influence of the Popular Culture Association and American Culture Association and the interviewees thoughts about the changes Annotation copyrighted by Book News Inc Portland OR *Gatsby* Bob Batchelor,2013-11-07 In 1925 F Scott Fitzgerald produced his third novel a slim work for which he had high expectations Despite such hopes the novel received mixed reviews and lackluster sales Over the decades however the reputation of The Great Gatsby has grown and millions of copies have been sold One of the bestselling novels of all time it is also considered one of the most significant achievements in twentieth century fiction But what makes Gatsby great Why do we still care about this book more than eighty five years after it was published And how does Gatsby help us make sense of our own lives and times In *Gatsby The Cultural History of the Great American Novel* Bob Batchelor explores the birth life and enduring influence of The Great Gatsby from the book s publication in 1925 through today s headlines filled with celebrity intrigue corporate greed and a roller coaster economy A cultural historian Batchelor explains why and how the novel has become part of the fiber of the American ethos and an important tool in helping readers to better comprehend their lives and the broader world around them A biography of F Scott Fitzgerald s masterpiece this book examines The Great Gatsby s evolution from a nearly forgotten 1920s time capsule to a revered cultural touchstone Batchelor explores how this embodiment of the American Dream has become an iconic part of our national folklore how the central themes and ideas emerging from the book from the fulfillment of the American Dream to the role of wealth in society resonate with contemporary readers who struggle with similar uncertainties today By exploring the timeless elements of reinvention romanticism and relentless pursuit of the unattainable Batchelor confirms the novel s status as The Great American Novel and more importantly explains to students scholars and fans alike what makes Gatsby so great Cultural Conservatism, Political Liberalism James Seaton,1996 Examines whether cultural studies has been too dismissive of the tradition of literary cultural criticism that preceded it *The Language of Comics: Word and Image* Robin Varnum,Christina T. Gibbons,2001 **Envisioning the Future of Doctoral Education** Chris M. Golde,George E. Walker,2006-01-30 The development of students as stewards of the discipline should be the purpose of doctoral education A steward is a scholar in the fullest sense of the term someone who can imaginatively generate new knowledge critically conserve valuable and useful ideas and responsibly transform those understandings through writing teaching and application Stewardship also has an ethical and moral dimension it is a role that transcends a collection of accomplishments and skills A steward is someone to whom the vigor quality and integrity of the field can be entrusted The most important period of a steward s formation occurs during formal doctoral education *Envisioning the Future of Doctoral Education* is a collection of essays commissioned for the Carnegie Initiative on the Doctorate The question posed to the essayists in this volume was If you could start de novo what would be the best way to structure doctoral education in your field to prepare stewards of the discipline The authors of the essays are respected

thinkers researchers and scholars who are experienced with and thoughtful about doctoral education The essays in this lively and provocative volume focus on six fields of study chemistry education English history mathematics and neuroscience Three commentaries look across the broad themes of the essays and consider the implications for action for institutional leaders faculty members and graduate and postdoctoral students Each of the book s essayists consider the goals and purposes of doctoral education in their particular field and offer new and invigorating ideas about the doctorate Taken together the essays in the volume provide opportunities to compare and contrast doctoral education among the disciplines The essays provide ideas for fruitful practice a perspective on doctoral education as a larger enterprise and visions of what is possible for the future

Internationalizing the Social Sciences in China Meng Xie, 2022-03-10 The current social reality and changing global forces and spaces are inspiring the rethinking refining and re empowering of the world social sciences to broach the frontiers of human knowledge enhance mutual understanding across cultures and civilizations and shape a better world Taking Tsinghua University s sociology as a case this book concentrates on how internationalization shapes disciplinary development in a global context of asymmetrical academic relations This inquiry is set amidst China s dramatic economic social political and cultural transformations as well as the institutional reforms in this Chinese flagship university This book seeks to probe how Chinese and Western knowledge institutions and cultures are integrated in the ongoing process of internationalization and concentrates on the disciplinary evolution of Tsinghua s sociology intellectually institutionally and culturally drawing on top down higher education policy and bottom up perceptions and experiences of Tsinghua s social scientists This book highlights that higher education internationalization is an evolving process whose advanced phase would require Chinese social scientists to bring China to the world It is time for Tsinghua University to reassess the long term impact of internationalization on its academic disciplines and provide sufficient support for the development of the social sciences This book will attract academics practitioners and postgraduate students interested in higher education internationalization international academic relations global constellation and distribution of academic power academic knowledge production and the development and intellectual influences of the Chinese social sciences
