Rejuvenation of Siegfried Immerselbe Ignas Šeinius, 1965 *Rejuvenation of Siegfried Immerselbe* Ignas Seinius, 1956 *Rejuvenation of Siegfried Immerselbe* Ignas Jurkūnas, 1965 **The Vanished World of Lithuanian Jews** Alvydas Nikžentaitis, Stefan Schreiner, Darius Staliūnas, 2004 The Lithuanian Jews Litvaks played an important and unique role not only within the Polish Lithuanian Commonwealth but in a wider context of Jewish life and culture in Eastern Europe too The changing world around them at the end of the nineteenth century and during the first decades of the twentieth had a profound impact not only on the Jewish communities but also on a parallel world of the others that is those who lived with them side by side Exploring and demonstrating this development from various angles is one of the themes and objectives of this book Another is the analysis of the Shoah which ended the centuries of Jewish culture in Lithuania a world of its own had vanished within months This book therefore recalls that vanished world In doing so it sheds new light on what has been lost The papers presented in this collection were delivered at the international conferences in Nida 1997 and Telsiai 2001 Lithuania Participants came from Israel the USA Great Britain Poland Russia Belarus Germany and Lithuania Reception of Northrop Frye , 2021-09-23 The Reception of Northrup Frye takes a thorough accounting of the presence of Frye in existing works and argues against Frye s diminishing status as an important critical voice *Imagology Profiles* Laura Laurušaitė, 2018-07-27 This volume highlights the importance of imagology one of the most popular areas of research in contemporary comparative studies It proposes new means of academic analysis to create critical attitudes towards the development of imagological studies The topics discussed draw a wide trajectory from classical to marginal images from national heroes to un conventional aspects of gender from ethno imagology to the broader dimension of intercultural references and epistemological post poststructuralist changes The compendium widens the field of imagology by introducing concepts such as geo imagology and imagology of gender and by linking the imagological strategy with the power principle developed by post colonialism and with the fictional project of an imaginary utopian society The essays selected include case studies focusing on the works of individual authors as well as broader insights concentrating on regional national and transnational identities that experienced a change of imagery due to historical political and social shifts The book pays particular attention to the aspects of mobile imagery the emergence of peripheral identities related to gender class ethnicity or race and the detection and assessment of well established stereotypes The scope of the topics discussed and the variety of periods covered imply the universal nature and versatile applicability of literary imagology **The New York Times Book Review** , 1965 **Lithuania** Gordon Mclachlan, 2008-05-22 Now into its fifth edition Lithuania is an invaluable guide for planning a memorable vacation in this most hospitable of European countries Some of the many attractions featured are the atmospheric Hill of Crosses at Siauliai the charming seaside town of Palanga and the provincial town of Kaunas with its museums and botanical gardens For those seeking a tranquil retreat by the Baltic Sea the Curonian Spit National Park is well

covered with its town of Nida perched amongst a wilderness of dunes An overview of the country's chequered history is provided in addition to all the information necessary to create the perfect itinerary Historical Dictionary of Lithuania Saulius A. Suziedelis, 2011-02-07 The Lithuanian people have undergone historic changes quite different from those of other European nations In earlier centuries geography provided strategic advantage and opportunities for expansion but in recent times the country has more often experienced location as a geopolitical curse After constantly losing territory and shrinking in size the country disappeared in 1795 However after World War I a popular national movement led to the restoration of Lithuania as an independent state World War II and its bloody aftermath brought foreign occupation as well as genocide mass murder and destruction unparalleled in the country's modern history The restoration of independence in 1990 has fundamentally altered Lithuania's geopolitical reality Integration into the European Union and the North Atlantic Treaty Organization promise a new level of security for the Lithuanian state in the 21st century even as the social and economic transformations present both promising opportunities and difficult challenges The second edition of the Historical Dictionary of Lithuania will serve as a useful introduction to virtually all aspects of Lithuania's historical experience including the country's relations with its neighbors This is done through a chronology an introductory essay an extensive bibliography and over 300 cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets Columbia Dictionary of Modern European Literature Jean Albert Bédé, William Benbow Edgerton, 1980 With more than 1800 critical entries on the writers and literatures of 33 languages this work presents the entire range of modern European writing from the symbolist and modernist works rooted in the last decades of the nineteenth century through the avant garde and existentialist movement to Barthes Blanchot Breton and continental thought pertinent today
